ACADEMICS

A. Academic Integrity - Academic integrity or honesty refers to the proper decisions students should make when faced with the opportunities to cheat, copy or represent the work of others as their own. Academic dishonesty is a serious offense.

Examples:

A. Participating in Group Work

- Displays academic integrity:
 - A teacher assigns a group project and work reflects a group effort.
 - A teacher assigns an individual project; several students work together and generate general ideas but each completes and submits an individual project.
- Displays academic dishonesty:
 - A teacher assigns an individual project; several students work together to complete the project, each making minor modifications so it looks like the work was individually done.

B. Getting Help With Work

- (1) Displays academic integrity:
 - (a) A student borrows another student's notes to prepare for a test.
 - (b) A student explains problems from a math class to another student.
- (2) Displays academic dishonesty:
 - (a) A student is having trouble with algebra. An older sister does all the even numbered problems and the student does only the odd numbered problems.
 - (b) A student has to do a report on Japan and finds a report an older brother did two years ago; the student uses most of the content of the old report for their report.
 - (c) A student gets home from practice late and tired; a parent does an assignment due the next day.
 - (d) A student "loans" his homework to a friend to use.
 - (e) A student tells a friend in a later class what items are on the test.

Plagiarism

- (a) According to *Black's Law Dictionary*, "plagiarism is the act of appropriating (taking) the literary composition of another, or parts of passages of his writings, or the ideas or language of the same, and passing them off as the product of one's own mind." In other words, do not copy any word or idea, in part or in whole, from anyone.
- (b) *Examples:*
 - Copying stories directly from movies or television programs.
 - Turning in music lyrics as original poetry.
 - Copying segments of another's computer program or software file.
 - Submitting purchased written work as one's own.
 - Copying work to submit as one's own without the author's permission.
 - Downloading Internet material verbatim without citing the source.

Consequences of Academic Dishonesty

- (a) Students will receive a zero for the assignment, parents will be notified by the teacher and a disciplinary referral will be submitted.
- (b) Disciplinary consequences will be determined based on a case-by-case review of the incident by an administrator and may range from a warning to an out-of-school suspension.

B. Adding/Dropping Courses

1. All course selections must be finalized with the student's school counselor to ensure all state and local requirements for graduation are being met and to give students the best counsel to help them reach post-secondary career and/or higher education goals.
2. Once schedules are mailed in the summer, students will have a final opportunity to change schedules prior to the start of the school year.
 - A. *Adding a Course*
 - Except for transfer students from other schools, the cutoff date for adding a course is the end of the second week of the course for a half year course and 5 weeks for a full year course.
 - B. *Dropping a Course*
 - Drops for half-year courses must occur by the ninth week and full-year courses by the nineteenth week.
 - Half-year courses may NOT be dropped after nine weeks: November 3, 2023 & March 29, 2024.
 - Full-year courses may NOT be dropped after nineteen weeks: January 19, 2024.
 - A student must:
 - remain in the class at least until October 6, 2023 & March 8, 2024.
 - show an effort to work with the teacher to deal with the challenges the course presents.
 - complete the Course Drop Form stating the reasons for the request.
 - The student, teacher, counselor and parent must complete the form.
 - In some cases, a parent conference may be required.
 - Marking period and progress report grades will be transferred from the current teacher to the receiving teacher. Honors grades will be weighted at 1.05 and AP/Concurrent Enrollment grades will be weighted at 1.10.
 - Students may be required to make up work in the receiving class in order to get on pace with the class as well as earn a grade for the report period.

C. Grading Procedures

1. ***Interim progress reports*** will be generated and mailed home approximately every five weeks.
 - These reports are meant to give students and parents information on the student's academic performance with time to make adjustments prior to the end of the marking period.
2. ***Marking period report cards*** will be generated and mailed home approximately every ten weeks.
 - A student's report card will reflect the grade earned in all courses during the marking period and should include comments from teachers to provide additional information on student's performance.
 - o The student's grade is an average of the graded work assigned and is based on the grading information that the teacher provided at the beginning of the course.
 - A grade of 65 is the minimum acceptable grade for passing a course.
3. ***Incompletes***
 - Incompletes are given only for extenuating circumstances beyond the control of the student, such as extended illness (more than five days) and parent removal of the student from school for more than five days.
 - o Truancy, class cutting, unexcused absence(s) or a lack of effort are not considered circumstances beyond a student's control and therefore are not a basis for receiving an incomplete.
 - An important factor in determining whether an incomplete will be granted for extenuating circumstances will be the time frame in the marking period that the circumstance occurred.
 - o A student experiencing extended absenteeism is expected to make-up work as soon as possible.
 - a. The goal should be that all work is completed within two weeks of the circumstance.
 - b. Students should discuss their situation with their individual teachers to arrange a schedule for completing missed assignments.

Example: If a student misses the third week of a marking period because of illness, it is reasonable to expect the work to be made up by the fifth week; hence, there would be no basis for granting an incomplete.

4. **Merit Honor Roll/High Honor Roll**

These lists will be posted after each marking period.

Merit Honor Roll - An overall average of 84.5 or above in all subjects, including physical education.

High Honor Roll - An average of 89.5 or above in all subjects, including physical education.

5. **Final Course Grades**

- A unit of credit will be given on the basis of the student's final average in a course.

Final Average Calculation - In courses where a midterm is given, the midterm exam will be no more than 1/3 of the second ten week marks.

Half-Year Courses - The final average will be based on the average of the two marking periods multiplied by two and the final examination.

Full-Year Courses - For courses not ending in a Regents exam, the final average will be equally based on the four marking periods and the final examination. For courses ending with a Regents exam, the course average will be based on the average of the four marking periods.

- o If a student earns a higher score on a Regents exam than the corresponding course, the Regents score will be used in the calculation of the student's weighted overall average.

The transcript will be an accurate reflection of courses and state exams taken. All scores will be recorded, including state exams and courses retaken.

6. **Grade Point Average (G.P.A) and Class Rank**

- Students receive a weighted average to determine class rank and G.P.A. for college applications.

Courses are weighted as follows:

- o 1.10 - Advanced Placement courses, Dual Credit College courses, College Level Examination Program (CLEP) courses and Project Lead the Way (PLTW) courses
- o 1.05 - Honors classes
- o 1.00 - All other courses
- An unweighted average will determine a student's eligibility for co-curricular activities, honor roll, parking privileges, National Honor Society, merit and senior honor study halls, and lunch privileges.
 - o Unweighted G.P.A. is calculated by an average of the final grades on a student's transcript.
- Final class rank is determined after the second marking period of senior year, using a total of seven semesters in the calculation.
 - o Final rank determines the top 10% of the class, the valedictorian and salutatorian. ***(These will be announced in the spring of the senior year.)***

D. Homework

Homework assignments are an integral part of our instructional program at Homer. Assignments are designed to reinforce classroom instruction, provide drill in practicing new skills and to introduce new concepts or material.

- Homework assignments should be expected on a regular basis and will normally be counted in computing your average in a course each ten weeks.
 - (1) A typical student will average about two hours of homework per night.
 - (2) Homework assignments should be completed and handed in by the date indicated by the teacher.

Students will be graded in five categories each equaling 20% of the total grade:

Attendance - Students receive one excused absence every five weeks.

- If a student misses more than one class in the five week block, they are expected to make-up the subsequent class(es) in order to receive an excused absence. (See Make-Up Procedure, below)

Participation - Is dependent upon the level of effort and participation for the given class activity.

Skill and Improvement - The student is individually evaluated on the knowledge and demonstration of competency in activities taught, and improvement of the skills for that given marking period.

Personal Relations - The student is evaluated for responsible personal and social behavior and demonstrates respect toward the teacher, classmates and themselves.

Attire - The student is required to dress appropriately for each class. The proper dress is determined by the P.E. Department and will vary with the nature of the activity. (See Dress Code below).

Medical excuses

Any student who is unable to participate in P.E. class for medical reasons must have a note from a doctor.

See High School P.E. Medical Excusal Chart Below

Duration	Placement	Assignments
1 day to 2 weeks	Remain in P.E. class	As directed by the P.E. teacher in class
2 weeks to 10 weeks	Remain in P.E. class <u>or</u> placed in study hall. (To be determined by the nurse and doctor using a medical recommendation form.)	As directed by the P.E. teacher if remaining in class <u>or</u> grade will be determined by classes the student was able to attend.
Longer than 10 weeks	Placed in study hall	Students must see their PE teacher to pick an activity that is being missed – three online makeup needs to be done for each five weeks missed for that corresponding activity. *The three assignments are due to the teacher by the last day of the block

*Blocks run in five week sections that correspond with the five week marking period on the school calendar.

J. Student Academic Progress

The Guidance and Counseling Department - Guidance and Counseling information is posted on the bulletin board outside the office for all grade levels. Also, check the Guidance and Counseling website for new information. The school counselor is the student's academic advisor and advocate to ensure that student progresses appropriately through the system to graduation.

- 2 School counselors will meet with students in the spring to plan coursework for the following year.
- 3 School counselors assist students with personal, social, academic, and career concerns. Some examples discussed with counselors are: college selection, interpretation of test results, grades, study habits, and other matters of personal importance.
- 4 Students should seek their counselor's assistance when they have questions or need to make decisions about their school program, plans beyond high school, or personal concerns. Please work through the Guidance and Counseling office when sending applications for college scholarships or transcripts.

It is the responsibility of the student, their parents and their school counselor, with input from the teaching staff, to continuously monitor a student's progress.

4.SchoolTool - SchoolTool is the District's student data management system. Parents and students have the ability to view attendance, discipline, schedule, grades and demographic information.

5. Google Classroom - Staff can share with students and parents a course specific code to provide access to student assignments and other course information.

To request an account for the SchoolTool Parent Portal, please complete the form found at www.homercentral.org and return it to the high school.

If a student struggles to be academically successful, the teacher should notify the parent and the counselor to discuss strategies for improvement.

- If no marked improvement is evident, an informal conference should be set up with parents and teachers to define the student's problem and monitor the student for successful academic progress.
- If the plan discussed at the conference does not succeed, the school counselor will proceed to a more formal conference, which may include an administrator and more support staff to develop an academic contract that the parent and student must sign.
- Contracts are designed primarily for students in academic difficulty. They can be initiated by either the school counselor or teacher. The contract will not supersede laws or regulations and must be approved by the principal and filed in the Administration Office.

