

**Classroom instruction dismissal for fundraisers**

Fundraising on the Upper Elementary and High School Site will not be allowed if causing students to miss instructional time. OSSAA events, etc. approved by the administration, or structured through the OSSAA will fall under the ten day activity absence rule.

Students 6-12 may with parent permission be allowed to attend an event and receive an activity absence. Activity absences are only available to students not on the ineligible list. Students are allowed ten (10) activity absence in one year.

Parents are always allowed to check their student out of school and the student receive an absence. Students which are absent from school and attend a school function will still be held to the student discipline policy. Per policy students fail on absence 11, this should be considered by the parent/student before checking out of school
