## California Department of Education School Accountability Report Card

## Reported Using Data from the 2014-15 School Year

Published During 2015-16

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <a href="http://www.cde.ca.gov/fg/aa/lc/">http://www.cde.ca.gov/fg/aa/lc/</a>.
- For additional information about the school, parents/guardians, and community members should contact the school principal or the district office.

### **DataQuest**

DataQuest is an online data tool located on the <u>CDE DataQuest Web page</u> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

## **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Facility Conditions and Planned Improvements - Most Recent Year

Crescenta Valley High School, originally constructed in 1946, is currently situated on 18 acres and comprised of 110 classrooms, a library, three computer labs, two gymnasiums, an auditorium, a cafeteria, a pool, basketball, handball, and tennis courts, field facilities, and administrative offices. A \$45 million renovation and renewal project, funded through Measure K, was completed in 2001. Students and staff now benefit from two new classroom building, a library-career-media center, an additional gymnasium, as well as extensive upgrades to all existing classrooms and landscaping.

Crescenta Valley High School provides a safe and clean environment for students, staff, and volunteers. The district governing board has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with emphasis on keeping the campus clean and litter-free. The principal works daily with the custodial staff to develop sanitation schedules that ensure a clean, safe, and functional learning environment.

For the 2011-2012 school year, Glendale Unified School District passed a bond measure to bring in technology upgrades, solar panels for energy efficiency and science lab upgrades.

## School Safety Plan - Most Recent Year

Safety of students and staff is of utmost concern at Crescenta Valley High School. Administrators, teachers, security personnel, and a School Resource Officer from Los Angeles County Sheriff's Department ensure student safety by monitoring students at snack, lunch, and before and after school on campus as well as at various school-sponsored functions. While the school welcomes visits by parents, community members, and former students, anyone wishing to be on the campus during school hours must report to the main office, get approved by an administrator, and display a visitor's pass while on the campus.

The Safe School/Safety Plan is updated and revised every spring by the school's Safety Committee. The current plan was revised in 2014. Once revised, the Safe School Plan is presented to the School Site Council for approval and shared with staff, students, and community members. Key elements of the plan include disaster preparedness procedures, violence prevention programs, procedures for safe ingress and egress from school, drug prevention programs, health education programs, anger management programs, and attendance monitoring procedures.

Students and staff participate in monthly drills in preparation for real emergencies. These drills include fire drills, Duck, Cover and Hold (DCH), and disaster evacuation drills. Evacuation routes/maps for fire and disaster drills are reviewed and shared with students in each classroom and are posted in a prominent place in the classroom. Once a year, the school conducts a full disaster drill that simulates search and rescue of injured/trapped students and staff, first aid, crisis counseling, and releasing students to parents.

## Types of Services Funded (Fiscal Year 2014-15)

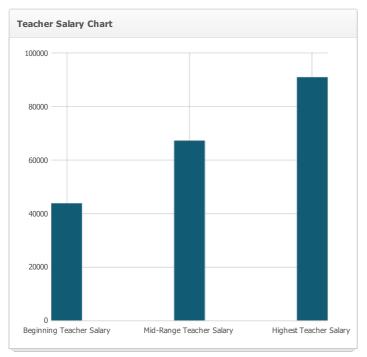

A combination of state and federal funding is used to cover all aspects of our instructional program. Strong Parent, Teacher, Student Association (PTSA) and booster club support is evident in many of our schools' supplemental activities. All Glendale Unified schools benefit from the support of the Glendale Educational Foundation, which offers enhanced programs in visual and performing arts, science and technology, and health and fitness.

## **Professional Development – Most Recent Three Years**

The District-wide staff development has been focused on the implementation of the Common Core State Standards, adopted by the California Department of Education in 2010. In the past three years over 100 professional development opportunities have been available to teachers, and/or administrators to support the Common Core State Standard implementation.

Professional development has been delivered in various formats that include; Elementary grade-level trainings, Secondary content specific trainings, Staff and/or faculty meetings, Community/parent information meetings, Principal meetings, New Teacher Trainings, Teachers' Summer Academy workshops and Principal Summer Institutes.

Teacher Leaders were recruited to lead professional development efforts supporting the implementation of the new standards. Teachers have been supported through Grade-level and content-specific trainings by site based Teacher Leaders, Staff and/or faculty meetings, District-wide collaboration training days by grade-level or content area and Teachers' Summer Academy Workshops.
