School Accountability Report Card

Reported Using Data from the 2011–12 School Year

Published During 2012–13

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

Ed-Data Partnership Web Site

Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2011–12)

Wilson Middle School is committed to providing a safe, supportive environment and a comprehensive program, which guarantees intellectual, creative, physical and socially developmental experiences for all students to become academically excellent, responsible, self-confident, and appreciative of human diversity.

Opportunities for Parental Involvement (School Year 2011–12)

Wilson has an active Parent Teacher Student Association. This group does many things to help make our school a success, such as raising money and chaperoning field trip[s] and dances. Parents currently volunteer as sports coaches and with theater, art, and music production.

Teachers hold conferences with parent throughout the school year. Back to School Night and Spring Open House provide parents with an opportunity to tour the school and classrooms with their children, meet teachers and staff, and find out what our students are learning. Parents may sign up for our weekly E-Bulletins through our website at www.wilsonknights.org. We strongly encourage parents to attend both of these events as well as to volunteer at our school or donate funds to support our programs.

We mail progress reports home to parents every five weeks during the school year. Parents may request translations of documents, newsletters, and meetings in any language at any time. We now offer Parent and Student Connection which is a website that provides current student information.

III. School Climate

School Safety Plan (School Year 2011–12)

Our safety plan, which we update once a year, covers the safety procedures we follow in emergency situations, for earthquakes, fires, and intruders. We distribute the safety plan to teachers, police officers, and parents on the School Site council. We supply copies to other parents upon request. Communicating with parents during emergencies is of utmost importance. To contact parents during a crisis, our school uses an automated phone systems and an email tree.

Before school, teachers, administrators, instructional assistants, counselors, crossing guard, classified staff are on hand to monitor grounds and surrounding areas for safety. During snack, teachers, a campus safety guard, administrators, and counselors supervise the playground. After school, teachers, parents, crossing guard, administrators, counselors, and a security guard continue to monitor the campus until all students have left for the day. Student safety is closely monitored during morning drop-off and afterschool pickup times. We provide traffic zone and car pool lanes to make the process easier and safer.

Wilson Middle School operates a closed campus. This means visitors must sign in on entering and students are not permitted to leave during the school day without permission.

We take discipline seriously at Wilson and follow District and Board policy when students break school rules. We provide students and their parents with a copy of our school rules.

Suspensions and Expulsions

Suspensions	29	7	4	24	6	6
Expulsions	0	0	0	0	0	0

* The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment.

IV. School Facilities

School Facility Conditions and Planned Improvements (School Year 2012–13)

The main buildings on our campus were built in 1954. The most recent renovations to our school occurred in 2006, when upgrades were made to some classrooms, heating, air-conditioning, electrical systems, lighting, and technology.

Our custodians provide excellent maintenance and cleaning of our buildings and grounds. Our school features a library, a cafeteria, handicapped facilities, a gymnasium, an art, drama, consumer education, and music classrooms, an auditorium, and two computer labs. We have no portable or modular buildings on our campus.

Our wi-fi capacity will be updated during the 2012-13 school year.

For more information, see the CDE *Improving Teacher and Principal Quality* Web page at: <http://www.cde.ca.gov/nclb/sr/tq/>

Money that is designated for specific purposes by the district or governing board is not considered restricted. **Basic/unrestricted** expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.

For detailed information on school expenditures for all districts in California, see the *CDE Current Expense of Education & Per-pupil Spending* Web page at <http://www.cde.ca.gov/ds/fd/ec/>. For information on teacher salaries for all districts in California, see the *CDE Certificated Salaries & Benefits* Web page at <http://www.cde.ca.gov/ds/fd/cs/>. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: <http://www.ed-data.org>.

Types of Services Funded (Fiscal Year 2011–12)

A combination of state and federal funding is used to cover all aspects of our instructional program. We use this funding to provide students with an after school homework and computer lab where they can get assistance with homework and complete assignments. There are also several clubs that meet during lunch or after school for students to get more involved in activities outside the regular school day. Strong PTSA is evident in many of our schools' supplemental activities. All Glendale Unified schools benefit from the support of the Glendale Educational Foundation, which offers enhanced programs in visual and performing arts, science and technology, and health and fitness.

IX. Student Performance

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

California Physical Fitness Test Results (School Year 2011–12)

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE *PFT* Web page at <http://www.cde.ca.gov/ta/tg/pf/>.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE *API Web page* at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2009	2010	2011
Statewide	9	8	9
Similar Schools	10	10	10

Academic Performance Index Growth by Student Group – Three-Year Comparison

Group	Actual API Change 2009–10	Actual API Change 2010–11	Actual API Change 2011–12
All Students at the School	10	19	7

English Learners	-46	7	10
Students with Disabilities		56	

Note: "N/D" means that no data were available to the CDE or LEA to report. "B" means the school did not have a valid API Base and there is no Growth or target information. "C" means the school had significant demographic changes and there is no Growth or target information.

Academic Performance Index Growth by Student Group – 2012 Growth API Comparison

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

For detailed information about AYP, including participation rates and percent proficient results by student group, see the CDE *AYP Web page* at <http://www.cde.ca.gov/ta/ac/ay/>.

Federal Intervention Program (School Year 2012–13)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE *PI Status Determinations Web* page: <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.
