

Agriculture Education
Introduction to Agri-Science
Course Syllabus

Preliminary Requirements:

Students must be an FFA member and must carry out a Supervised Agricultural Experience (SAE) from at least one of these areas: Entrepreneurship, Placement, Research or Exploratory.

Course Outline:

“This course is a ninth-grade course that lays the foundation for introduction into one of the seven pathways. Content includes animal science, plant science, plant and soil science, agribusiness and economic principles, and agricultural mechanics. This course is a prerequisite to all upper-level agricultural education courses.” Okcareertech.org/aged

Course Overview:

Introduction to Agri-Science will introduce students to all areas of agriculture and the many opportunities it has to offer, not only for competitions, or scholarships but also careers. Some technology will be utilized in this course as well as hands on learning material. This class will also help develop leadership skills. Students are required to be members of the FFA as well as participate in Career Development Events, and other educational programs outside of the classroom.