Failures

Full-Year Course Credit Recovery:

Courses must be taken at an approved summer school to receive credit for failed subjects.

- Summer school credit will not be accepted for full-year courses that a student has not taken before.

Students may retake failed full-year courses for one semester.

- To receive credit for the course in twenty weeks, the student must have a passing average for the semester and must pass a comprehensive final exam for the course.
- Students who fail to do so will remain in the course for the remainder of the year.

Half-Year Course Credit Recovery:

All failed half-year courses must be retaken either during the regular school year or at an approved summer school to receive credit.

- Summer school credit for half-year courses that a student is taking for the first time will be accepted.

Regents Exams: The student may elect to retake the Regents Exam at the next scheduled examination date.

Eligibility for Summer School

In order to attend summer school for a failed course a student must have completed the course and must have earned a minimum final average of 50 or higher.

Class Standing

A student's class standing is determined by the total number of high school credits they have earned.

- Sophomore standing = 5 1/2 units of credit or more
- Junior standing = 11 units of credit or more
- Senior standing = 16 1/2 units of credit or more

ATTENDANCE

A. Attendance

The Homer Central School District Board of Education recognizes the importance of regular student attendance to a successful learning experience. Research supports the fact that attendance is crucial to improving student achievement. We recognize that most students have an excellent attendance record and plan to acknowledge those who do.

According to the law, schools operate under the concept of *in loco parentis*, meaning the school is legally responsible for students and their safety for the duration of the school day.

The Compulsory Education Law - Requires the regular school attendance of all children between 6 and 16 years of age. The law requires students to remain in attendance until the last day of the school year in which they become 16 years of age. A parent/guardian is responsible for a student conforming to all attendance regulations and procedures. Repeated violation of attendance rules will be considered insubordinate behavior and the student will be subject to disciplinary measures.

B. Attendance Procedures

All **absences and tardies** are considered unexcused until the student brings a note to school or a parent calls the Attendance Office at 749-7246, extension 4004 to report a child absent or tardy to school.

All notes for absences or tardiness must include the following information:

- Student name
- Date(s) of absence(s)/tardy
- Reason(s) for absence(s)/tardiness
- Doctor/agency's name and telephone number (if appropriate)
- Parent/guardian signature and home or work telephone number for verification

All notes must be submitted within twenty school days of the student's absence or tardy.

- After twenty days, notes will not be accepted and the absence or tardy will remain unexcused.

Not all written excuses will change an unexcused absence or tardy to an excused one.

Excused absence/tardy/early release from school include:

- personal illness
- death in family
- school-sponsored field trip
- quarantine
- impassable roads
- religious observance
- visits to colleges (with prior approval from a school counselor)
- job shadowing (with prior approval from the Career Center)
- required court appointments
- other excuses accepted by the Commissioner of Education

Unexcused absence/tardy/early release excuses from school include:

- overslept
- missed the bus
- job interviews
- hunting
- family vacation
- personal errands
- needed at home

Family Vacation is considered an unexcused absence. Students planning to go on a (family) vacation while school is in session should pick up a Vacation Form from the Guidance and Counseling Office.

- On the form, each teacher will indicate, as much as is possible at the time, the homework assignments for the period of absence.
- It is the responsibility of the student, upon their return to school, to make up all of the work missed.
 - o Students are allowed a maximum of six school days to complete missed work.
 - o A grade of zero will be recorded for any work not submitted within this time limit.
- It is the expectation of the Homer staff that no student will miss final exams for being on vacation. In the event you will be missing for a non-emergency purpose, reasonable notice (one month minimum) should be provided to the teachers and school counselor.

Leaving School During the School Day

Students must follow attendance procedures for leaving the building, which includes:

Bringing a note to the Attendance Office, signed by the parent or guardian, explaining the reason for the release.

The excuse must contain the:

- o student's name, date, grade and time to be excused
- o destination and reason for leaving
- o means of travel from school
- o phone number by which the above information can be confirmed
- o signature of parent/guardian
- If a student has an appointment but does not bring a note that day, a parent or guardian must call the Attendance Office as early as possible to obtain a release.
- The student must sign out at the Attendance Office at the time indicated on the excuse and leave through the attendance door.
- Once in school, only the school nurse or school official can declare a student illness.
 - o If a parent signs out a student for an illness, not seen by the school nurse, that parent must enter the building and sign out the student.

Attendance for Extra/Co-Curricular (including dances) and Athletics

- If a student is absent due to illness, leaves school due to illness, or is illegally absent from school, the student cannot participate in an extra/co-curricular activity on that day.
- Students who are legally excused from school for reasons other than illness will be allowed to participate.
- The administration reserves the right to investigate the validity of any excuse including written verification from doctors, clinics, Motor Vehicle Bureau, probation officers, or colleges.

Make-up Work When Absent from School

Students are expected to make-up all work as soon as possible within ten school days upon return to class.

- The student and teacher should discuss the expectation of when make up work will be completed. A single class absence may not require 10 days to make a missed assignment while a longer period of being absent may require the full 10 days.
- The teacher may consider extenuating circumstances and grant additional days, if warranted. Students are graded accordingly for any incomplete class work and/or activities.

Procedures

- The student should email their teachers and/or check Google Classroom when absent to obtain their assignments.
- If a student is absent for three or more consecutive days due to illness, assignments may be requested from the Guidance and Counseling Office (749-1209) between 7:30 and 8:00 a.m.
 - o Homework will then be available in the Main Office after 2:30 p.m.

C. Communication From the School About Student Attendance

An automated call will notify families of a student absence and a student's unexcused tardy.

- Absent calls go out by 9:30 a.m. for grades 6-12.
- Tardy calls go out by 3:30 p.m. for grades 9-12.

After three or more consecutive unexcused absences, phone contact with the family will be made by the nurse.

Attendance letters are sent to families whose student's attendance drops below 93% and below 85% for both excused and unexcused absences.

If a student falls below the 93% attendance threshold, a letter is sent to the family detailing next steps to improve attendance and a meeting with the student may be held.

- o The letter will include a period of time for improvement.

If a student falls below the 85% attendance threshold, a letter is sent to the family and parent meeting is requested.

- o Consideration for DSS preventive services or Cortland County Coordinated Children's Services Initiative (CCSI) referral is discussed.

A student who remains at or below the 85% attendance threshold for more than five weeks may result in a Person in Need of Supervision (PINS) diversion referral.

D. Discipline Procedures

Truancy

- Students who are truant from school for the whole day will receive a Saturday detention.
- Students truant on a test day will not be allowed make-up.
- A pattern of truancies will lead to a principal's meeting.

Leaving the School Building Without Permission/Failure To Sign In or Out of School

- Students who do not follow the correct procedures for leaving or entering the building will receive a Saturday detention.

Unexcused Tardies to School

- Consequences for tardies to school will be tracked per semester.

Unexcused Tardies	Response
5	Warning- Meeting to review attendance policy and discuss causes of tardiness to school.
10	9th period office detention
15	2 hour office detention
20	Saturday detention and a letter requesting a student/parent conference with the principal to develop support to address chronic tardiness to school ("Individual On Time Plan" may include morning detention, loss of driving privileges, loss of late entry privilege, etc.)
25+	Additional disciplinary consequences and/or loss of privilege(s) according to the Student Plan.

Class Cutting

Students are expected to attend all classes, study halls, homeroom, A.I.S. and mandatory 9th period. Being prompt and consistent in attending class ensures that the continuity of learning is not disrupted. After a student arrives at school, any absences from scheduled classes and study halls without parental or school permission are classified as cuts and constitute an illegal class absence. Education Law mandates that students must attend scheduled classes and study halls for the entire time the school is in session.

- A student who cuts one class, study hall, homeroom, A.I.S. or mandatory 9th will be assigned two 9th period detentions. (*Repeated class, study hall, A.I.S or mandatory 9th period cuts will be dealt with individually and involve further disciplinary action.*)
- A student who is truant or cuts a class may receive a zero for class participation, for any tests or quizzes given during the class and for any homework due on that day.
- A student who cuts classes for the whole day will be assigned a minimum of a Saturday detention.

Class Tardiness - A little late for class is too late. A student that is late, or is late for a class because the previous teacher delayed them, a pass should be requested from that teacher to be admitted to the next class. If a student arrives to class after the bell has rung, the teacher may assign detention for the lateness.

- Repeated lateness will result in progressive disciplinary actions.

E. Early Release/Late Entry - SENIORS ONLY

Requirements

- Seniors must be enrolled in a minimum of five credits in addition to P.E.
- Seniors must be in good academic standing, passing all subjects
 - Grades will be checked every ten weeks - Any student not passing a course(s) will no longer qualify for Early Release/Late Entry and will be placed in a study hall.
- Seniors must have 90% or better on time and in school attendance rate. Attendance will be checked every five weeks.
- A completed Senior Early Release/Late Entry Form must be turned in to the Administration Office.
 - It must be signed by the student, school counselor, a parent/guardian and the principal. A parent must verify the student has arranged consistent transportation.
 - Such permission is a privilege and the student's academic performance, attendance and behavior during the school year determines whether or not the privilege continues.

Early Release

- The employer name and contact information must be listed on the form.
- Students must sign out through the Attendance Office and leave the building and school grounds at the designated time.

Late Entry

- A senior must have a study hall at the beginning of the day.
- Students must sign in through the Attendance Office and be on time to their scheduled class.
 - If students have repeated tardiness this privilege may be revoked.

Start of the School Day

It is very important that students arrive at school on time; on-time attendance is a critical starting point for high levels of student achievement.

- Students arriving at school before 7:55 a.m. are to wait in the main Gymnasium or Cafeteria.
- Students will report to their 1st period class upon entry to the building at 7:55 a.m.
- Students must be in their 1st period class by 8:05 a.m.

EXTRA/CO-CURRICULAR ACTIVITIES AND ATHLETICS

Homer students are privileged to participate in extra/co-curricular activities and sports. These activities are important components of our total educational program.

A. Extra/Co-curricular Activities

Extra/Co-curricular activities are all school activities (membership in which is a student choice) that are not related to the activities of a credit bearing class. Successful participation in activities outside of the regular school day requires an extra measure of time, energy and commitment. Students must be able to meet the additional time and energy demands of club and sport participation.

