Alma Mater

On the city's southern border,
Reared against the sky,
Proudly stands our Alma Mater
As the years roll by.

Forward, ever be our watch word,
Conquer, and prevail.
Hail to thee, our Alma Mater,
Morgan High, all hail!

Years may dim our recollection;
Time its change may bring;
Still thy name in fond affection
Ever more we'll sing.

Alma Mater, Alma Mater,
Tender, fair, and true,
Grateful hearts, with love unfailing,
All our vows renew.

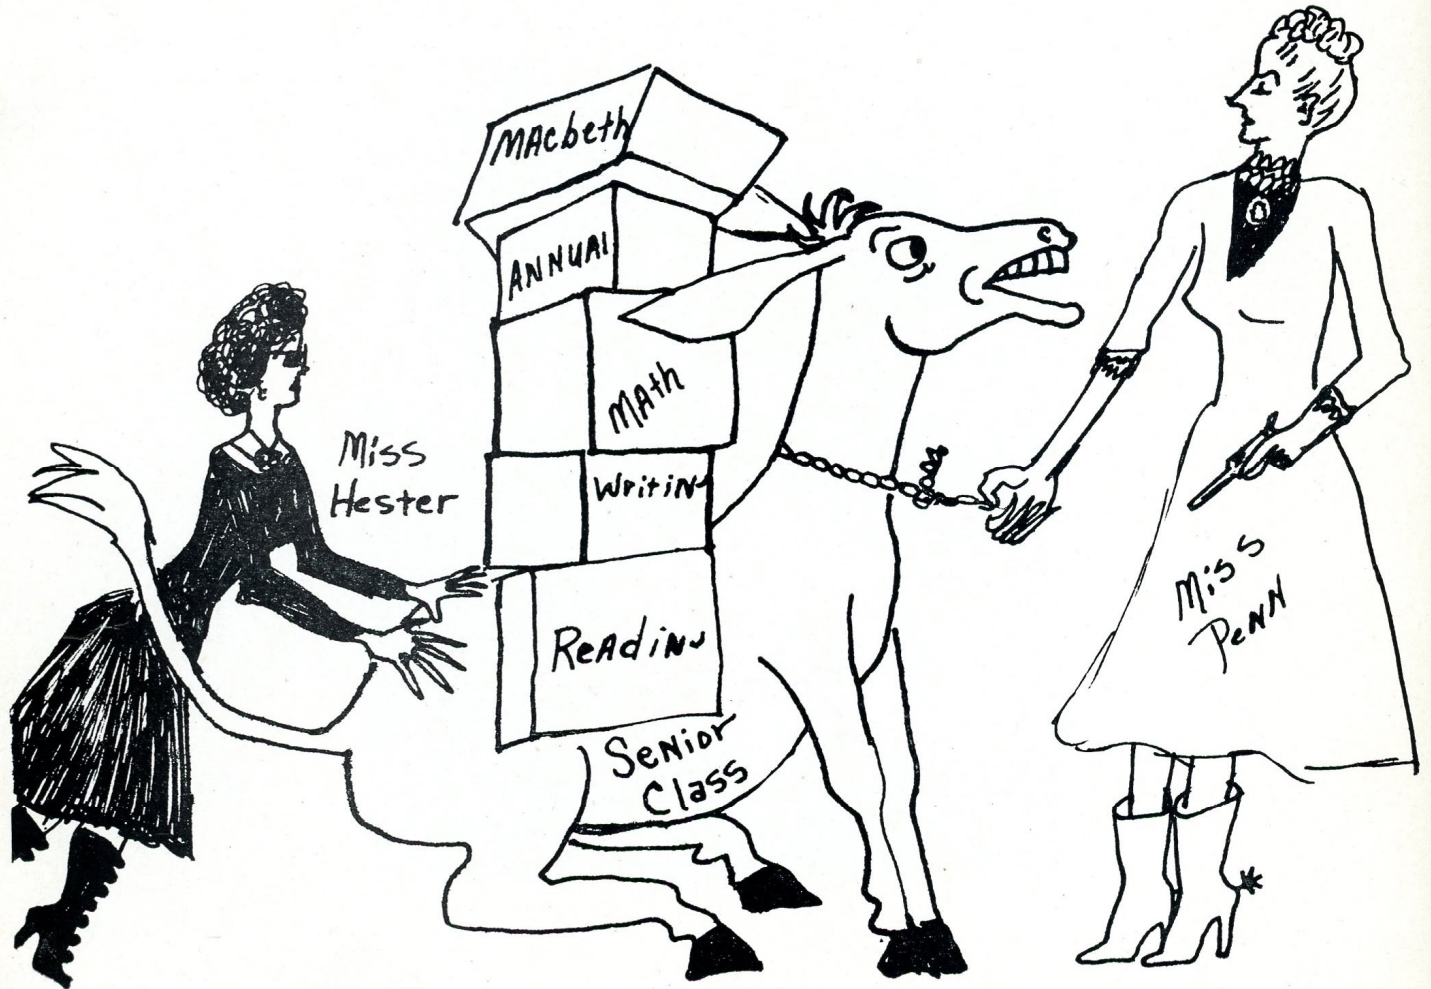

We Dedicate This Book

with all sincerity to Miss Lizzie Reed Penn. She holds the place of seniority in the faculty and she is highly respected by both the faculty and the student body.

We Seniors of Morgan High know that without her kindly guiding hand we might have faltered in our journey through senior high. We owe a debt of sympathy and thoughtfulness, of serious study and gay laughter to dear Miss Penn. May God pour out His richest blessings upon you, Miss Lizzie.

The Forty-Nine Forty-Niners

Here it is, the centennial of the gold rush in California, and we've struck gold right here at Morgan County High, namely . . . "THE FORTY-NINERS!" With forty-nine members enrolled in the senior class, and as the graduates of 1949, we find the name not on fitting, but truly indispensable, as we will be the last '49ers for 100 years, and most of us won't be around then . . .

It all started back in 1936, when at different parts of the United States, forty-nine scared and excited kiddies looked around a first grade class room and said, "So this is life!"

It will end in May of the year 1949, when the same "kiddies" . . . a little older . . . a little more experienced, will march into Riddle Auditorium to the strains of "Pomp and Circumstance" and accept a parchment with trembling fingers . . . twelve years of "larnin' " behind . . . a whole life ahead!

