California Department of Education School Accountability Report Card

Reported Using Data from the 2015-16 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians, and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the <u>CDE DataQuest Web page</u> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-17)

Verdugo Academy provides a dynamic independent study program for families looking for an alternative educational setting. The K-8 program at Verdugo Academy has been designed to meet the needs of families who choose to instruct their children at home. Families that choose Verdugo Academy are looking for a program that includes frequent contact with a highly qualified teacher and that follows a rigorous standards-aligned curriculum. The independent study program is a true collaboration between the families and their supervising teacher. The teacher performs the dual function of coaching the parent through the process of delivering instruction at home, in addition to providing direct instruction to the student during meetings at school. A number of student attending Verdugo Academy have outside activities that interfere with attendance at the regular schools. Every year there are many actors, musicians, dancers, and athletes attending the program. Student who need an alternative learning environment due to health conditions or emotional issues also call Verdugo Academy home.

In the high school program, students meet weekly with their teacher, with the option of meeting more frequently if needed, but complete most of their work independently at home. Students receive credit for all high school graduation requirements of the Glendale Unified School District. Verdugo Academy students, like their comprehensive high school peers, must earn 220 credits in the appropriate courses to earn a high school diploma. All courses are entirely aligned to state and national standards of educational excellence, and are equally in quality and scope to curriculum provided for students enrolled in traditional classroom settings.

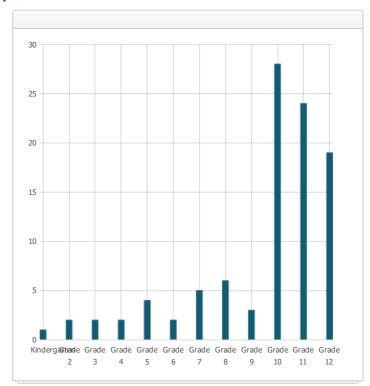

Students who are involved in sports or fitness acitivities of any kind can meet the Physical Education component by completing PE logs that are signed by a parent, student, coach or trainer. PE testing is conducted by a certificated physical education teacher in accord with the state PE testing requirements for graduation.

Students wishing to complete coursework outside of Verdugo Academy to broaden their choice of curricular options can avail themselves to online, ROP, community college, and adult education classes, as well as private lessons and work experience.

The mission of Verdugo Academy is to prepare students for success and lifelong learning with a rigorous, quality education through personalized instruction and collaboration with parents in an alternative setting. All student are encouraged to set ambitious personal goals and to achieve their highest aspirations to acommplish this mission.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Core Academic Classes Taught by Highly Qualified Teachers (School Year 2015-16)

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

• Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

Opportunities for Parental Involvement (School Year 2016-17)

Parents are deeply involved in their student's education at Verdugo Academy due to the nature of the program. Parents in the home schooling program work closely with the teacher to plan and implement instruction at home. It is a highly collaborative process. Parents in the independent study program have weekly contact with the teacher during scheduled meetings. In addition, parents participate in the school garden program and in fundraising programs for the school.

Professional Development

The District-wide staff development has been focused on the implementation of the Common Core State Standards, adopted by the California Department of Education in 2010. In the past three years over 100 professional development opportunities have been available to teachers, and/or administrators to support the Common Core State Standard implementation.

Professional development has been delivered in various formats that include; Elementary grade-level trainings, Secondary content specific trainings, Staff and/or faculty meetings, Community/parent information meetings, Principal meetings, New Teacher Trainings, Teachers' Summer Academy workshops and Principal Summer Institutes.

Teacher Leaders were recruited to lead professional development efforts supporting the implementation of the new standards. Teachers have been supported through Grade-level and content-specific trainings by site based Teacher Leaders, Staff and/or faculty meetings, District-wide collaboration training days by grade-level or content area and Teachers' Summer Academy Workshops.
