## Introduction

The Genesis Parent/Student Portal tool is a safe, secure way to view your child's school record for the current school year. If your school district chooses, you **may** have access to the following information:

- Contact Information (email, phone numbers, emergency contacts) for your children
- Your children's Marking Period, Exam and Final Grades
- Your child or children's Report Cards
- Your child or children's daily attendance record and possibly class attendance records (if your child's school uses class attendance).
- Teacher Gradebook assignments and assignment grades for your child or children.
- Your child or children's course requests or possibly their schedule for the next school year.
- Your child's standardized test scores (e.g. NJ ASK)
- Your child or children's discipline records
- Letters sent to you regarding your child:
  - o General Purpose letters
  - o Attendance Letters
  - o Discipline Letters
  - o Scheduling Letters
  - o Fines/Fees Letters
- Documents that have been uploaded for your students.
- Online questionnaires or forms.

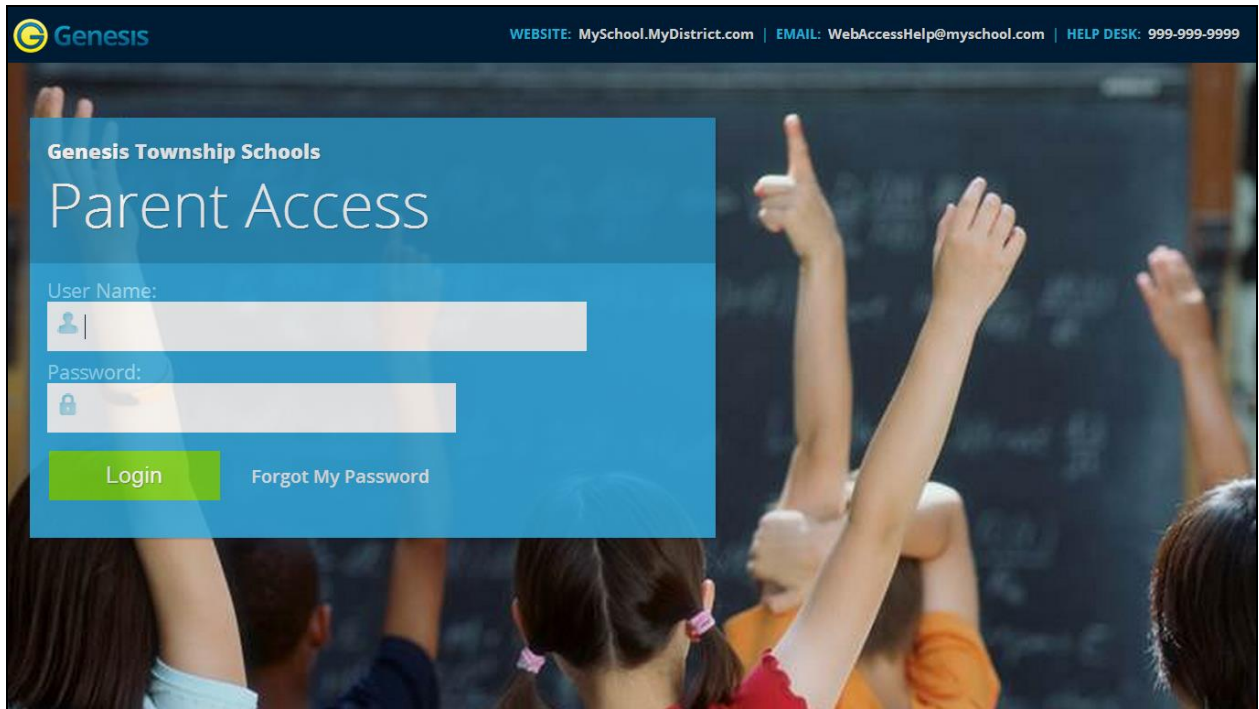

The rest of this manual will guide you through all of the screens which may be available to you and how to use them.

Please be aware that you may not see every screen for every one of your students (if you have more than one student in the school district).

The school district chooses which screens can be made available.

Screens may not be displayed if they do not apply to your student.

## Logging In & Logging Out

### Logging In

Logging into Genesis is very simple:

1. Go to the Parent Portal URL supplied with your district welcome packet.
2. Enter your Email Address in the '**Username**' field
3. Enter your Parent Portal password in the '**Password**' field.
4. Click the '**Login**' button

### Logging In for the First Time

The very first time you login you will be required to change your password.

### What if I forget my password?

Right next to the Login button, you can find a "Forgot My Password" link:

If you forget your password, click the [Forgot My Password](#) link, if it is present.

If it is not there, you must contact your school or district office.