The Class of 1950

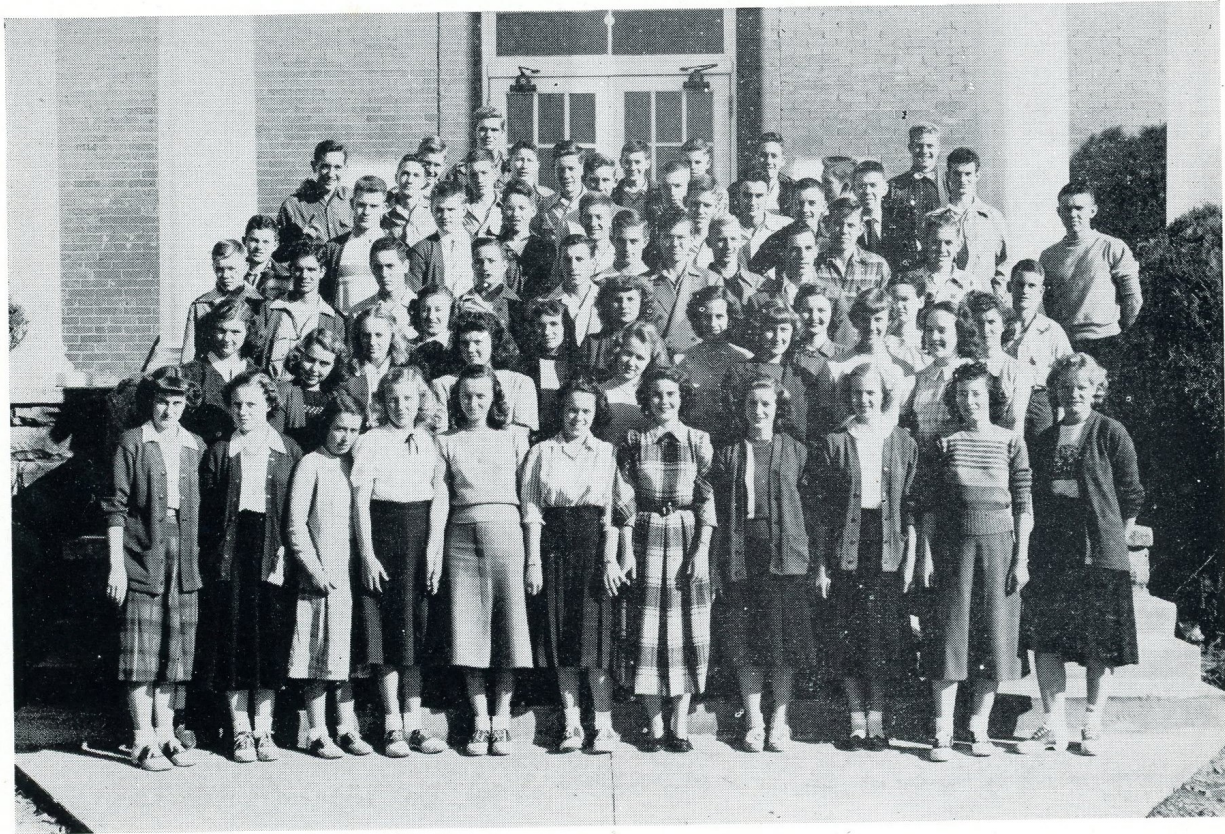

By now you may be guessing about the "Juniors". Well, ours is the class to keep you guessing. We are now the Senior II Class of '48-'49, but we started as the first grade of '37-'38. We shall never forget our first teacher, Miss Kracke, and her enduring patience as she gave us our first boost into the wide world around us. Of the 69 Juniors this year, only 18 of us remain from the original class.

Our class has run away with many honors this year as in years before. When we were in the 9th grade, Betty Clemons won Harvest Queen of M. C. H. S. over five other candidates. When we entered basketball season in the 10th grade, the girls won school championship. Then honors struck again. This year for the first time in 16 years, the Junior Class won over the Senior Class in the annual magazine drive. Another good fortune was bestowed upon us for having the best float in the homecoming parade.

We have had our struggles and we have had our good times to make up for our hardships, so all in all we will never forget our Junior year at M. C. H. S. and our greatest boosters, Mrs. Harwell and Mr. Creel.

The Class of 1951

The Sr. I Class? Oh, yes! We are 73 strong with 36 girls and 37 boys. In our class there are those who excell in athletics, band playing, singing and, last but not least, "book larnin' ". On the quiet side, we must admit that there are known to be a few who are masters at "simply sitting." We hope that by the time we are Seniors (if ever) that they will have worn these seats out and have found new ones (at a higher level).

The Class of 1952

What a class! 48 girls and 42 boys! Pretty girls? Yes!! Handsome boys? Well, yes! Just watch us go through the years. We're going places! Where? Well, we just don't know but we're on the way.

Although we have had our hardships in study hall and kept the path warm on the way to the office, we have had lots of fun down the road to success. Our exams were hard, but taking our report cards home was much harder. Sometimes we got mad at our teachers, but in the end they are pretty good pals. They were standing there ready to help when hardships faced us. We've had lots of fun here, but we plan on having more in our three remaining years at M. C. H. S.

The Class of 1953

The Junior II Class entered M. C. H. S. in 1946 with eighty-two students. At first we were lost and couldn't find our way, but soon we got acquainted with the customs at M. C. H. S. During our first year the student council sponsored a singing contest in which all six grades of school competed. Our class won second prize by singing "You're A Grand Old Flag".

We started off our second year with a "BANG". We elected for our student council representatives, Virginia Johnson and Robert Peck. Our candidates for Harvest King and Queen were Sue Attkisson and Billy Sparkman.

Now our second year at Morgan High draws to a close with our group growing more certain of our place in the school community. We hope to be Jr. IIIs next year with new fields to conquer.

The Class of 1954

On September 6, a band of eighty-five eager, young students entered dear old M. C. H. S. There were so many of us that we were divided into three sections, but this did nothing to dampen our spirit.

