Glen Rose Middle School Literacy Support Plan 2021-2022

The literacy PLC will develop and implement a curriculum map that is aligned to the Science of Reading and is based on the 2021 ACT Aspire Summative data.						
Key Components and/or strategies	Administrative Responsibility	Teacher Responsibility	Timeline	Assessment	Evidence	
All teachers will complete yearly professional development requirements on the Science of Reading.	Provide PD schedule on RISE training	Attend and/or complete all required PD on the Science of Reading	7 th and 8 th grade teachers: 2021-2022 six hours and/or complete the online RISE training due by 2023; Fifth and Sixth grade teachers will attend three days of RISE PD during each school year until completed	Complete all assessments/projects required for RISE PD	PD certificates of Science of Reading completion	
Literacy teachers will collaborate each summer to develop and edit curriculum maps based on	Provide support, locations, and opportunities for	Locate and have all necessary materials for collaboration. Attend	On-going each year	Literacy curriculum maps based on state standards and the Science of Reading and NWEA MAP assessments	Literacy Curriculum Maps for grades 5-8

Struggling readers will be screened for reading difficulties (Act 1268 dyslexia requirements). Students will receive literacy support through a variety of programs onsite and virtually in a blended learning environment. **Key Components and/or Teacher Responsibility** Timeline Administrative Assessment **Evidence**

strategies	Responsibility				
All teachers (including content areas) will follow district guidelines and procedures for referring struggling readers for screening. Teachers and screeners will watch for: Phonological and phonemic awareness Sound symbol recognition Alphabet knowledge Decoding skills Rapid naming Encoding skills Students will be recommended for the Dyslexia program as needed based on data from screenings.	Inform teachers and staff of screening guidelines and procedures; Assist teachers with questions of problems dealing with screening.	Gather required data and evidence on the students being screened; Meet with district personnel for screening information; Complete screening forms and provide required data documentation; Assist with scheduling Dyslexia program students if needed; Teachers are Arkansas Specific Trained for Sonday System	On-going as needed per student	Screenings for reading difficulties will be completed in a timely manner; Results will be discussed with teachers and administration	Screening results; Reading assistance recommendations for students; Staff and parent communication
Struggling readers in grades 5-8 will be screened and recommended for weekly literacy support through the Read 180 program or	Secure funds for hiring a teacher and aides to support literacy programs;	Collaborate with Read 180 program teacher to examine data on students and determine which	Ongoing	Read 180 assessments; Classroom assessments; STAR reading; Interim assessments;	Increased student scores on assessments

individual reading assistance. A literacy aide will be provided to read with students and provide individualized support to struggling readers.	Secure funds for renewing the Read 180 program	students need support; Collaborate with Read 180 teacher for scheduling of students to receive reading support; Assist in training students to follow the Read 180 schedule each day/week; Examine assessments to determine if programs are supporting student reading skills		Summative state assessments	
In a blended learning environment, the dyslexia coordinator will contact parents of students who need services to determine how services will be provided. Literacy support will be provided online virtually with individual students and the dyslexia coordinator.	Provide necessary equipment and professional development to support online literacy instruction	Contact individual students and parents to schedule virtual sessions; Determine what digital support families may require;	Ongoing as needed during the blended learning school year;	Surveys; Emails; Virtual session logs;	Students and families attending virtual literacy support sessions; online assessments

The literacy classes are scheduled for adequate time for literacy instruction which includes grade-level texts, fosters curiosity and supports learning through collaborative communication.

Key Components and/or	Administrative	Teacher Responsibility	Timeline	Assessment	Evidence

schedules and procedures for the RTI program.	schedules and procedures;	Make sure he/she understands schedules and procedures;			learning and remediation; IXL reports
Remediation will be steered by IXL diagnostic assessments and then NWEA MAP Assessments. Tier II intervention will reteach current skills being taught and assessed in class. Tier III intervention will support students struggling with skills taught in earlier grades. RTI classes will be held five days a week for a total of 130 minutes per week. All students will participate in the RTI program to remediate any skill deficits, support and reinforce skills that will be taught this year, and to enrich students who have mastered required skills. A variety of programs such as IXL, No Red Ink, Accelerated Reader, Mindplay, ReadWorks, CommonLitetc. will be used to support learning for all ability levels of students.	Monitor and support; Meet with teachers to examine assessments and student work samples to decide on intervention plans	Create and administer Tier I formative assessments; Maintain data to show that the interventions are effective; Examine and discuss data in monthly PLC literacy meetings; assign and monitor intervention lessons in IXL	On-going Service Servi	Classroom formative assessments; IXL; NWEA MAP Assessments	RTI daily schedules; Assessment scores; IXL data; NWEA MAP data
