Community Schools

Community schools are public schools that work closely with teachers, students, and families and partner with community agencies to combine resources and provide well-rounded educational opportunities and resources for students' school success.

Where/How do you
imagine your student
at the age of 30?

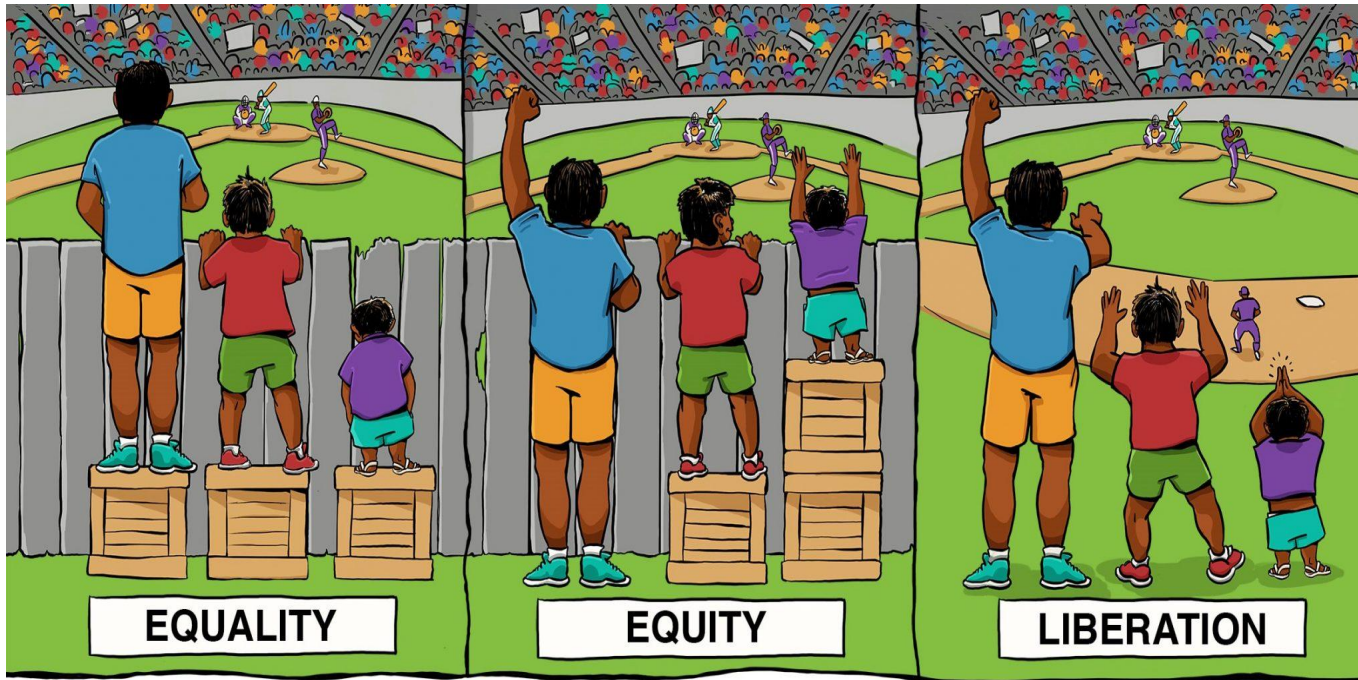

Skills Needed

What do our Wildcats need to be successful 21st Century Citizens?

Barriers

the4thbox.com

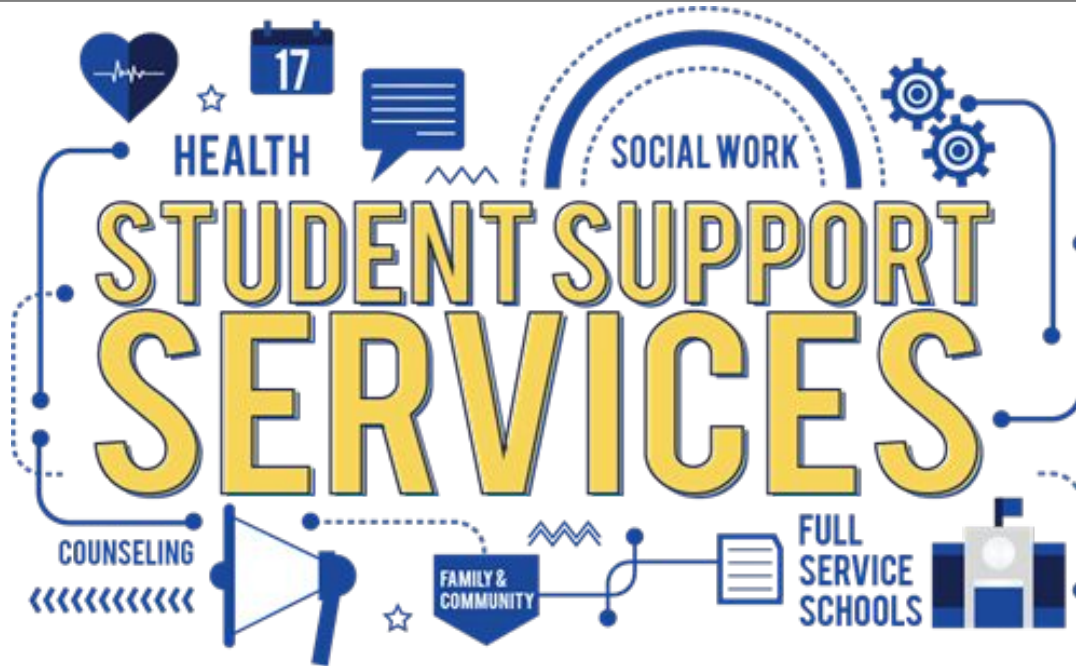

Interaction Institute
for Social Change

What happens outside schools impacts the classroom! Community Schools are educational agencies that reduce educational barriers!

Services

Employing a comprehensive set of networks of services at the site mitigates barriers and improves student outcomes, including:

- Academic and enrichment opportunities
- Physical and mental health
- Social Services
- Leadership and engagement development
