

P A R E N T - R E Q U E S T E D U R I N E S C R E E N A G R E E M E N T

By signing this agreement, I allow Gore Public Schools to collect a urine sample from _____
(student)

The urine sample will be analyzed by a licensed drug laboratory assigned by the school. Parent shall be responsible for the cost associated with the screening and results.

The principal/superintendent agrees to contact the parent/guardian immediately upon receiving the report and arrange for a conference to discuss the urine screen results.

By signing this agreement, I also agree to allow Gore Public Schools to randomly collect a urine sample when the above named student's behavior has created sufficient probable cause and/or reasonable suspicion that the above named student is using or involved with an illegal drug. The urine sample is to be sent to a licensed drug testing laboratory for analysis. Again, the parent/guardian will be contacted, and the results of the urine screen will be discussed.

The principal/superintendent agrees to keep the results of each urine screen in the strictest confidence and share the results as directed only by the parent/guardian.

This contract is effective on _____ (date) _____ and expires on _____ (date) _____
