School Accountability Report Card

Reported Using Data from the 2011–12 School Year

Published During 2012–13

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

Ed-Data Partnership Web Site

Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2011–12)

Cerritos Elementary School, through the cooperative efforts of students, parents, community and staff, is committed to educating students who will become academically successful, creative and socially responsible citizens.

Opportunities for Parental Involvement (School Year 2011–12)

Cerritos PRIDE is a volunteer group of parents who meet weekly in the parent community room to work on preparing classroom materials for teachers or to provide service for any other school need. They also volunteer in some classrooms, chaperone on field trips, and provide office help. We offer a parent workshop annually that focuses on parenting skills and ways parents can support their child's academic achievement. These have been highly successful for empowering our parents to become more involved in their child's education. Immediately following each monthly Flag Ceremony, there is an informal coffee with the principal. This is a time parents can ask questions and find out first hand what important things are taking place at the school. Parents also participate in and attend School Site Council meetings, which are held four times per year.

III. School Climate

School Safety Plan (School Year 2011–12)

Our School Safety Plan is reviewed and updated annually and continues to improve the overall quality and safety of the learning environment. The campus is completely secured during school hours. Posted signs inform visitors that they must enter the school office, sign in and secure a visitor's badge before entering our campus. Security cameras are operational and strategically placed throughout interior and exterior locations. Students are supervised before school and during school, and Traffic Rangers are available for the after school pick-up area. We continued to work on reducing bullying as a goal in our Safety Plan using lessons from the anti-violence program, Second Steps and The Power of One. Another goal is to ensure the safety of all students, parents, and staff during peak drop-off and pick-up times. Our emergency plans for fire, earthquake, and lock-down are solidly in place. We hold a mock earthquake drill annually, which involves parents and community members and provides scenarios to simulate a real earthquake.

Suspensions and Expulsions

Suspensions	14	7	7	24	6	6
Expulsions	0	0	0	0	0	0

* The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment.

IV. School Facilities

School Facility Conditions and Planned Improvements (School Year 2012–13)

The total reconstruction of Cerritos School was completed in 2004. All buildings, including classrooms, administration offices, auditorium, library, cafeteria, and playground, are completely new and in excellent condition. Restrooms are well maintained and kept clean through the use of hand dryers and ceramic tile walls. Students, staff members, and the custodial support team show pride in the school. Monthly awards are presented to the cleanest classrooms. We have installed a new school marquee in front of the school, which is completely computerized to display important messages to our families. New outside lighting has been installed in front of the school and on the school playground to provide well-lit areas for safety.

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE *Improving Teacher and Principal Quality* Web page at: <http://www.cde.ca.gov/nclb/sr/tq/>

For detailed information on school expenditures for all districts in California, see the *CDE Current Expense of Education & Per-pupil Spending* Web page at <http://www.cde.ca.gov/ds/fd/ec/>. For information on teacher salaries for all districts in California, see the *CDE Certificated Salaries & Benefits* Web page at <http://www.cde.ca.gov/ds/fd/cs/>. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: <http://www.ed-data.org>.

Types of Services Funded (Fiscal Year 2011–12)

A combination of state and federal funding is used to cover all aspects of our instructional program. All Glendale Unified schools benefit from the support of the Glendale Educational Foundation, which offers enhanced programs in visual and performing arts, science and technology, and health and fitness.

We have realigned our state and federal funds to support our instructional focus of reading comprehension and writing strategies. These funds are used to hire a teacher specialist, library assistant, and two education assistants, who serve students in a variety of ways. We also use these funds to support professional development in areas of our best practices, those that are research-based and have a positive impact on student achievement. State and federal funds also provide substitutes to cover teachers during grade level release time for analyzing student work and responding to data to drive instruction. In addition, after school intervention classes are offered to serve students requiring extended learning time. Supplemental materials and books are purchased with these same funds as we carefully select instructional products to support teaching and learning in our focus areas.

IX. Student Performance

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

California Physical Fitness Test Results (School Year 2011–12)

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE *PFT* Web page at <http://www.cde.ca.gov/ta/tg/pf/>.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE *API Web page* at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2009	2010	2011
Statewide	4	5	6
Similar Schools	8	8	9

Academic Performance Index Growth by Student Group – Three-Year Comparison

Group	Actual API Change 2009–10	Actual API Change 2010–11	Actual API Change 2011–12
All Students at the School	24	23	34

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

For detailed information about AYP, including participation rates and percent proficient results by student group, see the CDE *AYP Web page* at <http://www.cde.ca.gov/ta/ac/ay/>.

Federal Intervention Program (School Year 2012–13)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE *PI Status Determinations Web* page: <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.
