- Why? In chess, one finds truth, beauty, and logic. There is simple clarity, bewildering Complexity, and dazzling brilliance. All this and more!!

** Please note that our chess lessons run throughout the entirety of the school year

Strategic planning, intricate calculation, tactical surprise, careful maneuvering, and inevitable errors that leap into the board are all just part of this great game.

Did you know that chess has a longer and richer history than any other game, dating back about 1, 400 years ago in India Parents, did you know that chess develops logical thinking, math and reading skills and the ability to plan ahead? For more up to date research and thorough information on the great affects of chess on children, go to Child.com under their development article archives. Or, type in and search for the Brainy Affects of Chess.

Should you have any more questions, feel free to contact us at: aaachessclub@aol.com

Nshan Keshishian (323) 578-8424 Fax. (323) 466-8424

I wish to enroll in the chess classes.
