

Summer Reading 2023

Grade 5

Dear Fifth Grader,

Welcome to 5th grade! Summer is a great time to relax and read a few good books! I am looking forward to reading a few good books myself this summer!

Attached is the summer reading activity sheets. You are able to make choices when it comes to your summer activities and books. Attached are a few different reading activities, see if you can fill out each worksheet and return back the first day of school. I have included a list of books for you to choose from, but they are merely examples. If you have a book that you prefer to read, it is completely fine to use that one instead. If you have questions during the summer, you may email me at mephelan@germantowncsd.org.

Fifth Grade uses Remind App for communication throughout the year. Please click on the link below or follow the directions to join our remind group.

I look forward to seeing your great work! Have a fantastic summer, and see you in September!

Yours Truly,

Mrs. Phelan, Mr. Pudney and Mrs. Trachta
