

Integrated Math III Bridge Syllabus

Mr. Saw

wsaw@gusd.net

Dear Student and Parent/Guardian:

The purpose of this course is to prepare students with the fundamentals up to Pre Calculus. Students who put in the work, interest, and are successful will eventually move onto AP Calculus. This course will be fast paced. But, I will try my best to make it manageable so that students spend very little time doing homework at home. Be prepared to learn and be open to new and different approaches to learning advanced level mathematics. Who knows? You might end up learning more than just math. I am looking forward to working with you.

General Policies:

- In general, no student should interfere with the education of other students.
- Students should have integrity and respect others (including teachers and staff).
- You are expected to pay attention, take notes, and actively participate.
- Be respectful of your time and do not abuse taking bathroom privileges.
- I am more than happy to offer extra help outside of class if arranged ahead of time. Please ask for help if you need it!

Grading Scale: Grades are based approximately on the following categories:

Classwork/Homework (15%)

Quizzes, Tests, and Final (85%)

Homework: Homework is graded on neatness and completeness. This is practice and I do not expect you to get them all correct. Full credit will be based on the on-time completion of all problems assigned, work to be done in pencil, a proper heading and proper corrections made in pen. **Late homework will be accepted with half credit (No later than the next class session).**

Attendance Policy:

- 1) Tardies will be marked if a student is not in the classroom by the bell.
- 2) All absences must be excused. If properly excused within 3 days, ...
 - students will have the number of days absent to make up any assignments.
 - students must make up any missed quizzes or tests on the first day back. Exceptions may be made for extended, excused absences.
 - Summer school absence policy only allows for 3 total absences. Students will be *dropped* from summer school on the 4th absence.
- 3) If a student knows of an upcoming absence, please discuss with me before the absence, not after.
- 4) If a student is absent only on a review day, they should expect to take any quizzes or tests on schedule.

Signing this implies that you have read over Mr. Saw's Integrated III Bridge course syllabus.