- Parents and students are urged to seriously discuss the impact of the extra time and energy required to participate in extra/co-curricular activities and the eligibility rules a student must follow to remain qualified for these activities.
- Students who participate in extracurricular activities should recognize that they have an obligation to themselves, their co-participants, and the school community, to strive for excellence.

It is hoped that participation in these programs will enable students to value their learning experiences, instill self-discipline and self-control and to develop mature behavior and judgment.

- Students must display appropriate maturity in terms of being in control of themselves at all times.
- As role models and as representatives of our school community, school club and/or sports participants have an extra degree of responsibility.

B. Academic Eligibility Policy

The mission of the Homer Central School District is high academic standards for all students. Extra interscholastic athletics are an integral part of the education program at Homer. Our students must realize that the academic and co-curricular programs both strive to achieve this mission.

The Academic Eligibility Policy is established to ensure that the District's mission is being met. Academic eligibility rules apply during the respective activity/sport season. Eligibility will be based on the work of the student for the five-week period prior to participation and is reviewed at each five week report for any student with a failing grade.

Eligibility shall be determined from grades in all subjects in which the student is enrolled. Dropping a course to allow athletic/co-curricular activity eligibility is not acceptable.

Eligibility lists will be prepared as soon as reports are issued. Eligibility for the first five weeks of the school year will be based on the marks received the preceding June. In the event a student attends summer school to make up a deficiency, the summer school mark may be substituted for the June grade.

A student failing one course:

- must attend a minimum of two extra help classes each week in that subject in order to stay eligible.
- must demonstrate effort and progress.

A student failing two courses:

- will be placed on probationary status for two weeks. The probation period starts at the date of notification.
- must attend a minimum of two extra help classes each week in each subject in order to stay eligible.
- must demonstrate effort and progress.
- will be ineligible for contests though game/activity attendance will be at the discretion of the coach or advisor.
- will have his/her grades reviewed at the end of the two-week period.
- If the student has not brought at least one of the failing grades up to a passing level at that time, he/she will remain ineligible for further participation in contests for the remainder of the five week grading period. He/she will then be placed at the appropriate level using the new grade report.

A student failing more than two courses:

- will be ineligible to sign up, try out for, or continue participation in activities.

- will have his/her status reviewed using the next five-week report. He/she will be placed at the appropriate eligibility level using the new grade report.

It is the student's responsibility to re-establish his/her eligibility. Athletic/activity contest participation can be re-established by having no more than one failing grade.

C. Athletics

Physicals

The New York State law requires that a student have a physical each year in order to participate in sports.

- One physical exam per school year is sufficient for all sports that school year. A physical exam is good for twelve months from the date acquired.
- The school arranges physical exam dates before each season. These are announced over the PA system, posted on the bulletin board of the Athletic Director's office, and listed in the newspaper.
- If a student does not attend the school physical, he/she must get one from his/her doctor. Forms to be filled out are available in the Health Office or in the Main Office. This must be given to the school nurse prior to the first practice.

- Practices are rotated to different locations to allow each team to practice where they play.
- Time slots vary so that teams are not always practicing late.
- Other factors include schedules, cancellations, school functions, and requests from other groups for facility use.
- Please note that due to ice time availability, practices for ice hockey may be scheduled before the official start of the school day.

Transportation to Practices

- Many of our athletic activities do not have practice facilities at the high school.
- Athletes have to travel to another school or community site to practice. Parents must be aware of how this transportation is taking place.
 - o The school may not transport athletes to all practices.
 - o It is the athlete's and/or parents' responsibility to get the student to his/her practice.
 - o This may involve the athlete walking, running, driving, or riding with another student, coach or a parent.

D. Class Organizations

Activities - Each class has a fundraising activity and particular activities in which it either participates and/or sponsors. Dances are sometimes held after sporting events sponsored by a class, club or organization. The funds that are raised during freshman and sophomore years as well as junior and senior years goes to help defray the costs involved for the junior/senior prom, as well as the senior banquet and other possible senior activities. Each class participates in the Homecoming banner parade during halftime of the Homecoming Football game.

Class Officer Elections - Class elections for sophomores, juniors and seniors are held in the spring for the following school year. The freshmen class election is held in the fall. Please see your class advisor for specific information, if interested.

Advisors

Freshmen and Sophomores: Mrs. Bosch & Mr. Young

Juniors: Mrs. Knight & Mrs. Tracy

Seniors: Mrs. Wakula

E. Clubs and Activities - Below is a list of clubs available for students:

Club	Advisor(s)	Description
Blue Notes	Mrs. McLaughlin	Blue Notes is an extracurricular jazz vocal ensemble composed of a select group of choir members who are chosen through auditions in the fall. The group performs at concerts, competitions, and various school functions throughout the year. Students must be a current member of a curricular choir (concert or chamber) as well as maintain good academic standing to be eligible for this group.
Environmental Science	Mr. Graves Mrs. Krauss	Members compete with teams from various Cortland County school districts in an annual event, which is sponsored by the Cortland County Soil and Water Conservation District in collaboration with Cornell Cooperative Extension. Students compete in different science skill areas such as determining soil composition and pH level, wildlife and tree identification, and water analysis, among other tasks.
Distributive Education Clubs of America (DECA)	Mr. Dolson	Distributive Education Clubs of America (DECA) is the largest business student organization in the world. It is a nonprofit 501(c)(3) education association, preparing students for careers in business and business-related fields. Membership to DECA requires student enrollment in a business education class as well as a nominal fee to the national organization. Benefits of membership are vast! Students will develop a competent, assertive business leadership style; participate in individual projects that contribute to the improvement of home, business and community; develop character, prepare for useful citizenship, and foster patriotism; encourage and practice efficient money management; encourage scholarship and promote school loyalty; and facilitate the transition from school to work. There is also the opportunity to compete locally and nationally, earn trophies, cash and more. Student membership also provides for exclusive membership to industry publications.
National FFA	Mrs. Head	FFA (formerly Future Farmers of America) is the national organization of, by, and for students enrolled in agri-science or agricultural education. FFA is intra-curricular and originated as a part of the high school agriculture education curriculum. Members experience leadership opportunities to improve their personal abilities and career experiences in the agri-science industry and their local communities.

International Club	TBD	The purpose of the International Club is to provide activities of an international nature for the world language students of Homer High School. This club represents world language students and supports some of the expenses incurred within world language classes, as well as student travel, international themed dinners, language competitions, language entertainment, special projects, possible support of a foreign child, and special activities with Homer's exchange students. The newspaper staff is headed by a student editor-in-chief who coordinates the overall production of the newspaper and distributes story and photography assignments. Any student interested in contributing on a continuing or occasional basis is welcome to join our staff.</p> <p>Beginning with the 78th anniversary edition of the <i>Olympian</i> on September 30, 2008, the newspaper became an all-digital publication. In the first full year of creating a digital newspaper, the <i>Olympian</i> staff saved more than 100,000 pages from being needlessly printed and soon after, discarded. The conservation of resources is a valuable example of how organizations, large and small, can reinvent their modes of operation to be more sustainable and responsible. Students with an interest in writing, photography, and/or graphic design are encouraged to join the <i>Olympian</i> staff. Meetings are held on a monthly basis in room 121.</p>
Pit Band	Mr. DiGennaro	This group provides live music for the spring musical. This includes backing up the singers on stage and underscoring music and scene changes. Students start rehearsing regularly in January and join with the cast and technical portions of the show two weeks before the show opens. The music is the same music played by professional Broadway musicians, so it's challenging but at the same time fun and rewarding. Interested students in good academic standing must be in a concert band to be eligible.
Ruby Rhythms	Mrs. McLaughlin	Ruby Rhythms is an extracurricular women's choir comprised of a select group of choir members who are chosen through auditions in the fall. The group performs at concerts, competitions, and various school functions throughout the year. Students must be a current member of a curricular choir and maintain good academic standing to be eligible for this group.
S.A.D.D	Mr. Massenzio	SADD stands for "Students Against Destructive Decisions." This group plans several activities each year, the most noteworthy of which are the pre-prom safety activities in May.
Shakespearean Society	Mr. Cleland	Membership in the Shakespearean Society is an honorary position that recognizes the work done by an individual on theater productions during the school year. Any student may participate in the plays in any form (sets, props, acting, etc.), and membership is voted on by the present members.
Student Government	Mr. Hatch Mrs. Webb	The purpose of the Student Government is to enable students to voice their opinions, discuss and suggest solutions to school problems, other school related matters and share new ideas. Student Government acts as a liaison between the students, administration, faculty, and staff. This organization plans student activities and participates in orientation, open house, spirit week, sponsors dances, and also does humanitarian functions. Student Government is open to all interested students. Officers are elected at the end of each school year by students in ninth, tenth, and eleventh grades.
Winterguard	Mrs. Spalding	This extracurricular group participates in competitive winter color guard circuits. The ensemble performs many types of music and annually employs top choreographers and instructors to work with its sections. In return for extra rehearsal time required, extra rewards (such as banquets, award ceremonies, and trips) are planned. Membership is open to all.
Youth in Government	Ms. Giordano	Youth and Government is a nationwide mock state government program for students who have an interest in government. Students in the Legislative Branch will write bills, which are proposed laws, the Judicial Branch decides how the laws will write a brief and argue an appellate case and the Executive Branch, led by a student elected Governor, will decide whether to sign a bill into law. You could be a part of the Legislative Branch or the Judicial Branch. If those don't sound interesting, you could be a part of the press which writes articles about the program for the state conference or a lobbyist which persuades the legislators to change their vote. In March, students from all around the state will meet in Albany for a three day state conference. In Albany, the students will go to the actual capital and debate in the same chambers the state government does. This gives the students a bird's eye view of what the state government does.

National Honor Society (NHS) - The purpose of National Honor Society is: to create enthusiasm for scholarship, to stimulate a desire to render service in school and the local community, to promote leadership in students, to develop character in the students of secondary schools.

