## FOREWORD

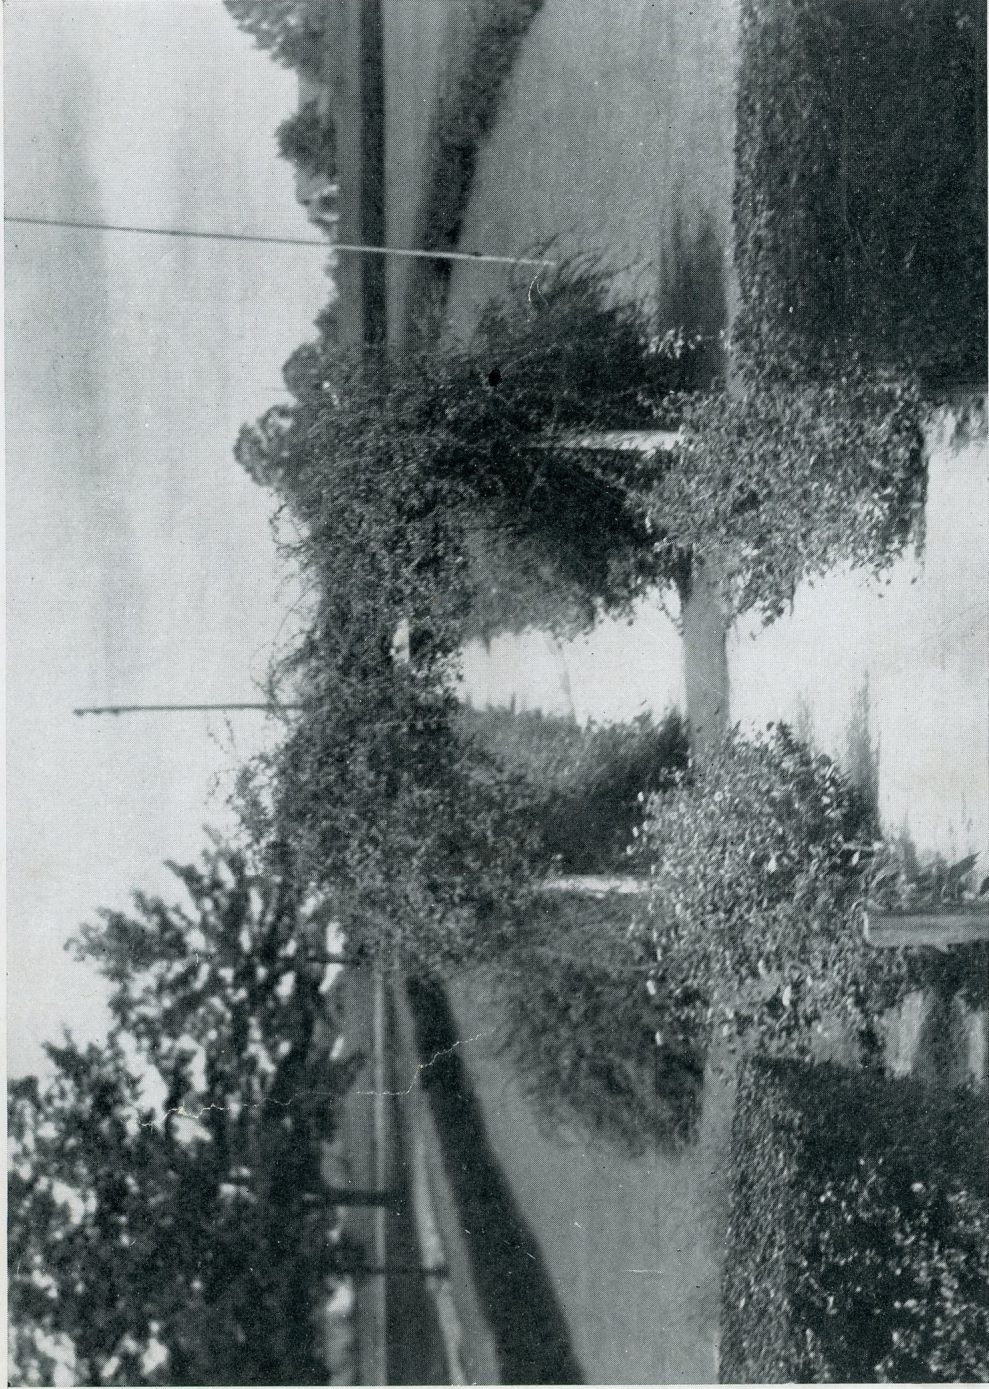

*We, the class of 1929, have endeavored in publishing this, the fifth volume of the Morcohi to publish a book of remembrance for every student of the school, so that each may recall in the years to come the very happiest days of his life. If there should be any sorrows and heartaches in our future lives, we hope a fond review of this volume will drive all of them away.*

## DEDICATION

*To Miss Lorene Wilhelmena Fischer, who has been an inspiration to us throughout three of our high school years, the Class of nineteen hundred and twenty-nine dedicates this volume of the Morcohi in token of our love for her as a woman, our admiration for her as a teacher, and our devotion to her as a leader.*

## *History of the Senior III Class*

On August 24, 1925 there entered in M. C. H. S. a freshman class which was considered by the other students as the dumbest and greenest rat class they had seen. But as time passed and we grew accustomed to the ways of high school they were forced to change their opinion of us. We threw ourselves wholeheartedly into athletics, furnished several football and basketball players and participated in every activity. We were not conceited but as the year drew to a close we looked back with pride on the record we had made and resolved to win fame as Sophs.

On September 5, 1926 returning to M. C. H. S. as Sophs. we felt very superior to the "rats" and did not hesitate in letting it be known. We, living up to our motto, "win or die trying," were recognized as being the strongest, largest and most feared class in school. Under the guidance of Miss Fischer the victory of every contest undertaken was carried off by us and the officers of the Jeffersonian Literary Society were elected from our class. So strong were we in athletics that the entire school was challenged in a football game. We contributed to the school team a quarterback, two half backs, two guards, two tackles and one end. The success of our second year caused great predictions to be made for our Junior and Seniors years.

On September 5, 1927 we ventured into Junior land with a smaller class than the previous year, nevertheless just as an important one. The honor of breaking the state record for high jumping fell to one of our members. This year seemed like a brief stay in which we were deprived of our natural rights, therefore we longed for the next year when we would enjoy the Senior privileges.

