Next Steps

- Enrollment of new students is ongoing. This includes students who have moved into the GUSD attendance boundaries and students whose parents have requested interdistrict permits and can get releases from their districts of residence.
- Student Support Services staff is working on reviewing the data for students who left GUSD for other California public or private schools. Location of the school and the reason they left will be reviewed.
- Student Support Services will also look at trends regarding 2020-2021 and 2021-2022 enrollment numbers once concerns regarding COVID are lifted.
- A year-to-year comparison will also be presented to the Board after the CALPADS Census Date of October 1, 2020. This Census Date is taken on the first Wednesday each October.