The information may appear on the screen where you see the fake information on the example screen above:

**WEBSITE: MySchool.MyDistrict.com | EMAIL: WebAccessHelp@myschool.com | HELP DESK: 999-999-9999**

If that information is not there, you should have received information on where to call with your district packet. You will be given a new randomly generated password. The new password might even be mailed to your email account. The first time you login with your new password, you will be required to change it.

## Logging Out

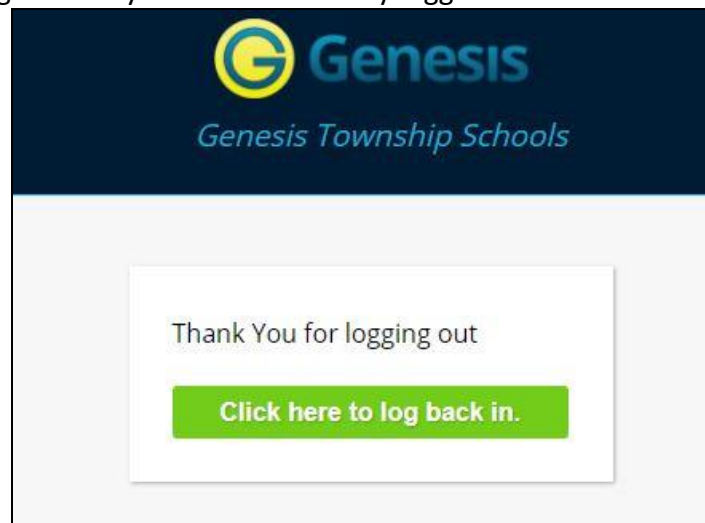

***It is important to log out of Genesis Web Access properly:***

It is important to log out of ***all*** web applications properly.

To logout, locate the **Log Out** button in the upper right corner of every screen and click it:

The screenshot shows the 'Genesis Parent Resources' interface. At the top right, there is a navigation bar with several icons and labels: MESSAGE CENTER, STUDENT DATA, CONTACTS, SETTINGS, and LOGOUT. The LOGOUT button is highlighted with a red box and a red arrow pointing to it. Below the navigation bar, there is a 'Summary' section for a student named Sandra Daily. The student's profile includes a photo placeholder, name, grade (11), and a list of courses. The 'LOGOUT' button is located in the top right corner of the page.

When you click the logout icon you are immediately logged out:

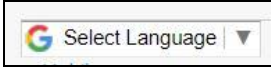

## Why log out? Why not just close or “nuke” the browser?

Closing the browser without logging out leaves your session open on the Genesis servers. This creates a security hole that only you can close: **Be secure, always log out properly.** In this era of Internet access, it is important to always properly close your sessions so that unauthorized persons cannot gain access to your information.

**This applies not only to Genesis, but to every Internet/Web application you use.**

## Switching from English to Spanish

There is a  button at the lower left corner of every screen. To switch to a different language, click this button. It then changes the language of the Parent module to that language.

-  **STUDENT DATA** – This is where you can see information for one specific student. The first screen you see when you click on the  **STUDENT DATA** tab is the “Summary” dashboard with a separate “dashboard” panel for each of your students.
-  **CONTACTS** – Contacts lists all contact information on record for your students and may allow you to update it.
-  **SETTINGS** – You can change your password and/or your home screen on the “Settings” tab.

**More Information About Each Student**

# Attendance

## Daily Attendance

Daily Attendance is your child’s official daily attendance.

This is your student’s Daily Attendance summary for the whole school year.

- The Attendance Calendar with each day color coded
- A summary of the student’s Attendance for the year
- The ‘Legend’ of Attendance codes for your school district.

### Attendance Color Codes

Your district selects its own set of Attendance codes and selects the color for each one. When you look at this screen you will see the Attendance codes for **your** school district. Common Attendance codes include:

- Unexcused absence
- Excused absence
- Unexcused tardy
- Excused tardy
- Left early
- Field trip

## Class Attendance

If your child is in Middle School or High School and has separate courses, Class Attendance may show you their attendance for each separate subject. You must click the **CLASS ATTENDANCE** tab under **Attendance** to find class attendance. If this button does not appear, your child’s school does not record individual class attendance.

The Class Attendance screen shows you your student’s Class Attendance summary for each of their separate subjects. One month is displayed at a time and the screen always starts by showing you **the current month’s attendance**. You may select any month you wish.

- Class attendance is listed by each school day in the month and shows which classes the student may have missed on each day. Each day for each subject is color coded.
- The ‘Legend’ of color-coded Attendance codes for your school is shown at upper right.
- “Today” is always highlighted in yellow.
- At the bottom of the screen, there is a separate summary for each subject for the entire school year, divided by Marking Periods.