Selection Procedure:

- For many students, selection as a member of the NHS is the pinnacle of their achievements in school. This honor, recognized throughout the nation, is both the public recognition of accomplishment and the private commitment to continued excellence on the part of the student.
- National guidelines require that membership be based on specific criteria. Prospective members need to see the Society advisor for a detailed guideline for each of the following criteria: ***scholarship, leadership, character, and service.***

- Students who are eligible scholastically are notified by the faculty advisor and are encouraged to complete a Student Activity Information Form for consideration for selection to the NHS chapter by the Faculty Council.
 - o Students must complete the form and return it to the advisor by the deadline date. The information form is not an application for membership and review of information gathered does not guarantee selection. The form exists to support the student's candidacy by providing relevant information for use by the Faculty Council.
- The Faculty Council consists of five voting faculty members who are appointed by the principal. The Faculty Council Reviews each Student Activity Information Form along with any other verifiable information about each candidate and his or her activities that define the candidate's leadership, service and character.
- Candidates receiving a majority vote of the Faculty Council will be invited for induction into the chapter. *(The principal votes only in the case of a tie. The advisors do not vote.)*
- Students who are selected are notified of their selection and given information regarding the upcoming induction ceremony and the obligations of membership in NHS. The formal induction ceremony will be held in the spring.

Student Member Responsibilities: Members have a responsibility to continue to demonstrate outstanding character, scholarship, service, and leadership. Participate in a service project(s).

- The chapter must conduct a service project for the school or community, and see to the development of an individual service project for each member.
- Participate in any fundraising projects the chapter sponsors.
- Attend regular meetings of the chapter to conduct chapter business and communicate with members.

Disciplinary Measures: Should a member fall below the standards by which the member was selected, the Faculty Council decides on appropriate disciplinary measures. Disciplinary measures will be consistent with both local school policy and NHS national guidelines. Flagrant violation of school rules or civil laws will result in a dismissal hearing. A student who is dismissed or who resigns is never again eligible for membership in the NHS.

Probation:

- If a member falls below the standards by which he/she was selected, he/she will be warned in writing and placed on probation. During the probationary period, the member will be given the opportunity to correct the deficiency. Only one probation is allowed during the entire membership. After a second standards' infraction, the dismissal process will be set in motion. Infractions include, but are not limited to, the lack of completion or documentation of service projects and violation of school rules.

Dismissal:

- The procedure for dismissal is determined by the Faculty Council in compliance with the rules and regulations of the NHS.
 - o If a member falls below standards, he/she will be warned in writing and placed on probation (see Article VIII).
 - (a) In the case of a flagrant violation of school rules or civil laws, a warning is not necessary for dismissal, but a dismissal hearing will still be held.
 - o In all cases of impending dismissal, the member will have a right to a pre-hearing and hearing before the Faculty Council.
 - (a) The chapter advisor(s) chairs the Faculty Council but acts as ex-officio for non-selection or dismissal issues.
 - o If a member is dismissed;
 - o A written notice is sent to the member, the parents/guardians, and the principal.
 - o The member must then surrender the NHS emblem and membership card to the chapter advisor.
 - (a) If a member is unwilling to do this, the matter is then treated as a school disciplinary matter.
 - o A dismissed member may appeal the Faculty Council's decision to the principal, whose decision is based on adequacy and fairness of the Faculty Council procedures.

If for some reason the student inadvertently forgets their Chromebook at home, they are allowed to sign out a Chromebook for the day from the Main Office. The availability of a loaner is on a limited basis. Due to the limit and the ultimate responsibility for a student to be prepared for class daily we have instituted a Chromebook Loaning Policy Threshold. Please see the thresholds and response by the administration in the below chart.

Chromebook Loaning Day Thresholds	Response
5 days	Warning - Meeting to review Chromebook Loaning policy and the importance of being prepared daily.
10 days	9th Period office detention
15 days	2 Hour office detention
20 days	Saturday detention and a letter requesting a student/parent conference with the Principal to develop support to address the student's responsibility for having their Chromebook in class daily as opposed to borrowing one from the Main Office.
25+	Additional disciplinary consequences and/or loss of privilege(s) according to the Student Plan.

Additional Notes:

- Students with a Chromebook that needs to be repaired will not be subject to this Chromebook Loaning Policy Threshold. Damaged/broken Chromebooks should be taken to the Main Office to be given a loaner until theirs is restored or replaced.
- Please note the Chromebook Loaning Policy Threshold is for the entire school year and will not reset at the end of the second quarter (mid-year).

 - "Eligible student" under the Elementary and Secondary Education Act (ESEA) and the National Defense Authorization Act is defined as a secondary student who is 17 years of age or older or in the eleventh grade (or its equivalent) or higher.
- Under the Family Educational Rights and Privacy Act (FERPA), the District must provide notice to parents or eligible students of the types of student information that it releases publicly.
 - This type of information, commonly referred to as "directory information," includes, but is not limited to, items such as students' names, addresses, and telephone listings.
 - "Eligible student" under FERPA is defined as a student 18 years of age or older or who is attending an institution of post-secondary education.
 - The notice must include an explanation of a parent's or eligible student's right to request that "directory information" not be disclosed without prior written consent of the parent or eligible student.

A single notice provided through a mailing, student handbook, or other method that is reasonably calculated to inform parents/eligible students of the above information is sufficient to satisfy the notification requirements of both FERPA, ESEA and the National Defense Authorization Act.

- The notification shall advise the parent/eligible student of how to opt out of the public, nonconsensual disclosure of directory information and the disclosure of name, address and telephone listing to Military Recruiters; and shall state

the method and timeline within which to do so.

In compliance with the ESEA and the National Defense Authorization Act, the District shall give Military Recruiters the same access to secondary school students as they provide to postsecondary institutions or to prospective employers.

- If a parent/eligible student opts out of providing directory information (or any subset of such information) to third parties, the opt-out relating to the student's name, address, or telephone listing applies to requests from Military Recruiters as well. For example, if the opt-out states that telephone numbers will not be disclosed to the public, the District may not disclose telephone numbers to Military Recruiters.

The Superintendent or designee shall ensure that appropriate notification is provided regarding the opt-out rights prohibiting release of directory information and/or release of name, address and telephone listing to Military Recruiters.

Parking violations will be treated like other misconduct. Parents will be notified of parking misconduct and repeated offenses will lead to a loss of parking privileges and/or other disciplinary consequences.

The Homer Central School District retains authority to conduct routine patrols of the student parking lot and to inspect the exteriors of student automobiles on school property. The interiors of student vehicles may be inspected whenever a school authority has "reasonable suspicion" to believe that illegal, hazardous or unauthorized materials are contained inside. Such patrols and inspections may be conducted without notice, without student's consent, and without a search warrant.

Parking Lots

Seniors that have an unweighted academic average of 85% and above will be assigned spaces in the upper north lot first. ***Seniors*** that have an unweighted average below 84.5% will park in the upper north lot and may be assigned a spot or be asked to use first come-first-serve spaces. ***(If all student spots are filled, students should park in the lower north lot.)***

Juniors will park in the lower north lot on a first come-first-serve basis. ***(If all spots are taken, students must park on Park St.)***

Students are not to be in the parking lot during the school day without prior permission from an administrator. Any student found in the parking lot during the school day will be subject to disciplinary action. Students must park in the student parking lot only. R. Pledge of Allegiance

Students have a constitutional right not to participate in the Pledge of Allegiance. Students are expected to display respect during the recitation of the Pledge of Allegiance. As long as the student is not infringing upon the rights of others and is not being disruptive, the student should not be treated differently from those students that choose to participate. Students should be allowed to remain quietly seated and should not be criticized, sent to the hallway, ordered to stand, threatened or punished due to not standing. The student's parents should not be contacted regarding their participation or nonparticipation in the pledge. The Constitutional right belongs to the student.

S. Resolution Student/Teacher Disagreements

The vast majority of interactions between students and teachers are positive. Occasionally disagreements do arise. It is our expectation that most disagreements between student and teacher will be worked out at the student/teacher level. On occasion, students or their parents may feel the need to involve a school counselor or administrator in discussions. On rare occasions, a parent may feel the need to contact the Superintendent of Schools for resolution of matters that have not been worked out at the building level.

T. Safety Drills

Fire Drills/Evacuations - In the event of a fire drill or evacuation, students must follow the instructions of their teacher or any staff member. Students must remain with their teacher during the drill or evacuation and wait quietly in an orderly fashion. All students and staff will immediately proceed to the designated exit. Staff will inform students when to return to the building. Under no circumstances are students to leave the property without the principal's expressed permission.

Lockdown/Hold in Place - Students will follow the direction of a staff member in the room, will refrain from using their cell phone, and will remain in the room until being released.

U. Senior Privileges

Homer Central High School seniors have many privileges that other students do not. These are privileges and not rights. The administration reserves the right to revoke these privileges if students do not fulfill the guidelines outlined below.

Applications and permission forms are available in the Administration Office. Senior privileges do not exempt seniors from the requirement of signing in and out when coming and going from campus, whether for lunch or Senior Honor Study Hall.

Senior Lunch Period

Only 12th grade students are eligible for senior lunch privileges, which permits them to leave school grounds during their lunch period. Students who wish to leave school grounds during their lunch period must:

- be in good academic standing (passing all classes)(Checked every ten weeks).
- possess a positive discipline record.
- have a 90% or better rate for both on time to school and school attendance(Checked every five weeks).

Students with permission to leave campus will be required to sign out when leaving and sign in on returning at the Attendance Office. Students who remain on school grounds are expected to remain in the library or cafeteria.

Senior Honor Study Hall

This privilege is offered to seniors who maintain a quarterly unweighted average of 89.5% or better and have a 90% or better rate for both on time to school and school attendance. Students are trusted to monitor their own behavior for study hall and will operate without direct teacher supervision. Students are able to leave the building during their honor study hall period (if permission has been granted by their parents/guardians), but are expected to be on time to their next class.

Students are required to:

- Students are able to sign in and out of study hall more quickly and move about the building more easily than students without this privilege. This is NOT an off campus privilege.

Students are required to:

V. Students' Right to Privacy

The Homer Central School District respects every student's right to privacy, as well as his/her right to access and use the District's facilities in a manner consistent with his/her gender identity.

While the District will make arrangements for students to use the bathrooms and changing facilities of the gender with which they identify, the District also provides private spaces in the form of gender neutral facilities in single stall bathrooms for changing for any student desiring privacy or for any other permissible reason.

W. Study Hall

Students not assigned to an academic class may be assigned to a study hall. Study halls are an opportunity for students to work on school work as well as obtain extra help. Students are expected to report directly to the study hall.

X. Textbooks, Workbooks and Instructional Aids

The school district provides textbooks for all students in the district at no cost. Textbooks are furnished to students with the expectation that this investment be properly safeguarded.

