Attendance Fact: Students with school refusal often benefit from a consistent morning routine that evokes feelings of predictability and control.

NEWS:

Last week, the Girls' Varsity Softball team honored Shea Mudge during Senior Night. The Boys' Varsity Baseball Senior Night took place on Wednesday. The National Honor Society Induction and the National Junior Society Induction was on Tuesday and Thursday, respectively. Congratulations to NHS inductees Nicholas Cinatti, Cristina Marsal, Max Leipham, Emma Schmidt, Greyson Ludwig, Elisha Smith and Shawn Lyons. Also on Thursday, Ms. Guerreiro hosted the second annual In-House Reptile field trip, for students in grades 7 and 9. Step right up, try your luck, and play a Probability game! Students in Statistics invented three different carnival games based on the rules of Probability. The games had names like "Double Dash," "Wacky Jacky," and "6 ate 7." Students had to design each game so that -- in the long run -- they were always advantageous for the carnival. So, is the best strategy to never play?

Next week, we are administering the NYS Math exam for grades 7-8.

May Book Fair: Friday 05/17/24 - Thur 05/23/24

Shop online: 5/20- 06/02: <https://bit.ly/GCSBF>
