## School Accountability Report Card

### Reported Using Data from the 2011–12 School Year

*Published During 2012–13*

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

## I. Data and Access

### Ed-Data Partnership Web Site

Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### III. School Climate

#### School Safety Plan (School Year 2011–12)

Safety of all staff and student is top priority. The school is secured during the school day with all visitors entering through the front door which is monitored by office staff. With the completion of the Measure K Modernization in 2008 the school is equipped with security cameras throughout the campus. All visitors to the school are required to sign in at the front office and obtain a pass to enter the school. Administrators, noon duty supervisors, campus supervisors and teachers supervise students at breaks, lunch, and before and after school.

The School Site Safety Plan is evaluated and revised annually by members of the Site Safety Committee; all revisions are shared immediately with staff members. Key elements of the plan include; Child abuse reporting procedures, teacher notification of dangerous pupils' procedures, disaster response procedures, procedures of safe ingress and egress from school, sexual harassment policy, and dress code policy. In addition, we use the Second Step Violence Prevention Program at all grade levels to reduce the frequency of harassment and bullying. The School is always in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Fire and earthquake drills are conducted on a regular basis throughout the school year.

During faculty meetings and at our School Site Council (SSC) meetings, we review the Safety Plan and provide suggestions to ensure that the safety of our students is our priority. The school grounds undergo a monthly safety inspection of all equipment and playground areas, performed by our custodian and principal. We have a Facility Regional Maintenance Supervisor who assists on safety walks as well. Our goal is to provide before and after school safety in the drop-off lane to ensure a safe entrance and exit from cars. We participate regularly in disaster preparedness training, evacuation procedures, and lockdown procedures in case of unsafe happenings in the neighborhood. All staff members are assigned a specific job in campus incident command. We are prepared with food and water in the event of a natural disaster, or an occurrence where we would have to be on campus for several days.

### Types of Services Funded (Fiscal Year 2011–12)

A combination of state and federal funding is used to cover all aspects of our instructional program. Strong PTA support is evident in many of our schools' supplemental activities. All Glendale Unified schools benefit from the support of the Glendale Educational Foundation, which offers enhanced programs in visual and performing arts, science and technology, and health and fitness.

Our GATE program is offered to fourth and fifth graders. Students who meet the qualification criteria for the GATE program receive classroom instruction that is differentiated to meet their unique needs. Classes in various curricular areas are offered after school hours for our GATE students and qualified instructors teach the classes.

## IX. Student Performance

### Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

## X. Accountability

### Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE *API Web page* at <http://www.cde.ca.gov/ta/ac/ap/>.

### Academic Performance Index Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2009	2010	2011
Statewide	7	8	8
Similar Schools	10	10	10

### Academic Performance Index Growth by Student Group – Three-Year Comparison

Group	Actual API Change 2009–10	Actual API Change 2010–11	Actual API Change 2011–12
All Students at the School	21	6	-5
Black or African American			
American Indian or Alaska Native

Socioeconomically Disadvantaged	22	5	5
English Learners	34	10	-9
Students with Disabilities			

Note: "N/D" means that no data were available to the CDE or LEA to report. "B" means the school did not have a valid API Base and there is no Growth or target information. "C" means the school had significant demographic changes and there is no Growth or target information.

### Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

For detailed information about AYP, including participation rates and percent proficient results by student group, see the CDE *AYP Web page* at <http://www.cde.ca.gov/ta/ac/ay/>.

### Federal Intervention Program (School Year 2012–13)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE *PI Status Determinations Web* page: <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.