Every student is obligated to give his/her books the best of care. They are to be used and not abused. Reasonable wear is expected from normal daily use. Students will be charged for unreasonable damage or if the student has lost a book while it is checked out to them.

Y. Visitors

Anyone who is not a regular high school staff member is considered a "visitor." All persons wishing to visit the school must report to entrances at the pillars or the lobby and be 'buzzed in' using the intercom system. Visitors will be required to identify themselves, state their business, show their license and sign in. They will receive a sticker I.D. that needs to be returned as they leave the building. All visitors are expected to abide by the rules for public conduct on school property. The administration has the authority to determine whether a visitor has an appropriate reason for being in the building. If a visitor is judged by an administrator not to have an appropriate reason, the visitor will be asked to leave.

Z. Working Papers

Under the labor laws of New York State, all teenagers under the age of 18 are subject to certain regulations regarding employment and must obtain employment certificates (also called “working papers”) before they can be legally employed. Although the school acts as the dispensing agency for the employment certificates, responsibility for the legality of the employment of a minor rests entirely with the employer.

To receive working papers a student must pick up a form in the Health Office.

Students are required to:

- have a current health examination within the past year.
- have proof of the student’s date of birth.
- have a parent/guardian signature.

After verification by the Health Office, a card is issued and is valid for two years from the date of issuance.

Random and unannounced canine drug detection sweeps can occur periodically. A positive alert by a trained dog gives the administration reasonable suspicion and the locker and its contents can be searched. Any illegal items found during the search can be used as evidence in a disciplinary hearing.

D. Character Education

From the Safe Schools against Violence in Education (Project SAVE) public forums, led by New York State, this definition of CHARACTER EDUCATION was disseminated: “*Character education is the deliberate effort to help people understand, care about, and act upon core ethical values.*”

It is based on the following:

- Destructive behaviors have a common core: the absence of good character.
- People do not automatically develop good character. Intentional and focused efforts must be made to foster character development of young people.
- Good character consists of moral knowing, moral feeling and moral action.
- Core ethical values are not merely subjective preferences. They are rooted in human nature and express our common humanity.

Character defined comprehensively includes thinking, feeling and behavior. “The two great goals of education: growing academically and becoming the best people we can be!”

- All teachers should incorporate the discussion of ethical and moral issues within their curriculum.

There are both building level and district level Character Education Committees.

- Students and teachers are encouraged to join our building Character Education Forum to plan positive activities for the high school as well as ways to recognize positive student character.

E. Corporal Punishment

G. Disciplinary Consequences (see the Code of Conduct for more information)

One of the most important lessons education should teach is discipline. While it is not a subject, it underlies the whole educational structure. It is the training that develops self-control, character, orderliness, and efficiency. It is the key to good conduct and proper consideration for other people.

Students are expected to conduct themselves in an appropriate and civil manner, with regard for the rights, safety and welfare of other students, district personnel, and other members of the school community, and for the care of school facilities and equipment.

These include but are not limited to:

- Respecting the feelings and property of others.
- Respecting the religious beliefs of others as they respect their own.
- Showing courtesy to other people at all times.

- Abiding by the laws and regulations of the school and community.
- Being honest with themselves and others, and behaving with good moral conduct.

The rules of student conduct are intended to focus on safety and respect for the rights and property of others.

- Students are reminded that they must adhere to a code of good behavior not only for their benefit, but for the benefit of others as well.
- Students are expected to conform to the regulations of this school and obey all staff promptly and respectfully.
- Students will refrain from fighting, profanity and outward displays of affection.
- Students who do not accept responsibility for their own behavior and who violate school rules will be required to accept consequences for their conduct.

Disciplinary action will be firm, fair, and consistent so as to be the most effective in changing student behavior. Staff have the responsibility of taking appropriate actions when a student is involved in a situation that disrupts the learning environment of the class or school.

- Discipline is a process of establishing and teaching consistent boundaries and expectations for appropriate behavior.
- Discipline helps create a positive learning environment for all.
- Discipline fosters respect among students, teachers, administrators, and staff through clearly outlined consequences designed to change undesirable behavior. The ultimate goal of a discipline system is to foster self-regulating behavior.

When determining the consequences, the following will be considered:

- the nature of the offense and the circumstances that led to the offense.
- the age-appropriateness of the consequence.
- the student's prior disciplinary record.
- the effectiveness of other forms of discipline.
- information from parents, teachers and/or others, as appropriate.
- the extent to which the offense interfered with the responsibility and rights of others.
- the extent to which the offense is a threat to the health and safety of others.
- other extenuating circumstances.

As a general rule, discipline will be progressive. This means that a student's first violation will usually merit a lesser penalty than subsequent violations. In the case of students who are habitually disruptive or who frequently violate school rules, administrators have the prerogative of applying more severe penalties at any stage, including removal from class and suspension from school.

Range of Consequences:

Warning

- Verbal warning to student.
- May be documented in School Tool and parent call may be warranted.

Parent Contact - Building partnerships is an effective way to change student behavior.

Restorative Practices

May include, but is not limited to:

- restoration conference between parties.
- written reflections.
- voluntary service learning.
- any action to “make it right and do no harm.”

- Only an administrator may excuse a student from office detention due to extenuating circumstances; this time must be made up.

Two Hour Detention - Students assigned a two hour detention should report to the ATS room at 2:34 p.m.

- The detention runs from 2:34 p.m. until 4:30 p.m.
- Students may present a pre-signed pass from a teacher to the detention monitor at 2:34 p.m. to work on academics for 9th period and then return to the ATS room at 3:06 p.m.
- Only an administrator may excuse a student from office detention due to extenuating circumstances; this time must be made up.

Saturday Detention

- Saturday detention is located in the H.S. Library from 8:30 a.m. until 11:30 a.m.

Student Conduct:

- The rules in the district code of conduct and student handbook are in effect.
- Students must bring school materials and assignments on which to work.

Students must be on time for detention and remain until the end.

- A tardy over 10 minutes may result in an additional Saturday detention.
- Jobs and extracurricular events are illegal excuses from detention.
- Parents/Guardians with a concern should call an administrator prior to the detention.

Bus Suspension

- A student may lose bus privileges due to his/her behavior.
- A student who receives a second bus referral will be suspended from bus privileges for three (3) school days or longer depending on the infraction.

Suspension

- A short-term out-of-school-suspension (OSS) is a suspension of five days or less. A formal hearing under Education Law #3214 is not required for such suspensions. However, a student and his/her parent/guardian must be given an opportunity for an informal conference with an administrator to discuss the incident(s) leading to the suspension.
- Generally, suspension from school may be invoked for acts of insubordination or disorderly conduct or conduct that otherwise endangers the safety, morals, health or welfare of others.
- When a student is suspended from school, his/her parent/guardian will be notified.

During the period of suspension, the student is:

- not permitted in the school building or on school grounds without permission from an administrator.
- not allowed to attend school functions during and after normal school hours without permission from an administrator.
- A conference between the student, parents/guardians, and the administration may be required.

Alternative to Suspension (ATS) may be considered in lieu of suspension from school at the discretion of the administrator.

- Students are offered the opportunity to receive two hours of tutoring during the school day in the ATS room (9:00 a.m. to 11:00 a.m. or 12 p.m. to 2 p.m.).

- Parents/Guardians are responsible for transportation and students must enter and exit through the Attendance Office.
- Students will be escorted by a staff member while in the building.

School Work Missed During Suspension

- It is the responsibility of the student, upon his/her return to school, to take the initiative to make-up all school work missed.
- Students are allowed one day plus the number of days of the suspension to complete missed work.
- A grade of zero will be recorded for any work not submitted within this time limit.
- Students are encouraged to contact their teachers during the suspension, when possible, to get assignments.

Superintendent's Hearing

Serious offenses or repeated violations of school rules may result in a Superintendent's Hearing.

- A student will be suspended from school for five days.
- The student's parent/guardian will be notified by the District Office of the hearing date and time.
- The student has the right to counsel and to question witnesses during the hearing. If the student is found guilty, the Superintendent will determine further disciplinary action, which may include long-term suspension from school.

H. Failure to Serve Disciplinary Consequence

Will Result in Increased Consequences.

Illegal absence from Teacher Detention, Lunch Detention or 9th period Office Detention

First Offense - Two additional after 9th period office detentions and parental contact by mail or phone.

Second Offense - Saturday Detention or two 2:30-4:30 p.m. detentions and parental contact by mail and phone.

Second Offense - Suspended for one day, parental by mail and phone and parent/administrative conference.

Illegal absence from Saturday detention

- Student work or extra/co-curricular schedules must be adjusted should this situation arise.

A weapon is defined as:

- a firearm as defined in 18 USC § 921 for purposes of the Gun Free Schools Act,
- any other gun, pistol, revolver, shotgun, rifle, machine gun, disguised gun, dagger, dirk, razor, stiletto, switchblade knife, gravity knife, brass knuckles, slingshot, metal knuckles knife, box cutters, cane sword, electronic dart gun, Kung Fu star, electronic stun guns, pepper spray or other noxious spray, explosive or incendiary bomb,
- any other device, instrument, material or substance that can cause serious physical injury or death when used as a weapon.

Possession of such devices results in the student's automatic suspension to a Superintendent's Hearing.

J. Physical Altercations

Fighting is considered a most dangerous action. It is not only disruptive to the educational process but also endangers the health, safety, and welfare of students.

- The school strictly prohibits fighting and warns that students who fight will be suspended out of school.
- Students have an obligation to refrain from fighting and to seek an alternative resolution.
- It is expected that a student will seek help in avoiding a physical altercation by contacting an adult. Striking a staff member will result in a five day suspension and a referral to a Superintendent's Hearing for further disciplinary action.

K. Property Search

Case law allows the Board of Education to authorize Homer Central School nurses, principals, program directors, and teachers to conduct searches of students and their belongings if the authorized Homer Central School administrator has reasonable suspicion to believe that the search will result in evidence that the student violated the law or the District Code of Conduct.

- An authorized Homer Central School administrator may conduct a search of a student's belongings that is minimally intrusive, such as touching the outside of a book bag, without reasonable suspicion, as long as the Homer Central School administrator has a legitimate reason for the very limited search.
- An authorized Homer Central School administrator may search a student or the student's belongings based upon information received from a reliable source.

Individuals, other than the Homer Central School staff, will be considered reliable source if:

- they have previously supplied information that was accurate and verified.
- they make an admission against their own interest.
- they provide the same information that is received independently from other sources
- they appear to be credible and the information they are communicating relates to an immediate threat to safety.