### Special Grades and the Previous Grade Column (“Prev”)

Teachers have 4 "special" grades that they can give students for any assignment:

- **Absent** – Your child was absent on the date the assignment was due. This means your child has a chance to make up the work: The assignment is not counted until the teacher changes the grade to a regular grade or to **Missing** or **Incomplete**. When a grade of **Absent** is changed to another grade, “Absent” appears in the **Prev** column. Something that “was previously Absent” was turned in after your child returned to school following an absence.
- **Missing** – Your child failed to turn in an assignment or take a quiz or a test. When a **Missing** is changed to another grade, **Missing** appears in the **PREV** column. Missing is the most common special grade. A teacher’s comment may accompany a missing. A grade of “Missing” in the **PREV** column means the work was turned in late. “Previously missing” means “late”.
- **Incomplete** – Your child partially completed an assignment but did not finish it. When **Incomplete** appears in the **PREV** column, your child has completed the assignment late.
- **Exempt** – Your child is not responsible for doing this assignment. It does not count for them. It is unusual for an Exempt to appear in the **PREV** column. Usually, when a child is explicitly exempt from an Assignment, they are not later given a grade.

Initially, these special grades appear in the regular **GRADE** column (e.g. **ABS**). When a teacher gives one of these special grades (e.g. **MI** - Missing) and then later changes it to another grade, the original, special grade

(i.e. **Missing**) is displayed in the **PREV** column on the List Assignments screen. Regular grades *never* appear in the **PREV** column – it is only for these special grades.

The teacher cannot clear the “previous grade”. It is always displayed to you. You might use this information to help understand why your child may have received their regular grade (“the work was late”). For example, excellent work turned in late often receives a reduced grade.

## Viewing Teacher Comments

Teachers can enter comments on your child’s performance that can be viewed through the List Assignments screen. ***If a teacher has entered a comment on an assignment, please take time to view it.***

MP4	4/18/2013	Thu	*CALCULUS AP	Antonelli, John	QUIZ	MP4 QUIZ 1 MP4 Quizzes 1	60		100	60%	Missing
-----	-----------	-----	--------------	-----------------	------	-----------------------------	----	---	-----	-----	---------

If a pushpin  icon appears on the Assignment line, it means the teacher has entered a comment on the assignment. To read the comment, click the  icon. This will cause the comments to popup:

MP4	4/18/2013	Thu	*CALCULUS AP	Antonelli, John	QUIZ	MP4 QUIZ 1 MP4 Quizzes 1	60		100	60%	Missing
											
									Comment from Antonelli, John: We need another phone conference. <span>Close</span>		

## Downloading Attached Documents

Teachers can upload documents to assignments so that you can download these at home. The “documents” include such things as MS Word, MS Excel, PDF files, .wmv movies, podcasts and many other types of files. When one or more documents have been uploaded and attached to an assignment, icons identifying the type of each attachment appear in the Docs column on the List Assignment screen.

MP3	3/6/2013	Wed	US HISTORY 2	Barry, Jack L	QUIZ	Quiz March 6 Quiz Pages 205-240, Do #'s 3, 7, 9-12 in preparation.			100		
-----	----------	-----	--------------	---------------	------	---	--	--	-----	--	---

If icons (e.g. ) appear in the “Docs” column on the right side of an Assignment line, it means that the teacher has uploaded files to the assignment and you may download them. There will be one icon for each file the teacher has attached (  means there is one MS Excel file attached). The shape of the icon indicates the kind of file that is attached (e.g.  indicates a PDF file that requires ADOBE Reader to read). You will need to have installed the right application to view each type of file.<sup>1</sup>

To see the description of an attached document, place your cursor on the icon: (cursor on  icon)

To download the document, double click on its icon. The attachment will be displayed in the central part of the screen.

<sup>1</sup> While teachers are encouraged to upload files in common formats, such as MS Word, there is no guarantee that you will always have the right application to view an attachment. If you do not, please contact the teacher.

### Viewing Next Year Requests, Recommendations and Schedule

The **Scheduling** screen shows you your student's course requests for the *next* school year (e.g. 2018-19 if this year is 2017-18), teacher recommendations, if there are any, as well as their “next year” schedule once one has been *created*.

There are three things listed on this screen:

1. **Your student's list of course requests for next year.** These can be printed out.
2. **The teacher a course was recommended by** – if there was a teacher recommendation. Teacher Recommendations will appear at the very bottom of the screen.
3. **Your student's actual schedule for next year.** Once the student's actual schedule for next year is ready, it will be displayed on this screen as well. This may not happen during the current school year. When the next year schedule is ready, you will be able to print it out as well.

### Printing Next Year's Requests

1. Click the PDF Icon next to the “list of requests” header:

This brings up an Adobe PDF view of your student's next year requests (shown below). The printed report includes a “signature” line.

