Thank you so much for trying out!

**The bolded names are your Section Leaders.**

Section Leaders are responsible for keeping your section quiet and focused throughout the rehearsal and leading sections when they occur. Section leader decisions were based on audition score, experience, attitude, and leadership skills.

If a section leader does not fulfil her responsibilities, a new leader will be chosen.

**Voice parts are subject to change.**

If you're unsure of why you did not make it, **please** do **not** assume it's because you can't sing. I heard a LOT of talented singers during this audition. Many decisions were made because of a lack of preparation--not a lack of skill. All auditions were recorded, so if you'd like to hear the recording to understand what to improve on, stop by my room.

Come see me and we can talk about how to improve for next year.
