A NOTE ABOUT CASTING!

ALL ROLES are important to putting on a successful show. Putting this cast list together was very difficult and time consuming and changes to it are going to negatively affect the final product.

As with other years, any student who quits the show after the cast list is posted CAN NOT audition for or participate in the next production at GBMS.

If you did not make the cast this time, don't fret. This was the most students I've ever had to cut and it was **very** competitive. Keep auditioning, improving, and working hard. See you at Play Auditions this spring!