2. Use the Adobe Reader's print button to send the report to the printer.
3. You may be asked to do print the request list, sign the set of requests and have your student return the signed list to school.

**Adobe PDF report of your student's next year course requests. Use the Adobe Print button to print this out.**

### Printing Next Year's Schedule

Your student's next year schedule will only be available once the scheduling process completes. This may not occur until after the end of the current school year. Scheduling is a long and complicated process. An empty or missing schedule simply means that your student's school has not yet completed the scheduling process and is not a cause for alarm.

1. Click the PDF Icon next to the "Next Year Schedule" header:

This brings up an Adobe PDF view of your student's next year schedule.

2. Use the Adobe Reader's print button to send the report to your printer.

### Courses Recommended but Not Requested

The very bottom of the Scheduling screen may contain a list of courses that teachers recommended for your student but which they decided not to request and not to take. Scroll down to see this list.

2013-14 Course Recommendations for Caitlin which have not been Requested

These courses have been recommended but not yet requested.

COURSE	DESCRIPTION	CREDITS	RECOMMENDED BY
12370	*SPANISH 5 HON	5.000	Recommended By: Dilts, Rich Current Course: 12364 - SPANISH 4

15315	SOCIOLOGY	5.000	Recommended By: Dilts, Rich Current Course: 35210 - US HISTORY 2

This list will appear if a teacher recommends a course for your student and your student decides not to take the course. The course is then “not requested” so that it will not be scheduled for your student.

### Making Next Year Course Requests

If your school allows, you may make course requests from the “Requests” screen:

The screenshot shows the 'Scheduling' section of the parent portal. The 'REQUESTS' tab is highlighted with a red box. Below the navigation bar, there are tabs for 'SCHEDULING' and 'REQUESTS'. The 'REQUESTS' screen displays a form for selecting courses to request for the next school year. It includes a table with columns for 'COURSE', 'REQUESTED BY', 'COURSE CREDITS', 'EARNED TO DATE', 'TOTAL NEEDED FOR GRADUATION', 'PRIORITY', and 'ADDITIONAL INFORMATION'. The table is divided into sections for 'English Subject Area' and 'Math Subject Area'. A 'Submit' button is located at the bottom right of the form.

The Requests screen lets you choose courses to request for the next school year.

### Making Course Requests

If you are allowed to request courses, the Requests screen will be available and the subjects will be listed there. If a subject is not listed, you **cannot make requests for it**.

To view the available courses for a subject – to see the course catalog – click on the “Request a Course” button for that subject:

The catalog may have expanded descriptions of the course, and may also give reasons why you cannot choose a particular course for your student. If a course can be requested, the “Request this Course” button will be available. Click this button to choose the corresponding course:

You can also put a short note in the Additional Information field. Your child’s guidance counselor will be able to see both the priority and the short note.

## Conferences

The Conferences tab contains a list of conferences scheduled with school personnel (teachers, counselors, case managers) that have been made for the student and their guardian(s).

There are two controls on the bottom of the screen, which allows you to make or request additional conference appointments.

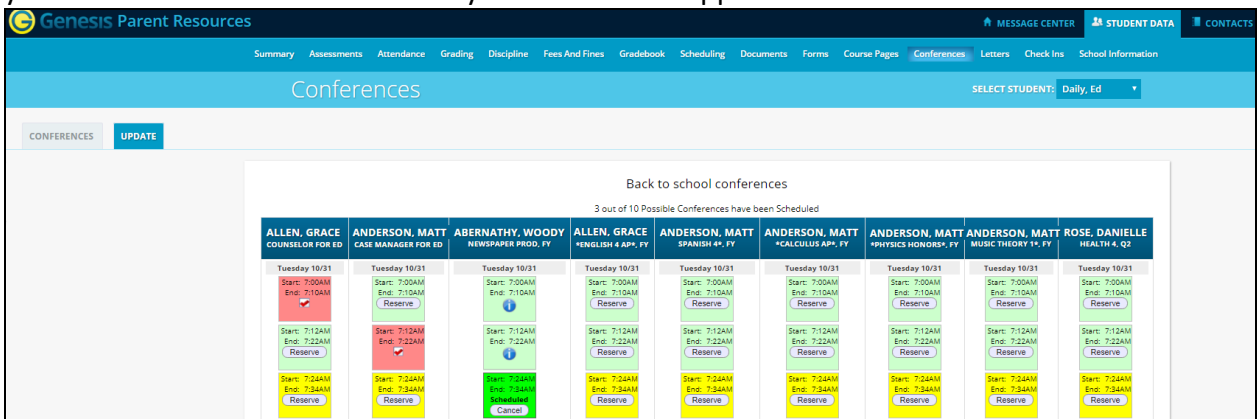

If you have conferences schedule, you will see them listed on the Conferences tab.

