We started from humble beginnings  
A committee with a dream  
To give our town a school that would grow with our community

We are F. E. Burleson  
A school that leads us toward a bright future.  
F. E. Burleson Our noteworthy school  
F. E. Burleson  
A school that leads us toward a bright future.  
F. E. Burleson Our outstanding school

We've grown now for 100 years  
Though the building and people have changed  
We remain a source of excellence and quality

We are F. E. Burleson  
A school that leads us toward a bright future.  
F. E. Burleson Our noteworthy school  
F. E. Burleson  
A school that leads us toward a bright future.

As many students pass in and out our doors,  
We teach integrity academics and the arts.  
We believe in guiding young minds  
Enriching and preparing for the world beyond

We are F. E. Burleson  
A school that leads us toward a bright future.  
F. E. Burleson Our noteworthy school