At last the eventful day of September 4 rolling around found us in the dignified Senior seats with only twenty-five members of an original class of forty-five. five of which started together in the first grade of public school. The rest have fallen by the wayside or drifted to other places. We feel like what we are is largely due to the wise guidance of Mr. Tiller who has been our guide during the four years. And now as the time is near for our departure we give up our seats of honor to those who shall come next, with a feeling of sadness, yet we warn them to fill these places as we have done and think kindly of us in the years to come.

## *School Song*

"MORGAN HI"

Do you hear the ringing of the bells?  
Do you hear the happy school yells-  
All day long the songs of gladness tells,  
The boys and girls of Morgan High.

Chorus:

Morgan Hi, Morgan Hi,  
Morgan Hi is the greatest in the land,  
The boys and girls are a fair and happy band,  
For truth and duty we will always stand,  
And shout the praise of Morgan Hi.

## *Life's Journey*

Life is like an ocean  
On which everyone must sail  
In ships that are put in motion  
With hope that they won't fail.

For this voyage inevitable  
We have been preparing  
Under guidance indispensable  
To make us strong and daring.

Hand in hand we reach the shore  
Bound by strong ties of friendship  
These will be the same no more  
For from place to place we shall drift.

On this bank we hesitate  
Undecided which way to turn  
Hoping the strong hand of fate  
We will be able to discern.

For some there'll be no hardships  
They will merely drift along  
Enjoying life and this trip  
As one grand sweet song.

Others will find dangers untold  
Stormy waters, rapids, falls  
But as brave seamen of old  
Will be faithful through it all.

On the dim horizon stands success  
Beaconing to us with her finger  
The strong will be satisfied with nothing less  
In the ocean they will not linger.

Striving forward ever forward  
With their eyes upon the goal  
They are sure to attain  
The dearest wishes of their souls.

For this vast mysterious trip  
Some of our vessels are weak and frail  
But as we have built our ships  
So likewise we shall sail.

