New York State will use multiple measures of success to identify schools, beginning with 2017-2018 school year results

Student Academic Achievement

For **all schools**, based on the Composite Performance Index, which measures achievement on state assessments in English language arts (ELA), math and science. For **high schools**, also measures achievement on state assessments in social studies

Student Growth

For **elementary and middle schools**, measures student growth on statewide assessments in ELA and math for students in grades 4-8 by comparing the scores of students in the current year to the scores of students with similar scores in prior years

Academic Progress

For **all schools**, measures student progress on state assessments in ELA and math against long-term goals and measures of interim progress (MIPs).

Graduation Rates

For **high schools**, measures four-, five-, and six-year cohort graduation rates against long-term goals and MIPs

English Language Proficiency

For **all schools**, measures the progress of English Language Learners in meeting their individual progress targets on the New York State English as a Second Language Achievement Test (NYSESLAT)

Chronic Absenteeism

For **all schools**, measures the percentage of students who miss 10% or more of the school year against long-term goals and MIPs

College, Career and Civic Readiness

For **high schools**, measures the percentage of students who are leaving school prepared for college, career, and civic readiness as measured by diplomas, credentials, advanced course credits and enrollment, career and technical education certifications, and other similar indicators against long-term goals and MIPs

Note: NYS will add an indicator based on out-of-school suspension rates in 2018-2019 (to be used for school identification after 2020-2021) and will consider adding additional indicators in the future.

Subgroups

30

9

- There must be 30 RESULTS for subgroup for a school to receive an accountability rating on that indicator

Schools with 30 or more results for continuously enrolled students in a subgroup in the most recent school year for a measure

Will receive an annual accountability rating on the measure based on most recent school year data

Schools with <30 results for continuously enrolled students for a subgroup in the most recent school year for a measure

Will receive an annual accountability rating on the measure if two years of data reach the required n-size of 30 or more students.

Calculations: Performance Index

11

- Formula:

$$\frac{L2 + (L3 \times 2) + (L4 \times 2.5)}{\text{The Greater of (1) Continuously Enrolled Tested or
(2) 95% of continuously enrolled student with or without test scores
(HS – Cohort)}} \times 100$$

- Our lower participation levels will effect our calculation performance in this category.
- Subjects Included:
 - Elementary/Middle – ELA, Math and Science
 - High School – ELA, Math, Science & Social Studies
- Calculated school and subgroup level
- Advanced 7&8 graders taking a regents will be counted in the school they are enrolled.

3-8 State & District Results

2018 Statewide Performance in Math

The percentage of students at each performance level by grade level.

*ESSA eliminated unnecessary double testing and allowed accelerated math students to participate in high school math Regents Exams instead of the Grade 8 Math Test, which may lower the percentage proficient in Grade 8 as compared to other grades.
Note: Accelerated math course availability varies by district and school.*

Graduation

GRADUATION DATA

Graduation Rate

66

- Measuring 4,5 and 6 Year Rates
- States End Goal
 - 4-year – 95%
 - 5-year – 96%
 - 6-year – 97%
- Measures of Interim Progress
 - States MIP
 - School specific MIP
- Rates continued to be lagged by one year – 4yr grad rate for 2017-2018 is the 2013 cohort
- A rating of 1-4 is given depending on meeting goals following a grid.

POST - SECONDARY PLANS

College, Career and Civic Readiness Index

71

- Percentage of students in accountability cohort who show they are prepared for CCC engagement once they exit high school.
- Graduation only to June 30 NOT August
- Range 0-200
- # of students in subgroup who demonstrate CCRC x weighting for the method each student demonstrated CCCR

of student in the subgroup in the accountability cohort.

Attendance

ATTENDANCE 
MATTERS

DISTRICT STUDENT ATTENDANCE

Chronic Absenteeism Measure

75

- Percentage of students in grades 1-12 enrolled for 10 or more days, who were absent (excused or unexcused) for at least 10% or more of the days they were enrolled in a school.
- Suspensions, Medical Leaves Not included
- State Long-term goals, MIPS
- Students must be enrolled for a minimum of 10 days and attend at least 1 day
- Note: In this category the lower the percentage the better.

COMPUTER BASED TESTING

Computer-Based Testing

- Spring 2018 is the second time the state offered operational assessments on computers
- More than 145,000 students took the operational tests on computer at more than 10% of schools in New York State offering grades 3-8 tests
 - More than 100,000 students took the ELA tests on computer
 - More than 74,000 students took the math tests on computer
- Some students encountered technical difficulties on the ELA test. NYSED addressed them and held Questar accountable. Math CBT went more smoothly.
- The Department remains committed to transitioning to CBT to:
 - provide access to technology and improved instructional tools for all students, including students with disabilities who benefit from an equitable testing environment offered on computer;
 - Computer-based testing will allow NY to transition adaptive testing for special populations; and
 - help prepare students for the world we live in