If you need to make a change, you can click “Update.”

You will also see Upcoming Conferences for any other students tied to your account.

## Scheduling Conferences

Clicking on the [Schedule conference](#) link brings up a screen where you select a time slot for each of your student’s teachers and lock in your conference appointments:

Each teacher or counselor has a column which will show all available slots:

To select a conference slot, locate a date and time that works for you and click the **Reserve** button for that slot. A verification dialog will appear. Click OK to reserve the slot.

Once you have reserved a slot, all the remaining slots for that person will become unavailable:

You may only schedule one slot for each teacher or counselor during a “Teacher Conference” event.

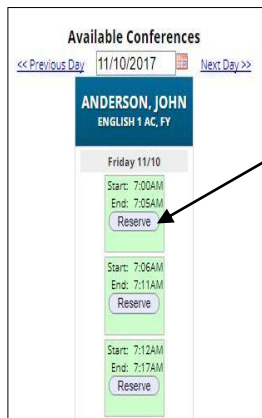

## Requesting a Conference

Requesting a Conference is different than Scheduling a Conference. When you click on the link, you will see a list of your students’ teachers for the current week:

You may only “request” an already available slot. Teachers who have slots available will have the slot times listed. You cannot request a conference for a teacher who has no available slots.

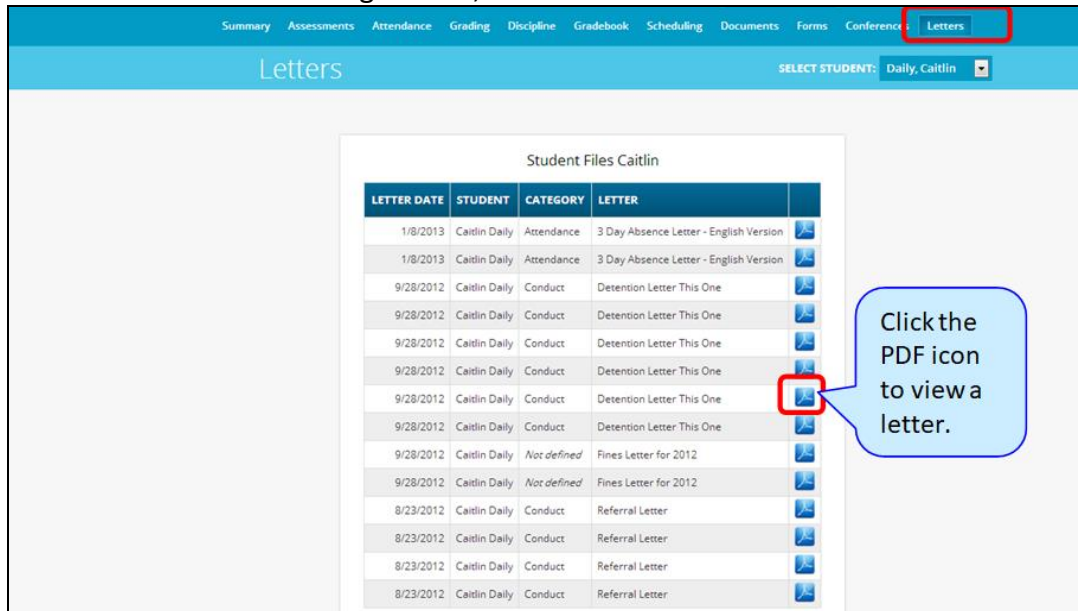

To request one of the available slots, click on the listed slot time. A list of that teacher’s slots for the selected **day** will be displayed. You can then choose one of the available slots.

To choose a slot, click the **Reserve** button for it.

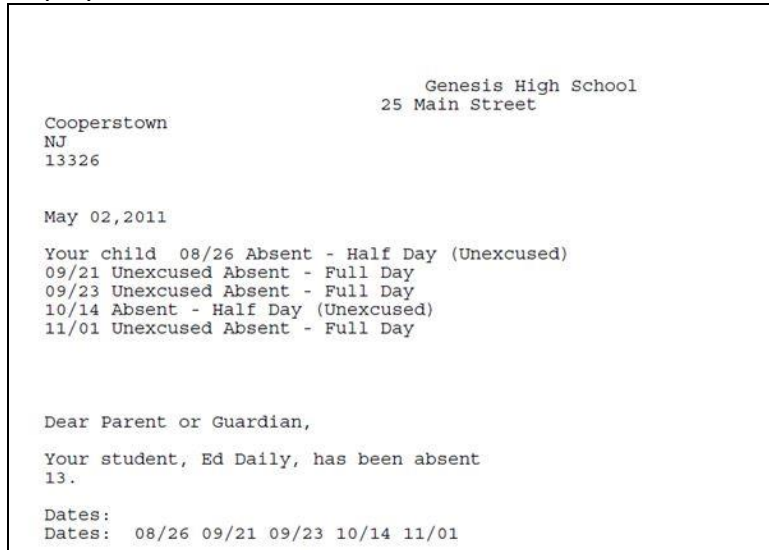

## Letters

The Letters tab contains a list of letters that have been sent to the student's guardians. Once the letter has been sent to the guardian, it can be made available on the Letters screen.

