

Name _____

Word Count: 96

Go and see a baseball game. It is played with a bat 12
and a ball. There are nine players on a team. There are 24
two teams. 26

One team throws the ball. A player from the other team 37
tries to hit the ball. If the player hits the ball, he runs. 50
He tries to run to home base. His team gets one run if he 64
makes it. 66

The other team tries to tag him. If the runner is tagged, 78
he is out. The team with the most runs wins. Baseball can 90
be a fun game to play! 96
