

Middle School - Expanded Learning

March 9, 2021

Superintendent's Update

Presented by: Scott Anderle, Kyle Bruich,
Jennifer DeLadurantey, and Narek Kassabian

Excelling Together with Endless Pathways for Success!

Purpose/Objectives

- The middle schools will offer expanded learning opportunities for students in both the spring and summer.
- Our goal is to help foster strong social-personal relationships by offering on campus enrichment opportunities as well as offer academic support to students.

Photos taken pre-pandemic

Spring Expanded Learning

- Students will have an opportunity to participate in after school or possibly Saturday enrichment activities on all middle school campuses.
 - Safety Protocol Training starting April 1st
 - Programming starting April 5th through the end of the school year

Proposed Expanded Learning Opportunities Spring

Teachers have proposed the following expanding learning opportunities:

- STEM/STEAM opportunities
- Visual and Performing Arts
- Career Technical Education
- Academic Success
- Language & Leadership
- Athletic Conditioning

Photos taken pre-pandemic

Summer Expanded Learning Plans

- Students will have an opportunity to participate in both remedial and enrichment courses on all middle school campuses.
- Summer sessions begin on June 14th and will run for five weeks

Proposed Expanded Learning Opportunities Summer

Teachers have proposed the following expanding learning opportunities:

- STEM/STEAM opportunities
- Visual and Performing Arts
- Career Technical Education
- Academic Success
- Language & Leadership
- Athletic Conditioning

Safety Protocols

- When possible, teachers will be able to use outdoor locations to instruct students.
- All classrooms will have a stand alone HEPA air filtration device as well as MERV 13 filters in all HVAC units.
- Students and staff will follow all COVID protocols.
- Temperature Checks and Hand Washing will be required

Communication Plan

- Principals will message families in the Sunday Newsletter/Call
- Families will be asked to complete a survey to express interest in activities.
- Students will be signed up in an equitable manner
- Teachers will create a Google Classroom and invite students to join the classroom/activity to provide details

Photos taken pre-pandemic

Next Steps

- Once families commit to activities, school sites will determine days of week/times
- Once confirmed, families will be notified of the health/safety protocols and timing on April 1st
- Expanded learning activities will begin on April 5th