### What is listed on the Contact Management Screen?

The Contacts screen lists all telephone and email contact information for:

- The student themselves – your children’s own cellphone and email addresses
- The student’s Guardians – the legal guardians – such as you – who are allowed to view the children’s information.
- Other contacts – all other people whom you wish the school to be aware of in your children’s lives, including:
  - o Emergency contacts – People you wish to be contacted should an emergency arise and you are not available.
  - o Doctors
  - o Dentists
  - o Hospital to use in an emergency if hospitalization is required.
  - o Other people it is important that the school know about.

The Contacts screen has an area for each of your children and within a child’s area; there is a separate section for each Contact.

The Contact Report: The report is always for one student. Each student listed will have a PDF icon next to their name which can be clicked for that student’s Contacts report. The reports can be multiple pages. **Make sure you scroll down to see all of a student’s Contact information.**

This report can be printed out, corrected and brought to your child’s school or district offices.

**Printing Contact Reports**

All Genesis reports are displayed as PDFs using Adobe Reader. To print on a printer, use the Adobe Printer icon to bring up a normal print dialog.

### Interpreting Information for a Contact

Each “Contact” represents one person in a student’s life (e.g. Mother, Grandmother, Uncle), or a single organization (e.g. Doctor’s practice, Hospital).

The top line shows the Contact’s name and “contact type” and relationship to the student:

<b>EMERGENCY CONTACT TEST</b>		<b>EMERGENCY 1</b>	<b>GRANDFATHER</b>	<b>OPTIONS</b>
<input type="checkbox"/> <b>GUARDIAN HAS GIVEN THIS CONTACT PERMISSION TO PICK UP STUDENT FROM SCHOOL</b>				
Home Phone:	<input type="text" value="333-333-3333"/> x <input type="text"/>	Primary Phone	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Add Phone/Email:	Home Email <input type="text"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
		<b>Save All Changes</b>		

There are multiple contact types that are possible:

- Student
- Guardian 1
- Guardian 2
- Guardian 3
- Guardian 4
- Emergency
- Other

**Phone Numbers:** A Contact may have an unlimited number of phone numbers listed for them. **If a number is a cell number and you want the Contact to receive text messages on their cell phone regarding your student, you must select the name of the cell service provider (e.g. Verizon, AT&T, Sprint, T-Mobile, etc.).** If you have permission to remove phone numbers, a trashcan icon will appear at the far right of each phone number:

Cell Phone:	<input type="text" value="111-111-1111"/> x <input type="text"/>	Boost Mobile	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="text"/>	
-------------	--	--------------	-------------------------------------	-------------------------------------	-------------------------------------	-------------------------------------	----------------------	---

**Email Addresses:** A Contact can have multiple email addresses listed. If a small icon appears at the right side of the email address, it means that this email address is being used as the login for a Genesis login for your child. For example, it may be your email address and indicate that you have a Genesis login:

Home Email:	<input type="text" value="fakeemail@wikixample.com"/>	<input type="checkbox"/>	
-------------	---	--------------------------	---

### The Student’s Own Contact Information

Each student can have their own, personal phone numbers and email addresses listed under the “Student” contact. These would be ways for the school to contact the student, themselves, directly.

<b>ALEX DANVERS</b>		<b>STUDENT</b>			
Home Phone:	<input type="text" value="222-222-2222"/> x <input type="text"/>	Primary Phone	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

### Updating Information for a Contact

Each section contains information for a single Contact:

GUARDIAN DANVERS				GUARDIAN 1		MOTHER		ATTENDANCE	EMERGENCY	HONEYWELL	DISTRICT CONTACT FLAG
Cell Phone:	111-111-1111	x		Boost Mobile	Primary Phone	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>		<input type="text"/>
Home Email:	fakeemail@wikixample.com								<input type="checkbox"/>		<input type="text"/>
Add Phone/Email:	Home Email										<input type="text"/>
<input type="button" value="Save All Changes"/>											

Information for one Contact

Each “Contact” represents one person in a student’s life (e.g. Mother, Grandmother, Uncle), or a single organization (e.g. Doctor’s practice, Hospital).