Homer Central School staff will presumptively be considered reliable sources unless they are known to have previously supplied information that they knew was not accurate.

- Before searching a student or the student's belongings, the authorized Homer Central School administrator should encourage the student to admit if he or she possesses physical evidence that he or she violated the law or the district code, or get the student to voluntarily consent to the search.
- Searches will be limited to the extent necessary to locate the evidence sought. Whenever practicable, searches will be conducted in the privacy of administrative offices and students will be present when his/her possessions are being searched.

Any personal property brought to school, including automobiles, is subject to search.

The parking registration form, signed by both the student and a parent/guardian, also states that a student's vehicle is subject to search while on school grounds.

The rules regarding searches of students and their belongings do not apply to student lockers, desks and other school storage places.

Students have no reasonable expectation of privacy with respect to these places and Homer Central School officials retain complete control over them.

- Student lockers, desks and other Homer Central School storage places may be subject to search at any time by Homer Central School officials, without prior notice to students and without their consent.

L. Smoking/Tobacco/Vaping Use or Possession

The use, possession, sale or distribution of tobacco products, including cigarettes, chewing tobacco, e-cigarettes and vaping fluids as well as matches and lighters, is prohibited. The use, possession, sale or distribution of tobacco products, including cigarettes, chewing tobacco, e-cigarettes and vaping fluids, are treated as a violation of the Alcohol and Drug Policy and discipline is consistent with the policy.

This prohibition extends to having such items on one's person or in one's locker or vehicle or other personal space.

M. Student Speech

While the First Amendment gives Americans freedom of speech and press, these rights are not absolute.

- According to the U.S. Supreme Court in *Hazelwood School District v. Kuhlmeier* (1988), a district may impose some restrictions on student speech.
- Schools do not need to tolerate student speech inconsistent with its educational mission, even though the government could not censor similar speech outside the school. Materials or actions, deemed objectionable for legitimate educational reasons, can therefore be removed by school officials.

This includes, but is not limited to, inappropriate language (such as cursing, swearing, using profanity), obscene gestures, gross and inconsiderate behavior or speech, vulgar speech, lewd conduct and speech denigrating a person's ethnic, gender, racial, or religious background.

- Such language not only disrupts the educational environment but is also disrespectful and inciting.
- Students using inappropriate language will be subject to disciplinary action, which may include out-of-school suspension.

The principal has the right to censor any school-sponsored material, including but not limited to the student newspaper, yearbook and announcements.

N. Vandalism/Littering

Any damage to lockers, walls, bathrooms, desks, books and other school property constitutes vandalism.

Each student is expected to assume responsibility for the care of all school property.

- Students who damage property accidentally may be held financially responsible.
- Damage of a malicious nature will be considered a very serious matter and must be repaired or replaced at the expense of the student at fault.
- Disciplinary action will be taken if a student commits an act of vandalism; financial restitution for the damage will be part of the disciplinary action.

Littering is offensive to others, creates a negative environment and unnecessary work for the custodial staff.

- A student found littering will be subject to disciplinary action. Please keep our school clean!

STUDENT SERVICES

A. Board of Cooperative Educational Services (BOCES) Programs

Cortland Alternative High School (CAHS)

Students who have traditionally experienced difficulties in their home school often need a new and different learning environment to be successful.

- At the Cortland Alternative School, students in grades 9-12 are placed into small family groups that meet weekly to focus on team building, problem-solving, and building self-esteem.
 - o Each student meets regularly with his or her family group leader to work on individual goals and monitor progress in the program.
- The goal of the program is to produce high school graduates who are college and career ready and will become productive, contributing members of their communities.
 - o Rigorous academics are stressed through project-based learning opportunities that incorporate problem-solving, critical thinking, collaboration and communication skills.

Students must meet with their school counselor, CAHS staff, and parents prior to entry into the program. Please see your school counselor for further information concerning this program.

Seven Valleys New Tech Academy

Seven Valleys serves area high school students in grades 9-12, and provides an innovative learning environment that aims to improve students' college and career readiness through project-based learning, collaborative workspace and technology.

OCM BOCES Cortlandville Campus (formerly McEvoy)

Career & Technical Education (CTE)

- The two-year CTE programs, for juniors and seniors, emphasize a broad spectrum of job-specific skills using the most current business/industry-based technologies applicable to personal and career goals. These skills prepare students for the workforce and postsecondary study.
- Students who successfully complete the two-year CTE program and pass the industry-standard assessment will earn the New York State Career and Technical Education endorsement on their high school diploma.
- Students may also earn high school core academic and college-level credit

New Vision

New Vision is an exciting approach to program delivery for eligible high school seniors.

- It provides an in-depth overview of a chosen professional field by placing the student in an actual work environment outside of school.
- New Vision successfully integrates English and Social Studies into a meaningful curriculum based on a career interest.

B. Food Service Program

Students may purchase breakfast and lunch. Food purchases should be consumed in the cafeteria.

Pricing

- The price for a student school breakfast is \$1.90.
- The price of a student school lunch is \$2.90.
- The price of milk is .70 cents.

Charging Meals

- Students may charge up to ten (\$10) dollars at the High School, and will not be permitted to exceed this limit until the outstanding charges are paid in full.
- The only item(s) permitted to be charged are a complete meal or milk. A la carte items such as snacks or ice cream may not be charged. The District's point-of-sale system will track all charges and payments;
- If a student comes to school without a lunch, and has exceeded the maximum reimbursable-meal limit, the District may provide a reimbursable meal (that is available to all students) so that he or she does not go hungry that day. As appropriate, District administration may contact Social Services to report a student's consistent failure to arrive at

school with a meal.

- Unpaid meal charges will be addressed directly with the student's parent or guardian who is responsible for providing funds for meal purchases; discreet notifications of low, exhausted, or deficit balances will be sent at appropriate intervals during the school year.
- The notification may include a repayment schedule, but will not charge any interest or fees related to meals charged during the grace period.
- District administration will further consider the benefits of attempted collections and the costs that would be expended in collection attempts.

Should you need any further information concerning the school lunch program, lunch prices, or the "Free and Reduced Lunch Program," please contact the food service office at the high school.

Cafeteria Guidelines

Lunch period

- Students will eat during their regularly assigned lunch periods. They will report to the assigned space.
- Students are not to congregate in the lobby, block hallways, stairways or wander into other parts of the building.
- Restrooms in the main lobby will be open for students to use. One student at a time will be allowed out from each space.
- Students are not permitted to order food from an outside source and have it delivered to school.

In order to keep the cafeteria clean and attractive, the following rules must be observed:

- Students must wait their turn in line and keep the cafeteria lines orderly.
- Always use a tray and keep milk cartons, food, and waste paper on the tray.
- All food must be eaten at the table.
- Keep tables, chairs, and floors clean.
- Pick up and clean up any food that is dropped or spilled.
- Behave in a respectable manner.
- Talk in a normal voice.
- Never push or run.
- Respect cafeteria staff and lunch duty teachers' authority.

C. Health Office

The goal of Homer School Health Services Program is to keep students healthy and in an optimal condition for learning, growing and developing. The school health services program is directed by the Nurse Coordinator in consultation with the School Physician. A Registered Nurse/Licensed Practical Nurse is on staff and provides health services to the students in the High School.

- The nurses are there to assure the health and safety and to promote the well-being of all of the children in the school.
- The nurses provide first aid, administer medications, provide vision and hearing screenings and coordinate medical clearance for students participating in physical education classes and school sports.

Health Care Communication

Keeping students healthy and safe requires good communication between school nurses, students, their guardians, teachers, other school staff and health care providers in the community.

- It is vital that the correct contact names and phone numbers are available in the Health Office in case of illness or injury. Be sure to have emergency contact information updated at the beginning of each new school year and when any change occurs throughout the year.

Please provide the following:

- Telephone and cell phone numbers where parents/guardians can be reached.

- Names of two relatives or friends who can act for the parents/guardians in case they cannot be reached in an emergency.
- The name of the students' health care provider.

All encounters with school nurses are documented in the student's confidential electronic medical record.

School nurses communicate about visits with parents/guardians when medical follow-up is needed (even if the child remains at school) or other matters that they feel guardians should be aware of.

An Emergency Form for Authorization of Treatment should be on file in the Health Office for each student.

- These forms may be obtained from the school nurse.

Financial Need

If a student has a need for an eye examination, eye glasses, doctor's examination, clothing or other services that would make attendance in school more conducive to maximum achievement, the school nurse has access to funds that can be used to assist that student.

Illness

A student who becomes ill during the day should report to the classroom teacher first and then directly to the Health Office.

- Students must have a pass from their teacher to visit the Health Office.
 - o Going to the lavatory when one feels ill may be appropriate for that moment, but the student should go immediately to the Health Office.
 - Spending a long period of time in a lavatory will not be considered as showing serious concern on the part of the student for his/her health, as the nurse also has a lavatory in the office.
 - Being sick in the bathroom is not an acceptable excuse for missing class.

If the illness warrants release from school, the student will need permission from the nurse.

- The nurse will contact the parent/guardian, give the student a pass and then he/she will sign out through the Attendance Office.
 - o Students should not contact the parent/guardian themselves.
- No student should leave the school building because of an accident or ill health without first being evaluated by the school nurse and receiving permission to leave.
 - o Students leaving school during the day without permission will be considered truant.
- Students who become ill while home for lunch should have their parent/guardian telephone the school that afternoon and the student should bring a written excuse to school upon his/her return.

Medication

No medication of any kind may be kept in school by students, including over-the-counter (OTC) medications such as Advil or aspirin.

- The State Education Law, the Nurse Practice Act, and good health practices prohibit the dispensing of internal medication, such as aspirin or Tylenol, to school children and to school personnel by a school nurse, teachers, principals, and other school personnel.

All medications must be dispensed by the school nurse in the Health Office.

- Students who are required to take medication during the school day need written authorization from the prescribing physician and a parent/guardian that indicates the frequency and dosage of a prescribed medication as well as the condition being treated, how long the medication is to be given and how often the physician will be reviewing the case. The form may be picked up in the Health Office.
 - o This is also necessary for OTC medication needed for headache, body aches, sore throat or cough.
- All medication should be delivered directly to the school nurse by the parent. The medication is to be in its original container with the dose, frequency and time noted on the doctor's authorization form.
- The medication will be kept in the school Health Office, in a locked drawer or cabinet.

