Glendale Unified School District

ParentConnection Application

Q ParentConnection provides parents/guardians access to their child's student information over the Internet. Using a confidential Personal Identification Number (PIN) and Password, parents/guardians can connect to the school's database and view their child's
Progress Reports, Attendance, Class Schedule, and much more.

To receive a PIN and temporary Password for ParentConnection access you must submit this form in person to your student's school attendance office. The PIN and temporary Password will be given only to a person listed on the student's District file. You will be asked to verify your identity by showing either a Driver's License or picture Identification Card. A current email address is also required.
