What is the ELPAC?

The ELPAC measures the English language proficiency skills that students need to succeed in school. Students who are English learners take the Summative ELPAC each spring until reclassified. Your child's ELPAC results are only one measure of your child's knowledge and skills in English. Other measures may include classroom tests, homework, and grades.

Visit the Starting Smarter website at <https://elpac.startingsmarter.org/> to

- understand your child's score report,
- review sample test questions, and
- find free resources to support your child's learning.

Family Engagement Upcoming Learning Opportunities

Anita Arjoyan

Family engagement is an essential strategy for supporting the success of all students. Every district has unique strengths and challenges, among educators as well as among families. Using an equity lens in the continuous improvement process will help to engage families of underrepresented and underserved students. With families and educators *working and learning together*, we can make a difference for all students.