Alice Wilson, Class Poet, '29

## *Senior II Class History*

The members of the Senior II class have almost forgotten that bright September day in 1926 when we began our journey through Morgan County High School.

In our Freshman year we entered into the activities of the school with a will, and won recognition for our school spirit. Our home-room teacher, Mr. Douglass, was very kind and helped us in many ways. At the close of the year we felt as if we had always belonged in Morgan County High School.

As we took up our Sophomore Classes the following year, we felt very dignified and far above the "Rats". Again our undertakings were successful, this time under the skillful hand of Miss Betts. Several of our boys and girls took an active part in school activities.

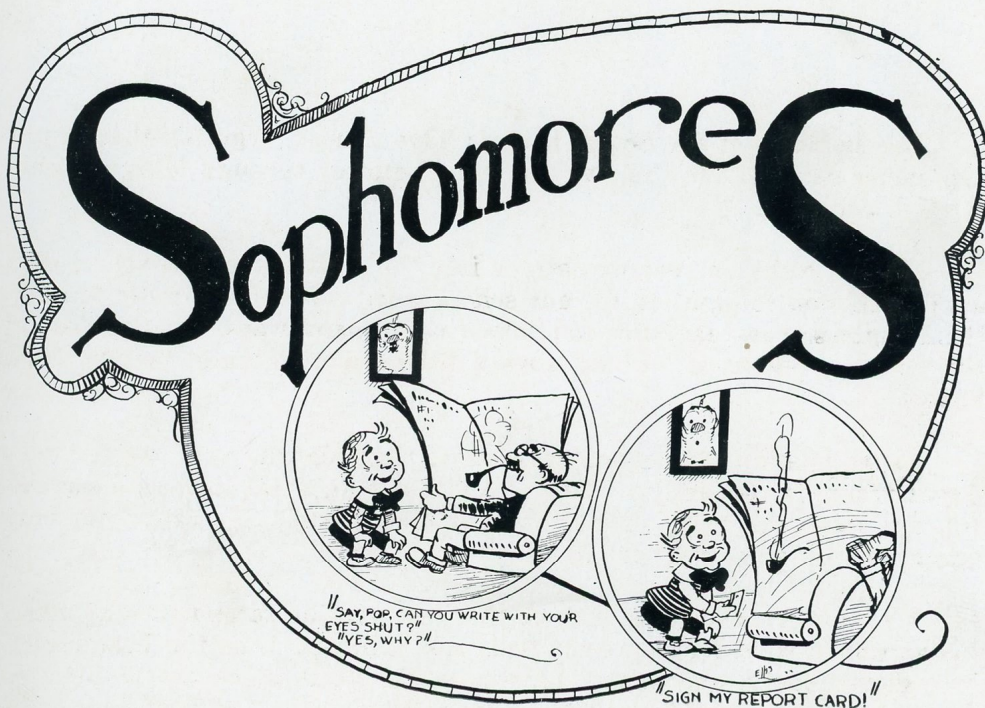

We have Mr. Douglass with us this year for the second time as home-room teacher, so of course we can truly say "This has been the 'best ever'".

Short, indeed, and happy, have been the years since that September day in 1926, now we are looking forward to our last and best year to be spent in dear old Morgan High.

### *History*

It was on September 4, 1928 that we, a bunch of frightened Freshmen, entered M. C. H. S. We were very green when we first became pupils in this school, but we soon became accustomed to the "ratting" from the upper classmen.

There were forty-three in the Junior III class at the beginning. We now have thirty-eight.

We took our places in the Jeffersonian Literary Society with the Sophomore and our members have always contributed willingly of their talents to make the programs instructive and interesting. We are anxiously looking forward to the day when we shall be full fledged Sophomores.

Jimmie Moss.....	Bass

The M. C. H. S. Quartette has had the privilege of singing for the Hi Y Conference during its session in Huntsville, the Kiwanis Club in Decatur, the Lions' Club in Hartselle, and one of the Men's Bible Classes in Huntsville. All members were accepted to take part in the all state high school chorus of the Alabama Education Association in Birmingham in March. On April the eleventh the Quartette will sing for the state Y. M. C. A. Conference in Birmingham. The school appreciates its quartette, and also its popularity. Members of it have had the pleasure of broadcasting over station WDOD, Chattanooga.