In October the school had a contest to elect a Harvest King and Queen. Each class had a candidate and the Jr. I Class won the contest for the Junior High. The King and Queen we elected were Dwayne Smith and Jean Clemons.

The rest of our first year here has been a busy one—mostly spent in getting acquainted with all the new things. Being the youngest class in school, we couldn't be expected to make ourselves known too well this first year, but give us time. We still have five more to go!

Activities . . .

Activities at M.C.H.S. aren't quite as notable as in 1849, because at that time folks were searching for gold. But we still have some gold diggers around

These "gold diggers" of our school have the opportunity to develop wholesome personalities through play as well as through study. After all, school can't be all work and no play.

It is the extra-curricular activities that stand out in our memory as the years roll by. These activities promote the school spirit and cooperation among our students.

The Student Council sponsors assembly programs, Amateur night, and a Field Day. Thanks to the National Honor Society and Charles Mays' well-run store, the students may obtain "supplies" which are so necessary! The National Honor Society recognizes scholarship, leadership, character and service. The M-Club recognizes sportsmanship; its membership is made up of those who earn letters. The Ushers Club is made up of the Senior boys, who serve as ushers for all assembly programs. The F. F.A. and F. H. A. provide opportunities for vocational students to gain state-wide recognition. The 4-H Clubs strive "To Make the Best Better." The Band has been displayed on several occasions and did a splendid job under the leadership of their new director, Mr. Cowart.

Members of these organizations will testify that these activities help them to maintain the school spirit and feel that they are a part of the school. Our traditions make our institution; they have grown as our Alma Mater has grown. We would not want to do without them.

Sports . . .

The M. C. H. S. Tigers had a very successful year of sports for 1948-49. The football team was a well-trained, hard-fighting, clean-playing eleven, and M. C. H. S. is very proud of its record. We were lucky in having Coach H. L. Paul with us this year. He not only trained a good football team, but he organized a well-rounded physical education program for all the boys of Morgan County High School.

