### MEASURES OF ACADEMIC PROGRESS

**ACADEMIC PERFORMANCE INDEX (API):** This is California's way of rating schools. Using student test scores, the API places schools on a scale from 200 to 1000. Our school's API was 873, compared with 712 for the average high school. The state expects schools to attain an API of 800 eventually.

**ADEQUATE YEARLY PROGRESS (AYP):** This is a federal measure that requires schools to meet test score goals schoolwide and for all subgroups\* of students. We met all 18 criteria for yearly progress. As a result, we succeeded at making AYP. Note that the number of criteria may vary from school to school.
