

Breakaway Permission Form: Elementary

Dear Parents,

Again this year your elementary child has the opportunity to attend released-time Bible classes. With your permission students will be released from school time to attend these off-campus classes. This Bible class time will reinforce literacy skills using Bible stories, activities, games, songs, and technology. Over 400 elementary students participated last year in these enriching classes.

The Breakaway Committee has been providing released time Christian education for over 20 years to the students of Green Local Schools. This Committee is funded by local churches of various denominations and by private donations. Breakaway is non-denominational.

We look forward to your child's participation in this exciting class. Your child will not miss any core curriculum. They will be transported by van or walked with adults to the Breakaway building adjacent to the school campus.

Please sign and return the permission slip to the school. For further information please contact any of the following or find us on Facebook under "Breakaway Elementary Released Time Christian Education: Smithville, Ohio."
