

RED LIGHT

Activities and Events Prohibited

The District has adopted certain policies regarding permissible ASB and School Site activities or events, in order to minimize the risk of exposure. It is the policy of the District to prohibit activities because they are dangerous and jeopardize the safety of our children. Such activities also jeopardize the insurance coverage for the District.

The following activities and events are prohibited. Under no circumstances should any ASB Organization, School Site or District representative sign a Hold Harmless Agreement for a vendor/concessionaire/service provider, or agree to any activity that the ASB or School Site will be held responsible for.

THESE ACTIVITIES ARE NOT ALLOWED, EVEN IF
VENDOR HAS THEIR OWN INSURANCE.
