PARENT CULTURE SURVEY

Dear Fremont Parents,

I wanted to share with you the results of the Parent Culture Survey that was administered this past winter. They are posted on the following three pages.

We had 91 parents participate this year. I am proud that we have very positive results about the care and safety the staff provides. There are also areas for growth and we will be looking into how we can improve. Thank you for your feedback if you participated.

Best,

Dr. Christin Molano

A SPRINKLE IN TIME: WATER WASTE APP CREATED BY CLARK STUDENTS

A group of Clark students in the Environmental GIS class have developed an app using Esi software that allows users at GUSD schools to document and report water waste. From a mobile device, it is possible to upload a photo of the issue along with a description and precise GPS location. This can also be done from a Chromebook or desktop computer. Water Waste can be any broken water source, including leaks, sprinkler over spray, etc.