### *Hi-Y Club*

Messrs. W. B. Douglass and L. Kelley, Faculty Adult Leaders.

Standing: Mr. Douglass, Spencer Burleson, Earl Glasscock, Johnson Lee, Dorman Pope, Carl Wichman, Ernest Dodson.

Seated: Mr. Kelley, Pierce Wright, Leo Pettit, Jack Doss, Millard Obar, Howard Thompson, Ferrell Pollins, Milton Winsett, Jimmie Moss, Otto Speaks, Carl Williams, Edd Goodman, Jack Huie, Arthur White.

The Hi-Y Club is one of the clubs the school is very glad to have among the many clubs and organizations. This club has made a name for itself throughout North Alabama. It has been honored with places on the following occasions: The Older Boys Conferences which were held in Decatur in 1925; Florence 1926; Cullman 1927; and Huntsville 1928. Our delegates were complimented for their reverence during devotional exercises, courtesy in the homes of their hostesses, frank speaking in group discussions, good assistance during recreation hours, and splendid appetites at the banquets. These qualities in any one aid in producing a pleasing personality.

Ferrell Rollins, '29.

### *Home Economics Class*

The Class of '29 is proving itself to be the most progressive M. C. H. S. has ever had.

We have established a lunch room and serve lunches to the school. We also help by serving the teachers on Saturdays when they are taking extension work.

We have organized a "Home Economics Club which is the first our school has had. This club meets once every two weeks and discusses the value of foods, different ways of preparation and serving.

The First Semester we studied foods. Now we are working hard on sewing for, if it is possible, we intend to capture both prizes field day.

Dancing and singing of course are all right,  
But they won't help you out if you're in a tight,  
There's just two things you certainly must know—  
The first is to cook and the next is to sew.

Some don't like dear nature's golden lure,  
And some don't like the things that are mature;  
Some don't like the flappers dressed so neat,  
Yet there's none in the world who don't like to eat.

So whatever you do—learn how to cook  
Then go through life with a happy outlook;  
And when there's snow, hail or sleet,  
There's nothing to do but sit down and EAT.

Ferrell Collins: On Varsity four years. Always a good loser as well as a winner. He will be greatly missed on the team.

Garland Kelley. The center who upset so many nice plays.

Vernon Hood: A good offensive guard and hard hitter. He promises to be another Jimmie Moss.

Milton Winsett: "Monk" takes football seriously and puts all he has into each play. With two more years to play he will thrill many.

Ewing Wilson, Captain: Wilson has defended Old Morgan's goal for four years. A good man for any college team.

Leo Pettit: Another of Morgan's veterans. Captain-elect for next year. A fullback the school banks on for coming victories.

Ezekiel Briscoe: "Zeke" will make Holmes, Alabama's center, ashamed of himself next season.

Jimmie Moss: Fifteen rahs for Captain Jimmie, and a four year veteran. M. C. H. S. is proud of him and all who have seen him play are predicting an excellent football career in college.

# Morcohi

John Kimbrough, Jr.: John Jr., is showing his football ability. With two more years to play we are predicting he will equal any player.

Dorman Pope: Another Pope fighting for Ole' Morgan. Pope knows how to hit the man in his tracks and bring victory.

Harold Nance: A good guard and fights his best at all times.

Harris Dodson. A real sportsman. Began with the first practice and takes football seriously.

Spencer Burleson: Manager Burleson is one of the best in passing the ball. In his next and last year we are looking for a pass to victory.

Ernest Dodson: A real backfield and a hard hitter. We are glad Ernest has two more years.

