Dr. Francesco Ianni

Superintendent of Schools

June 28, 2019

Dear Harborfields Community Members:

It is my hope that this letter finds you and your family well. The 2018–2019 school year really flew by!!! I would like to take this moment to thank all of our staff, students, parents and community members for an outstanding school year.

We can take great pride in the fact that our school community achieved many accomplishments. The successful implementation of the 2.0 technology plan, introduction of computer coding at the K-12 levels, our science research success, as well as the many literacy curriculum initiatives, are not a coincidence. It is the collective effort, dedication, and passion of our faculty, staff, parents and students that make HF a special place to live and learn. I recognize and am grateful for our partnership with the community and the unwavering support of the many organizations which have only one mission – provide success for our HF Family one child at a time.

As the 2018–2019 school year comes to a close, I am filled with a sense of pride at the resilience and compassion that our students have for one another. Our community and society are in a great place because of these future leaders. I am confident that together we will successfully prepare our students for the next stage of their lives, both academically and personally.

I wish you all an enjoyable and peaceful summer and extend my heartfelt congratulations to the members of the Class of 2019!

Sincerely,

A handwritten signature in blue ink, appearing to be "F. Ianni", written over a light blue horizontal line.

Dr. Francesco Ianni