EXCEPTION: only two types of medication may be carried by a student: an EpiPen and/or an inhaler. To do so, a separate authorization form, available in the Health Office, must be completed by the physician and parent/guardian.

Nurse Practitioner Support

We are excited to share that Homer School District is continuing our partnership with Guthrie Medical Group, GMG, to provide health services to students. We know that students' health and success in school are absolutely connected. We have seen that by bringing services directly to students during the school day, we can proactively meet their health needs and support overall health, wellness and school attendance.

Examples of services provided include:

- Medical care and treatment, including diagnosis of acute and chronic illness and disease.
- Medically prescribed laboratory tests such as strep test, and some medications, such as antibiotics.
- Annual health assessment.
- Referrals for service not provided through school health services
- Comprehensive physical examination including those for school, sports, working papers, etc.
(Consent not required)

GMG Health Services staff cannot provide medical services and/or treatment without written consent. Consent forms may be obtained by calling your child's nurse's office.

D. Library Services

It is the mission of the Homer High School Library Learning Commons to provide a safe and nurturing learning environment that fosters intellectual curiosity, collaborative inquiry, and personal creativity in all of our students. The library staff members are committed to helping students become global citizens that are skilled and responsible users and creators of all forms of information, who are dedicated to lifelong learning.

The Library Learning Commons is the destination for virtual personalized learning. The automated circulation system with an online catalog is accessible 24/7 from the library's web page as are several online research databases and a growing collection of downloadable ebooks and audiobooks. The school librarian ensures that the virtual library environment provides all members of the school community access to information, technology, and creative tools that connect learning to our world.

Students may not visit the library throughout the day. Online procedures for requesting books have been established.

E. Instructional Technology

Internet Service

Our goal in providing Internet service to students is to promote educational excellence by facilitating resource sharing, innovation, communication, and collaborative work.

Upon registration, Homer students are given a computer account, which gives them independent access to many software applications and the Internet.

- Students are expected to be aware of the ethics and the responsible use of the Internet, and demonstrate knowledge of the policies and regulations governing the use of district technology.
 - An Acceptable Use Policy can be found in this handbook and should be reviewed prior to logging onto the computer network.
- Computers and networks are provided for educational use for the Homer Central School District community. All data on district systems is the property of Homer Central Schools and may be monitored in any manner. THERE IS NO RIGHT OF PRIVACY IN THIS SYSTEM. Use of this system by any user constitutes consent to this policy.
 - By logging onto the network, all users are subject to these guidelines.

Chromebooks

Please refer to the attached Chromebook Handbook for specific information about Homer Central School District's policy and procedures for 1:1 Chromebooks for students at Homer Central High School.

E-mail Use

To communicate with their classmates, teachers, and other school community members and to maximize the tools of G

Suite for Education, The Homer Central School District provides Homer Gmail accounts to students in grades 9-12.

- All accounts will be accessible from both inside and outside the school network but will be “closed” accounts.
 - o Closed accounts can email students and staff within the District, but they cannot receive or send emails from anyone outside Homer and BOCES.

The District expects behavior and language in the use of these Gmail accounts will be consistent with classroom standards.

- Email messages are archived and will be monitored for inappropriate use in accordance with the District’s Code of Conduct and Student Handbook, found at: <http://www.homercentral.org/districtpage.cfm?pageid=45>.
- The guidelines listed below are intended to govern the use of District provided Gmail accounts and G Suite, whether the account is accessed in or outside of the school environment or on school owned, public, or personal computers.
 - o Violations of these expectations can result in a suspension of his/her email account and the possibility of additional disciplinary action.

Expectations for Student Email Use:

- Behavior expectations highlighted in the District’s Code of Conduct and Student/Parent Handbook also apply to the use of email.
- Students should not expect any email communication to be private. Messages in student email accounts are archived and may be shared with District administration and law enforcement officials.
- Students are responsible for reporting any harassing, threatening, intimidating, or other inappropriate email messages received or any unauthorized use made of his/her District provided email account.
- Students are responsible for the confidentiality of their email accounts, passwords, personal information, and for any activities that occur in the use of their accounts. Use of an account assigned to another user, forging of email messages, or posting anonymous messages is prohibited.
- Students should not ask for or respond to emails requesting personal information not related to a school project. Parents/Guardians should not use their children’s accounts as a way of communicating to their children’s classmates, teachers, or other members of the school community.

Signing an agreement is not required to use Homer email, and by using a District provided email account, the student is indicating acceptance of the expectations identified above.

Use of Personal Technology

Personal technology use by students is permitted during the school day for educational purposes and/or in approved locations only and must not disrupt the education process in the school district, endanger the health or safety of anyone, invade the rights of others at school or involve illegal or prohibited conduct of any kind.

Appropriate use of personal technology during non-instructional time is also allowed if students follow the guidelines in the AUP and Code of Conduct.

- This use during non-instructional time must be conducted in a safe and unobtrusive manner. Devices must be in silent mode to avoid disrupting others.
 - o Non-instructional use includes texting, calling and otherwise communicating with others during free periods and in common areas of the school building such as hallways, cafeteria, study halls, and buses.
 - o Other non-instructional uses may include such things as Internet searches, reading, listening to music, and watching videos.

Disciplinary consequences will apply in the following cases including but not limited to:

- misusing computer/electronic communications devices, including any unauthorized or inappropriate use of computers, software, or Internet/intranet account;
- accessing inappropriate websites;
- evading the District’s content filter;
- using an outside wireless network or proxy server;
- or any other violation of the District’s Acceptable Use Policy.

- unauthorized use of personal electronic devices/equipment (i.e., cell phones, MP3 devices, cameras, and other personal electronic devices deemed inappropriate by the administration).
- unauthorized use of personal computer, laptop, tablet or e-reader and/or other computerized information resources through the District computer system is prohibited.

F. Transportation

The safety and comfort of all students requires that the following regulations be obeyed. These regulations are contained in the New York State Transportation Law.

Boarding the bus

- Students should be ready when the bus arrives and wait until the bus stops completely to board.
- At the end of the school day students should report immediately to the bus at dismissal.

Riding the bus - Students must follow all aspects of the Code of Conduct while riding the school bus.

Specifically, students must:

- remain in the assigned seat until the bus stops at their destination.
- refrain from quarreling, fighting, rough play, swearing, or shouting.
- refrain from eating, drinking, smoking, or using alcohol on the bus.
- not extend any body part through the bus window.
- not have physical contact with the driver.

Students may only bring objects on the bus that can be held on the student's lap, without bothering other students in the seat.

- Any large or special school projects should be transported by parents/guardians.

No animals of any kind shall be transported by a school bus.

Exiting the bus

- WALK 10 feet beyond the bumper when crossing in front of the bus.
- STOP in line with the driver and wait for the signal to cross.
- CHECK both ways for traffic.
- CROSS directly across the street and keep checking both ways for traffic.
- Students must be 15 feet away from the bus before it can move.

Bus passes

- Students riding a bus other than their own must have a note signed by the parent/guardian and school official.
- Students getting off with another student must have a signed permission note from the parent/guardian and school official.

Bus Discipline Policy

All students must behave appropriately as passengers of a school bus.

- Clearly understood and well-enforced rules are necessary for the successful management of students who ride school buses.

Drivers have authority to reprimand students who are causing an unsafe situation inside or outside of the bus.

- Misbehavior problems on the buses will be handled in the following manner:
 - The bus driver should make an attempt to correct any discipline problems by asking the student to behave, and, if necessary, assign seats to certain students.
 - After two or three verbal warnings have been given to the student by the bus driver for discipline problems, the driver should submit an explanation of what the problem was to the transportation office who will document it with a SchoolTool referral.
 - The administrator will investigate the incident and assign appropriate disciplinary consequences and contact the parents/guardians.
 - After the next offense the student is again written up.
 - The administrator will investigate the incident and assign appropriate disciplinary consequences and contact

the parents/guardians.

- After the second referral a student may be suspended from riding the bus.
- If the student is suspended, a conference may be held with the parents.

Athletic Bus Rules

All school district bus rules are in effect.

- Any undesirable behavior will result in loss of privilege to ride and further disciplinary action.

The bus will depart from the school at the time scheduled. IT WILL NOT WAIT.

- There must be a chaperone on each bus.

On the return trip, the bus will wait 15 minutes for tardy riders, during which time the bus driver will make a reasonable effort to locate the missing person(s).

- After 15 minutes, the bus will depart.

Only Homer Central High School students are permitted to ride the spectator bus.

- Students that ride a spectator bus will only be dropped off at school. They cannot be dropped off at home or any other location.

PARENT ORGANIZATIONS

Homer High School Parents' Organization

The Parents' Organization is open to all parents and guardians of high school students. The goal of the group is to provide parents with the opportunity to help make the school experience a positive one for our students. The traditional projects of this group include the All Night Party after the prom and the teacher appreciation luncheon at the end of the year.

Homer Music Boosters

The Homer Music Booster Club, Inc. is a district-wide parent organization that works to support the music activities in the Homer Central School District. Most fundraising is done through Cabaret Night, concession stand, membership dues and donations.

- These funds have been used to purchase musical instruments, 75 choir robes, NYSSMA awards, items for the musicals, scholarships for seniors and competition trips.

Meeting dates are listed on the school calendar, on the third Wednesday of every month at 7:00 p.m. in the High School cafeteria.

Homer Athletic Boosters

The Athletic Boosters are volunteers—parents, teachers, and community members—dedicated to working together in support of all athletic programs at Homer High School and Homer Junior High.

The Athletic Boosters' goals include:

- encouraging student participation in interscholastic sports.
- improving school spirit and attendance at athletic events.
- demonstrating good sportsmanship.
- raising funds to purchase equipment and other items that are not covered in the school budget.

The main fundraising effort includes the concession stand at the stadium.

- The Booster Club uses the money raised to fund many team requests.
- As the concession stand is vital to our club, we are always looking for parent volunteers to work in the stand.

The Homer Athletic Booster Club meets the third Tuesday of every month at 7:00 p.m. in the High School cafeteria.

- Parents of athletes are strongly encouraged to attend, to act as a liaison between their child's team and the club.