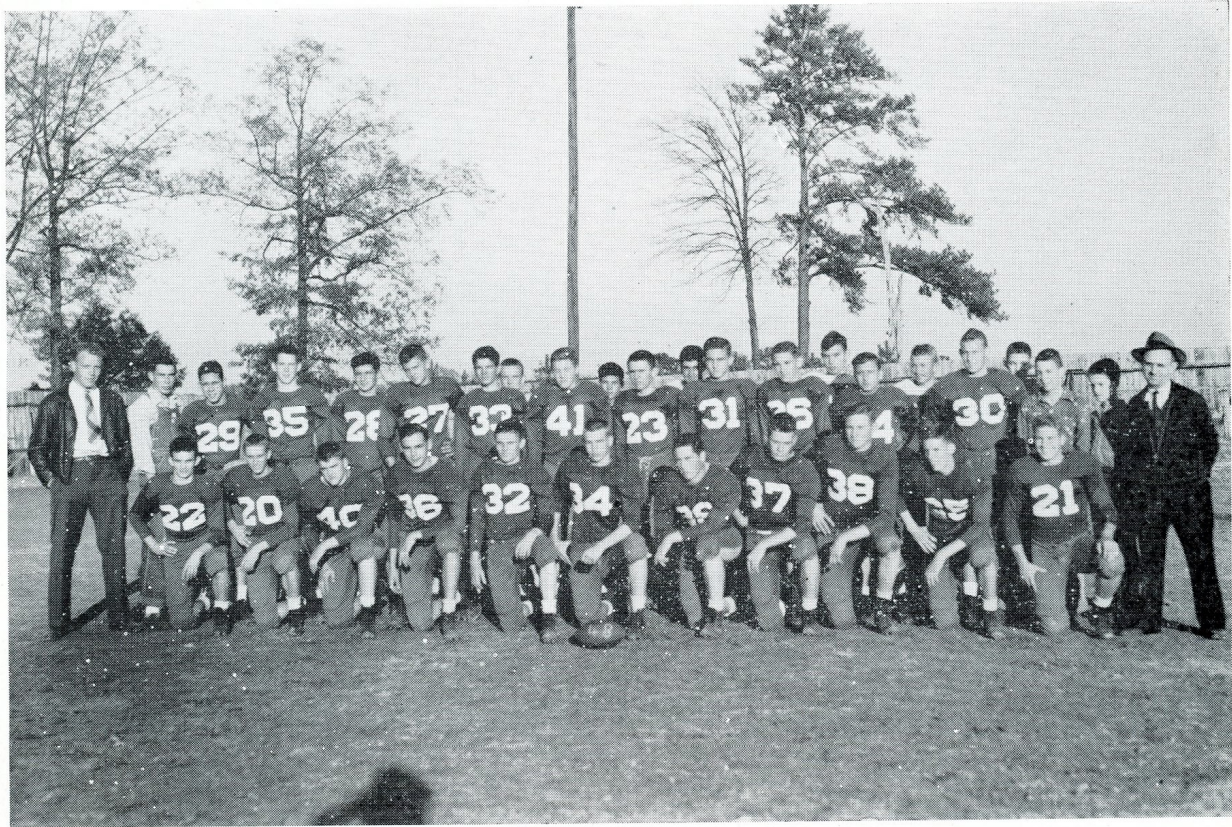

The M. C. H. S. basketball Tigers, under the capable direction of Coach J. C. Pettey, came through the season with an enviable record. They won 25 out of 28 games, losing only one game within the county. In the county tournament our team defeated Priceville, Cotaco, Austinville and Union Hill, making them County Champions. In the 8th District tournament, we also came out on top, after defeating Fairview, Scottsboro, Fort Payne and Huntsville.

Among the 10 outstanding players in the county, Morgan was represented by Speegle, Chunn, Kracke and Stephenson. Speegle received an individual award for being the most valuable player in the county. In the top 10 players of the district Morgan again came through, being represented by Speegle and Chunn. For the first time the Morgan Basketball Tigers went on to the State Tournament in Tuscaloosa.

The school was very proud of the boys that represented them in athletics, and the boys have every reason to be proud of the fine job they did.

Down Memory Lane

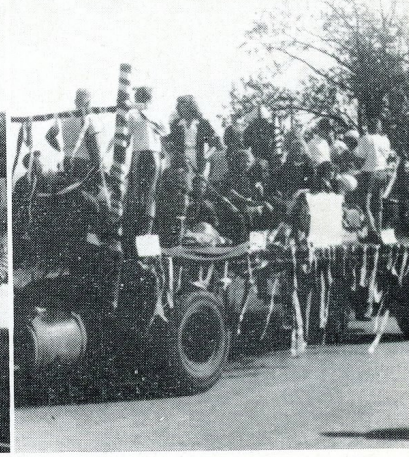

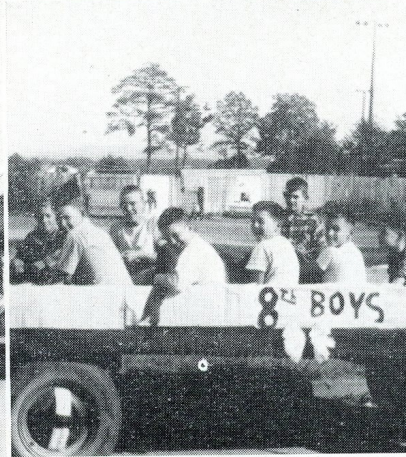

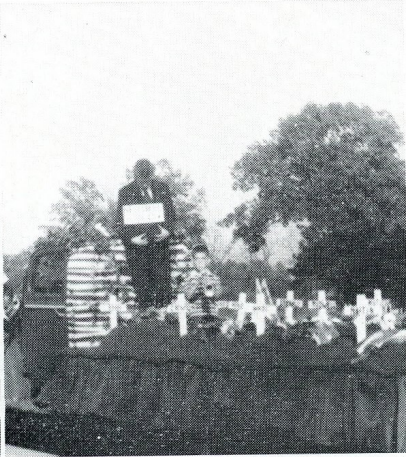

When we come to the end of the rainbow,
And our stories are written and told,
Each one will have found a treasure,
For our memories will be our gold.