You MAY be able to update the Contact information directly on the screen: this is under the control of your school district. They may allow you to update the information directly, or you may only be able to view it.

### Updating a Contact’s Email and Phone Numbers

You can do three things to the email addresses and phone numbers:

- Change the information
- Remove (i.e. delete) the information
- Add new phone numbers and email addresses

**WARNING:** You can only do these things if your school district gives you permission. This section assumes that you have such permission – if you cannot do the things described here, it is because your district has not given you permission to do them: it is not because the system is broken.

**Deleting a phone number or email address:** Find the delete trashcan icon corresponding to the phone number or email you wish to delete and click it:

A confirmation dialog will appear:

Click the OK button to continue and delete the email address or phone number.

Click Cancel to abandon the deletion and keep the information.

**Adding a phone number or email address:** To add a new phone number or email address locate the “Add Phone/Email” tool at the bottom of the Contact’s information:

Make sure you locate the Add Phone/Email for the correct Contact. Each Contact has their own Add Phone/Email field:

The drop down contains the list of things that you can add to the Contact:

You may only add the things in this list. If something is missing, you do not have permission to add it (e.g. if “Email” is missing you do not have permission to add Emails.

Select the type of information you want to add.

Then move to the blank text field and enter the phone number or Email address.

Go to the top or bottom of the screen and click the  button.

**Adding a Cell Provider information to an existing phone number:** For Genesis to send text messages to a Cell number, the cell service provider (e.g. Verizon, AT&T, Sprint, T-Mobile) must be specified. It is not possible to send text messages without that information. “Text messages” include the notifications that can be sent, for example, when a student’s gradebook grades are updated. If the cell service provider is selected, but is wrong, the number will not receive the messages that are sent.

To set or change a cell number, locate the “Provider” drop down below the phone number itself:

Select your provider, then scroll up or down (to the top or bottom of the page) and click the  button.

## Adding a New Contact

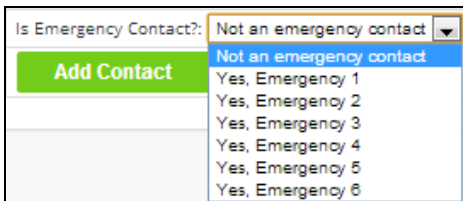

If you have a  button at the bottom left of a student's list of contacts, you have permission to add a new contact! If you do not see that button, you do not have permission to add a contact: please contact your school to update contact information.

To add a Contact, click on the  button. This brings up the "New Contact" area right below the button:

Enter the following fields:

- Contact First Name – The person's last name
- Contact Last Name – The person's first name
- Relationship to Student – Select the new Contact's relationship to the student: Friend? Neighbor? There are dozens of relationships listed. It is important to select the correct one.
- Is the person an Emergency Contact for your child? Do you want them to be contacted in an emergency? If yes, select one of the Emergency Contact options.

You can enter up to six emergency contacts for each of your students. Emergency contacts are people you wish to be called in the event of an emergency. Enter in the order in which you would like these people to be contacted.

Once you have entered all the information, click the  button to add the new Contact.

**WARNING:** If you have more than one student, and you wish the new contact to be used for all your students, you must add them separately to each child's contacts.

## Changing Relationship Information for or Deleting an Existing Contact

If you have permission to update information for a contact, there will be an [Options](#) button in the top line of the contact's information. To update the name information for a contact or to delete the contact entirely, use this [Options](#) button.

When you click [Options](#), a popup appears:

The screenshot shows a contact information form with the following elements:
 

- Header: EMERGENCY CONTACT TEST EMERGENCY 1 GRANDFATHER OPTIONS
- Form fields: Home Phone: 333-333-3333 x [ ] Primary Phone [ ]
- Options menu: CLOSE, CHANGE CONTACT, DELETE CONTACT

The close-up shows the Options menu with the following items:
 

- Close
- Change Contact
- Delete Contact

The [Options](#) popup gives you three options:

- [Close](#) - Clicking the Close button dismisses the popup and makes no changes.
- [Change Contact](#) - Clicking [Change Contact](#) lets you change the **name** and **relationship** information for this Contact. (Phone numbers and Email Addresses are changed as described above.)
- [Delete Contact](#) - Clicking [Delete Contact](#) removes the contact entirely. This removes the whole contact: name, phone numbers and email addresses. Warning: There is no UNDO button.

**Deleting a Contact:** When you click [Delete Contact](#) the following confirmation dialog appears:

The confirmation dialog contains the following text:
 

- Close
- This will delete this contact and all of their phone, email and address information.
- Are you sure you would like to proceed?
- Yes No

If you click [Yes](#), the contact and all their information is permanently removed.