Chromebook and G Suite for Education Handbook

Last revised July, 2019

Procedures and Information for Students and Parents

Each student in grades 9-12 will receive a Chromebook to take home and each student in grades 2-8 will have a Chromebook to use during school hours, referred to as the 1:1 program. The mission of the 1:1 program in the district is to provide equitable access to digital educational resources for all learners. This transition allows students and teachers to engage in transformative uses of technology while enhancing student collaboration, communication and creativity. 21st Century learners have transitioned from consumers of information to creative producers and owners of knowledge.

This initiative prepares students for a globally interconnected and evolving world that experiences rapidly changing technological advancements. This will help fulfill the mission and vision of the district to engage, educate, and empower all learners.

Receiving Your Chromebook

Parent/Guardian Agreement

Prior to receiving a district Chromebook, parent(s)/guardian(s) are required to sign the district's Acceptable Use Policy and Chromebook Agreement form.

Distribution

A Logistics team will determine the date, time and rollout plan. This information will be made available to both students and parents prior to distribution.

Returning Your Chromebook

End of Year

Students in grades 7, 8 and 12 must return their Chromebooks and power cords in June. Failure to turn in a Chromebook or issued accessory will result in the student being charged the full replacement cost (see below for estimated costs). The District may also file a report of stolen property with the local law enforcement agency. Students in grades 9-11 will have the option to keep their Chromebooks over the summer or to return them in June.

Transferring/Withdrawing Students

Students that transfer out of or withdraw from the district must turn in their Chromebooks on or before their last day of attendance to the Principal's Office. Failure to turn in the Chromebook will result in the student being charged the full replacement cost. Unpaid fines and fees of students leaving the district may be turned over to a collection agency. The District may also file a report of stolen property with the local law enforcement agency.

Opt out

- Parents/Guardians can choose to opt out of having their students bring a designated Chromebook home. Notification of an opt-out must be submitted in writing to a building administrator.
- Students will still use a Chromebook while at school and are still responsible for completing all assignments whether they accept a Chromebook or not.
 - Students in grades 9-12 who opt out of taking a Chromebook home will be expected to sign out a Chromebook from the library each morning and return it to the Main Office each afternoon.

Taking Care of Your Chromebook

Students are responsible for the general care of the Chromebook they have been issued by the district. In the event of damage, loss, or inoperability, a temporary device will be made available until the primary device is repaired or replaced. The district is not responsible for the maintenance or support of private or off-site networks (WiFi connections). District-owned Chromebooks should never be taken to an outside computer service for any type of repairs or maintenance. Students should never leave their Chromebooks unattended except locked in their locker or other building / district designated secured areas.

General Precautions

- No food or drink should be near Chromebooks.
- Cords, cables, and removable storage devices must be inserted and removed carefully.
- Chromebooks should not be used or stored near pets.
- Chromebooks should not be used with the power cord plugged in when the cord may be a tripping hazard.
- Chromebooks must remain free of any writing, drawing, stickers, labels or permanent personalization.
- Heavy objects should never be placed on Chromebooks.

Carrying Chromebooks

- Always transport Chromebooks with care.
- Never lift Chromebooks by the screen.
- Never carry Chromebooks with the screen open.

Screen Care

- The Chromebook screen can be damaged if subjected to heavy objects, rough treatment, some cleaning solvents, and other liquids. The screens are particularly sensitive to damage from excessive pressure.
- Do not put pressure on the top of a Chromebook when it is closed.
- Do not store a Chromebook with the screen open.
- Only clean the screen with a soft, dry microfiber cloth or anti-static cloth.

Asset Tags

- All Chromebooks will be labeled with a BOCES or Homer asset tag.
- Asset tags may not be modified or tampered with in any way.

Alterations

- Any alterations to Chromebooks are not allowed.
- Removing or tampering with any components of Chromebooks is not allowed.

Using Your Chromebook at School

Students in grades 9- 12 are expected to bring a fully charged Chromebook to school every day and bring their Chromebooks to all classes unless specifically advised not to do so by their teacher.

If a student does not bring his/her Chromebook to school

- A student may stop in the Main Office and check out a Short Term Loaner for the day. Please note that these are available as a temporary device while your Chromebook is unavailable. They are not intended as a convenience for consistently forgetting to bring your assigned Chromebook.
- If temporary loaning is abused, students will be addressed by the Principal.
- A student borrowing a Chromebook will be responsible for any damage or loss of the temporarily issued device.

Chromebooks being repaired

- Long Term Loaner Chromebooks will be issued to students until their Chromebook is repaired.
- A student borrowing a Chromebook must sign it out in the Main office and will be responsible for any damage or loss of the loaned device.
- Chromebooks on long-term loan to students may be taken home.

Charging Chromebooks for grade 9-12

- Chromebooks must be brought to school each day fully charged, failure to do so may result in disciplinary action
- Students should charge their Chromebooks at home every evening.
- There will be a limited number of unsupervised charging stations in the library available to students on

a first-come-first-served basis.

Backgrounds and Themes

- Inappropriate media may not be used as Chromebook backgrounds or themes. The presence of such media will result in disciplinary action.

Sound

- Sound must be muted at all times unless permission is obtained from a teacher.
- Headphones may be used at the discretion of the teachers.
- Students should have their own personal set of headphones for sanitary reasons.

Printing

- Students will be encouraged to digitally publish and share their work with their teachers and peers when appropriate.
- Printing is available in the library.

Logging into a Chromebook

- Students will log into their Chromebooks using their school issued G Suite for Education account.
- Only Homer accounts are able to login to district-issued Chromebooks.
- Students should never share their account passwords with others.

Managing and Saving Your Digital Work With a Chromebook

- The majority of student work will be stored in Internet/cloud based applications and can be accessed from any computer with an Internet connection and most mobile Internet devices.
- Students should always remember to save frequently when working on digital media; however, G Suite auto-saves every 4-6 seconds while connected to the internet.
- The district will not be responsible for the loss of any student work.

Using Your Chromebook Outside of School

Students are encouraged to use their Chromebooks at home and other locations outside of school. A WiFi Internet connection will be required for the majority of Chromebook use; however, some applications can be used while not connected to the Internet. Students are bound by the district's acceptable use policy and all other guidelines in this document wherever they use their Chromebooks.

Operating System and Security

- Students may not use or install any operating system on their Chromebook or physically alter the Chromebook in any way.

Updates

- The Chromebook operating system, Chrome OS, updates itself automatically. Students do not need to manually update their Chromebooks.

Virus Protection

- Chromebooks use the principle of "defense in depth" to provide multiple layers of protection against viruses and malware, including data encryption and verified boot.
- There is no need for additional virus protection.

Student Safety and Content Filtering

The district utilizes an Internet content filter that is in compliance with the federally mandated Children's Internet Protection Act (CIPA). All Chromebooks, regardless of physical location (in or out of school), will have all Internet activity protected, managed, and monitored by the district per policy. If a website is blocked in school, then it will be blocked out of school. If an educationally valuable site is blocked, teachers should contact the Technology Department. Students are to adhere to the District Acceptable Use Policy at all times when using district assigned devices.

Administrative Audit

Upon request from district administration or the Board of Education, the technology department will provide a complete and unedited audit log of all administrative access, changes or monitoring of student accounts on the G Suite for Education administrative console and/or the GoGuardian administrative console.

Monitoring tool

The district uses a monitoring tool to manage, filter, and monitor Chromebook and G Suite for Education usage. This service allows the district to filter content anywhere and anytime on any network. No existing system can provide perfect filtering but it can be very effective when coupled with classroom and parent oversight.

Student Safety Responsibilities

- Students are not allowed to post personal contact information about themselves or other people. This includes names, addresses, and phone numbers.
- Students should never meet personally with someone whom they have met online without their parent's approval and participation.
- Students will tell their teacher or other school employee any message or file they receive that is inappropriate or makes them feel uncomfortable.
- Students are responsible for the use of their individual account and should take all reasonable precautions to prevent others from being able to use their account. Under no conditions should a student provide his or her password to another person.

Software

G Suite for Education

G Suite for Education is also available at home, the library, district buses, or anywhere with Internet access. The district monitoring software will monitor student use of G Suite when students are at school, off school grounds and on buses.

Parents/guardians should also monitor their child's use of G Suite when accessing programs from home. Students are responsible for their own behavior at all times.

Chromebook Identification

Records

The district will maintain a log of all Chromebooks that includes the Chromebook serial number, asset tag code, and name and ID number of the students assigned to the device.

Users

Each student will be assigned a Chromebook for the duration of his/her school year.

School-issued Chromebooks should be used for educational purposes and students are to adhere to the Acceptable Use policy and all of its corresponding administrative procedures at all times.

While working in a digital and collaborative environment, students should always conduct themselves as good digital citizens by adhering to the following:

1. **Respect Yourself.** I will show respect for myself through my actions. I will select online names that are appropriate. I will use caution with the information, images, and other media that I post online. I will carefully consider what personal information about my life, experiences, or relationships I post. Digital Citizenship (Advice for All)

Treat others well. When making a post on a forum or web page, be kind. Everyone will see what you write, so think before you type. Be careful with what you say about others and yourself.

Respect the rights of copyright owners. Copyright infringement occurs when an individual reproduces a work without permission that is protected by copyright. If a work contains language that specifies acceptable use of that work, the user should follow the expressed requirements. If the user is unsure whether they can use a work, he or she should request permission from the copyright owner.

Students have First Amendment rights to free speech. Your rights can be limited in school. If you post something via a school web page that disrupts the learning environment in your school, your right to free speech may be limited. A school or school district has the right to limit student speech that disrupts the learning process.

facilitate this process.

The school's use of student information is solely for educational purposes. -- COPPA - <http://www.ftc.gov/privacy/coppafaqs.shtm>

Dear Parents and Guardian(s),

At various times during the school year, pictures, videos and/or audio recordings may be taken of our students. The photos, videos and/or audio recordings may be taken by the classroom teacher, the newspaper, for the Trojan Messenger, or a student teacher for his or her portfolio. These photos might be used on bulletin boards, on our district website, in newsletters or in the local newspapers. The videos are typically used for a student teacher's requirement for certification by New York State. We recognize that some parents might not want their child to be in these pictures, videos and/or audio recordings. Please note that this does not include the school pictures that are taken annually and have a class composite with them. Please return the below slip to the High School Main office if you do not want your child to appear in photos or videos as mentioned. We will then take steps to avoid such situations while still allowing your child to participate in their classroom activities.
