Senior High School

December 17, 2002

Department: Visual and Performing Arts

Course Title: Band, Jazz (replaces Stage Band)

Course Number:

Grade Levels: 9 - 12

Semester Hours: 10

Prerequisite: Audition and permission of instructor

Course Description: This is a one-year advanced class for the student who has had previous training in music. This class develops the Visual and Performing Arts Standards by expanding musical expression, jazz and entertainment music concepts, aesthetic judgements, connections in society, as well as providing a greater understanding of music from various jazz and classical periods, composers, and cultures. Concepts and skills are developed in the areas of music genres such as blues, swing, modern jazz, rock, be-bop, and pop music. Performance participation is a requirement of the class.

I. Standards

- A. Standard 1 - Artistic Perception: Students demonstrate musical skills, analyze music, process aural information and describe music using the terminology of music. Students read, notate, and respond to sensory information through the language and skills unique to music.

The students will:

1. Read a full jazz band score and describe how the elements of music are used.
2. Transcribe simple songs and melody into melodic and rhythmic notation when presented aurally (level of difficulty: 2; scale: 1-6) in jazz form.
3. Sight-read jazz music accurately and expressively (level of difficulty: 4; scale: 1-6).

4. Analyze and describe significant musical events perceived and remembered in a given aural example.
5. Analyze and describe the use of musical elements in a given jazz work that makes it unique, interesting, and expressive.

6. Compare and contrast the use of form, both past and present, in a varied repertoire of music from diverse jazz and pop genres, styles, and cultures.

- B. Standard 2 - Creative Expression: Students apply jazz skills in performing, creating, and participating in a varied repertoire of jazz and popular music.

The students will:

1. Perform on an instrument a repertoire of jazz and other musical literature representing various genres, styles, and cultures with expression, technical accuracy, tone quality, and articulation, by oneself and in ensembles (level of difficulty: 5; scale: 1-6).
2. Perform with one performer for each part (level of difficulty: 5; scale: 1-6).
3. Create extensive melodic and rhythmic improvisations in a style or genre within a musical culture (e.g. Cuban, Latin, Spanish, American) and chord structure.
4. Compose music for jazz in distinct styles and jazz periods (e.g., swing, bebop, ballads, bossa-nova, etc.).
5. Improvise original melodies over given chord progressions.

- C. Standard 3 - Historical and Cultural Context: Students analyze the role of music in past and present cultures throughout the world, noting cultural diversity as it relates to music, musicians, and composers.

The students will:

1. Analyze how the roles of jazz musicians and composers have changed or remained the same throughout the history of jazz and popular music.
2. Identify uses of music elements in non-traditional jazz (mixed meters, atonality, hard-bop, cool jazz, free-jazz).
3. Compare and contrast the social function of a variety of jazz music forms in various cultures and time periods.
4. Perform jazz music from a variety of cultures and jazz periods.
5. Compare and contrast jazz instruments from a variety of cultures and historical periods.

6. Compare and contrast jazz musical styles within various popular genres in North America and South America.
7. Analyze the stylistic features of a given musical work that define its aesthetic traditions and its historical or cultural context.
8. Compare and contrast musical genres or styles that show the influence of two or more cultural traditions.

D. Standard 4 - Aesthetic Valuing: Students critically assess and derive meaning from works of music and the performance of musicians in a cultural context according to the elements of music, aesthetic qualities, and human responses.

The student will:

1. Compare and contrast how a composer's intentions result in a work of music and how that music is used.
2. Analyze and explain how and why people in a particular culture use and respond to specific musical works from their own culture (blues, swing, be-bop, free jazz).
3. Compare and contrast the musical means used to create images or evoke feelings and emotions in works of music from various cultures.

E. Standard 5 - Connections, Relationships, and Applications: Students apply what they learn in music across subject areas. They develop competencies and creative skills in problem solving, communication, and management of time and resources that contribute to lifelong learning and career skills. They learn about careers in and related to music.

The students will:

1. Explain ways in which the principles and subject matter of jazz music and various disciplines outside the arts are interrelated.
2. Analyze the process for performing, arranging, underscoring, and composing jazz music for film and video productions.
3. Identify and explain the various factors involved in pursuing a music career as a performer, composer, producer, or many other music related professions.