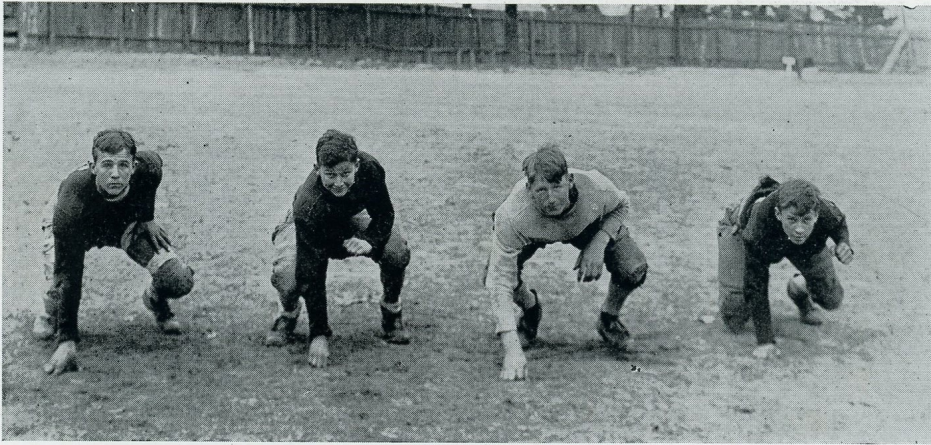

Arthur White, Jr.: Future manager and a classy player. "Doc" has two more years in which to thrill spectators and win.

Johnson Lee: "Little Johnson", the only man to make the all Tennessee-Valley team from M. C. H. S. Lee is good and getting better and knows how to carry the ball.

# Morcohi

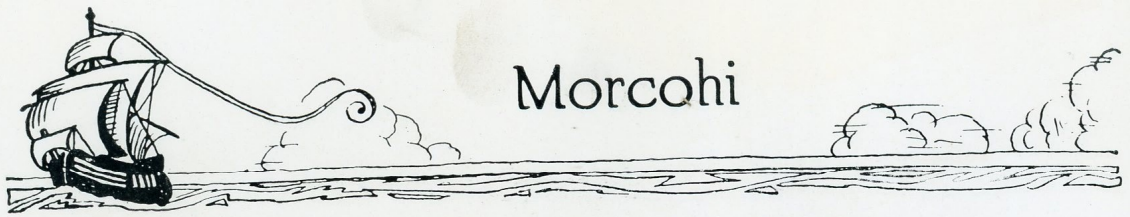

Coy Sparkman: Another one who will furnish thrills. Coy will show all some real football during his next two years.

Howard York: No doubt he is one of the best to run the team. He has the brains, and will gain the experience as he is a hard player.

Lindsay Murphree: Lindsay is making an excellent lineman. He has the weight, the vim, and the fire to play football. Watch him during the next two years.

Buell Glasscock: Another real football player. Try to run a play over him and he will show you what he is made out of. With two more years to play he will be a valuable man.

### *Girls' Basketball Team*

## *Loving Cups*

The Girls Junior High Basketball Loving Cup (left) was won by the M. C. H. S. Girls in the county basketball tournament held at Falkville in the spring of 1928.

The Morgan County Field Day Loving Cup (right) was won by the Morgan County High School in 1928. Mr. Kuhn is the donor of this cup and it is awarded each year to the school winning the most points in the annual field day events. It becomes the permanent property of any school that is able to keep it for three successive years.

### **EIGHT CHANGES OF RAIN-SOFT WATER**

Your maid or washerwoman uses less than a tenth as much water per garment as we use in this laundry. And they are handicapped by the hardness of the water they use, while we have the tremendous cleansing advantage of a water softening system that makes our wash-and-rinse-waters soft as fresh rain water.

Your goods, in our laundry, go through eight different washing and rinsing processes—each with a fresh supply of water—and each with two or three times as many gallons of water per pound of clothes as you could possibly use.

#### EDITORIAL

Our work is now finished. Our main purpose has been to create in the hearts of the sons and daughters of Morgan High a deeper love for their dear Alma Mater. May this edition be beautiful to each student because it is—or we have tried to make it—a vivid picture of his high school life. We can wish nothing higher or happier for you, than, through your lives in joy and in sorrow, in brightest sunshine, in deepest shadow, there may remain with the consciousness of duty well performed, or suffering nobly endured, all of life faithfully lived. May such a future together with many pleasant memories of our relations as a student body abide with you always.

We wish to express our deepest appreciation to Mr. Tiller for his kind and untiring efforts shown us. Without his faithful help and guidance we could never have accomplished what we have.

We are truly grateful to those who have advertised with us and wish to call upon every student of Morgan Hi to patronize them. We insist that the preference should always be given to them.