If you click [No](#), then the popup is closed and the contact is not deleted.

**Changing a Contact:** When you click [Change Contact](#) the following popup appears:

The Change Contact popup form contains the following fields:
 

- CLOSE
- FIRST: [ ] Emergency
- LAST: Contact Test [ ]
- RELATION: Grandfather [ ]
- EMERGENCY? Yes, Emergency 1 [ ]

You can change the contact's **First** or **Last** name, and set whether they are an Emergency Contact or not.

To make changes to the contact, update the information, then scroll to the top or bottom of the screen and click the [Save All Changes](#) button.

The Message Center screen lists all types of messages for your students

### Using the Message Center

The Message Center provides a list of all messages received for your students. Some of these may be linked to Documents or Letters. There is one Message Center for all your students – all your students’ information is located on the same screen.

## Anatomy of a Message

Each Message includes a date, an Icon identifying which module of Genesis sent it, the message itself and potentially an additional line of information and possibly View, Link and Delete buttons:

 - This is the “View” icon. If the View icon is present, clicking it will bring up the document or letter.

 - This is the “Link” icon. If the Link icon is present, clicking it will take you to the screen containing the item related to the message. For example, if the Alert is about a document, clicking Link takes you to the **Documents** screen. If the Alert is about Attendance, clicking it takes you to the **Attendance** screen.

 - This is the “Delete” trashcan icon. To remove the Message, click the Delete icon.

## Viewing the Message Content

If there is a  button, click it to bring up the document, letter or other content. When done, click the browser back button to return to Genesis.

When there is a “Link” button , if you click it, it will bring up the Documents screen in the Parents module so you can see the full list of Documents for your student:

Other Message types have Link buttons that bring up the appropriate screen.

For example, if there is a link button next to a **discipline alert**, it will bring you to the student’s **discipline** tab.

## Setting Alerts

**Alert Setup**

If you wish to receive an alert when new messages are sent to your Message Center you may do so here. Alerts may be sent by email or text message (if you have provided a cell phone and cell carrier to the school).

- **Letters:**  
Receive an alert any time your student receives a letter from the school.
- **Attendance:**  
Receive an alert when your student is given an absence to school.
- **Gradebook Grades:**  
Receive an alert when one of your students grades are updated in a teachers gradebook.
- **Messages:**  
Receive an alert any time school staff sends a Message to your Message Center.

## Frequently Asked Questions (FAQ)

### 1. Where do I get my login?

Your Genesis Parent Portal login will usually be your email address.

You will give the email address you want to use as your login to your school or district.

The school or district will tell you when your login has been entered into the Genesis system.

If your email address is *not* going to be your login, your school or district will assign you a login.

### 2. What if I forget my password?

To replace a lost password you must call your school or district.

Information as to who to call should be provided to you in your Parent Portal Welcome Packet.

You cannot be given your existing password: for safety reasons, Genesis never displays a user's password, ***even to the system administrators***.

If you lose or forget your password, you will be given a new, randomly generated password.

You will then be required to change the new password the next time you login to Genesis Parent Portal.

### 3. What is the URL for Web Access?

You will be given the URL for the Parent Portal in your Welcome Packet. If you do not have the Welcome Packet, you must contact your **school** or **district** to find out the correct URL.

### 4. How do I log out of Web Access?

There is a small "Logout" button at the upper right of every Web Access screen. Click the "Logout" button.

### 5. How can I update my student's Attendance information?

You cannot update any information. If you believe any information is wrong, you must contact your child's guidance counselor.

### 6. Is it ok for me to just close the browser rather than log off? Do I really need to log off?

Closing your browser is not the same as logging off. You *must* log off of the Parent Portal to eliminate the possibility of someone else accidentally getting access to your student's information.

For example, if you are accessing Web Access from a public place, such as a library or other public internet access point, if you just close your browser and walk away, without logging out, there is a chance that someone else will be able to immediately reattach to your Web Access session and view your child's information. Logging off properly terminates the Web Access session.

**Always log off of Web Access – Never just close your browser**

**7. What if I do not have access to all my students?**

If you need access to a student that is not yet linked to your Parent Portal login you must call your school or district office.

Each district will have its own procedures and regulations regarding linking a student to Parent Portal login.

It may be possible that Parent Portal is in a 'roll out' phase and is only offered in some of the schools in your district and not in others. Refer to your Welcome Packet for information on whom or where to call.

**8. What if I don't have access to my child's Report Card?**

Usually a school only displays the most recent report card that was sent home. If the actual report card is not available online, it may be that none has yet been sent home or that the previous Marking Period's report card has been "turned off" so that the new Marking Period's report card can be prepared.
