## School Accountability Report Card

### Reported Using Data from the 2011–12 School Year

*Published During 2012–13*

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

## I. Data and Access

### Ed-Data Partnership Web Site

Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## School Description and Mission Statement (School Year 2011–12)

Glenoaks Elementary, a multicultural neighborhood school in partnership with families and community members, stimulates all students to be life-long learners, respectful of themselves and others, through maintaining a strong academic and creative environment while providing opportunities for students to demonstrate cooperative and discovery learning.

## Opportunities for Parental Involvement (School Year 2011–12)

We encourage parent involvement in all areas of the school program. Parents volunteer in the classroom, library, and computer lab. Parents often assist the teacher in the planning of extra and co-curricular activities such as field trips. Each classroom has at least one room captain who is the liaison between the classroom parents and the teacher planning the student activities.

The PTA and Glenoaks Elementary School Foundation (GESF) are active in fund-raising activities to support the school. Our PTA supports our students' instructional programs in a variety of ways. Field trips, assemblies, library, and classroom supplies are just a few examples.

Students and parents have started to "GO Green" with the support and guidance of our parents. On-going efforts evident around campus include monthly Green Team meetings, and opportunities for students to recycle.

### III. School Climate

#### School Safety Plan (School Year 2011–12)

Safety is a top priority on our campus. We look to the physical well-being of our students, as well as their emotional and social well-being. We support a licensed Children At-Risk Educationally (CARE) counselor through our supplemental budgets one day per week. Our counselor works with the emotional needs of individual students and small groups of children within the educational setting.

Glenoaks is a closed campus. The campus is completely fenced and gates are locked each morning after the arrival of the students. The main office is the only entrance to the campus. All visitors must sign in and take a visitor's badge before gaining admission to the campus during the school day. School staff supervises students from the time of their arrival until their departure. Teachers supervise during morning recess, while noon duty assistants supervise the students during lunch time and after school. Students are not allowed on campus until 7:45 a.m., and unless they are engaged in an afterschool activity or program, they must be picked up 15 minutes after dismissal.

Our School Safety Plan is revised every year. Staff and parents participate in this process. Our students practice scheduled monthly drills (fire, earthquake, lock down). Students understand expectations for behavior as they go through the appropriate practice steps.

Students are encouraged to inform staff of major issues that occur on the playground. This information is dealt with immediately by the staff.

#### Suspensions and Expulsions

Rate*	School 2009–10	School 2010–11	School 2011–12	District 2009–10	District 2010–11	District 2011–12
Suspensions	9	3	1	24	6	6
Expulsions	0	0	0	0	0	0

\* The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment.

## IV. School Facilities

### School Facility Conditions and Planned Improvements (School Year 2012–13)

The facility underwent modernization in the period of 2004-2006. The main building housing the administrative offices, several classrooms, the computer lab, and staff work areas, was constructed in 1930. The annex building, which houses four classrooms, was completed during the 1940's. The auditorium and cafeteria areas were finished in the 1950's and the two-story building, containing 10 classrooms, was completed in the 1960's. Since 1980-, we have added twelve additional bungalows to our campus.

There are four major playground areas on the campus. The "Tan Mat" area has two play structures that were finished in 2006. The Middle Terrace, which is primarily used by students in grades one through four, was resurfaced in the summer of 2007. Concurrently, the Glenoaks Elementary School Foundation funded the expansion of the grassy area on the Middle Terrace.

The Upper Terrace is used primarily by students in grades five and six and our kindergarten students utilize the play structure in front of the kindergarten classrooms.

A few years ago, the Glenoaks Elementary School Foundation sponsored our eco-friendly project of planting a number of trees on campus to increase the amount of shade on the playgrounds. These trees are assigned a caregiver to watch over their development throughout the school year and during summer months. Glenoaks volunteers work closely with the Tree People to ensure the best care in maintaining an eco-friendly environment for our students.

### Types of Services Funded (Fiscal Year 2011–12)

A combination of state and federal funding is used to cover all aspects of our instructional program. Strong PTA and Foundation support is evident in many of our schools' supplemental activities. All Glendale Unified schools benefit from the support of the Glendale Educational Foundation, which offers enhanced programs in visual and performing arts, science and technology, and health and fitness.

## IX. Student Performance

### Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

## X. Accountability

### Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE *API Web page* at <http://www.cde.ca.gov/ta/ac/ap/>.

### Academic Performance Index Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2009	2010	2011
Statewide	8	8	8
Similar Schools	4	5	5

### Academic Performance Index Growth by Student Group – Three-Year Comparison

Group	Actual API Change 2009–10	Actual API Change 2010–11	Actual API Change 2011–12
All Students at the School	12	11	-10

Students with Disabilities			

Note: "N/D" means that no data were available to the CDE or LEA to report. "B" means the school did not have a valid API Base and there is no Growth or target information. "C" means the school had significant demographic changes and there is no Growth or target information.

### Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

For detailed information about AYP, including participation rates and percent proficient results by student group, see the CDE *AYP Web page* at <http://www.cde.ca.gov/ta/ac/ay/>.

### Adequate Yearly Progress Overall and by Criteria (School Year 2011–12)

### Federal Intervention Program (School Year 2012–13)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE *PI Status Determinations Web* page: <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.

Indicator	School	District
Program Improvement Status		In PI
First Year of Program Improvement		2011-2012
Year in Program Improvement		Year 2
Number of Schools Currently in Program Improvement		12
Percent of Schools Currently in Program Improvement		37.5%

## XI. Instructional Planning and Scheduling

### Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

3 school days are dedicated for staff development.
