How to Verify Gifted & Talented Data
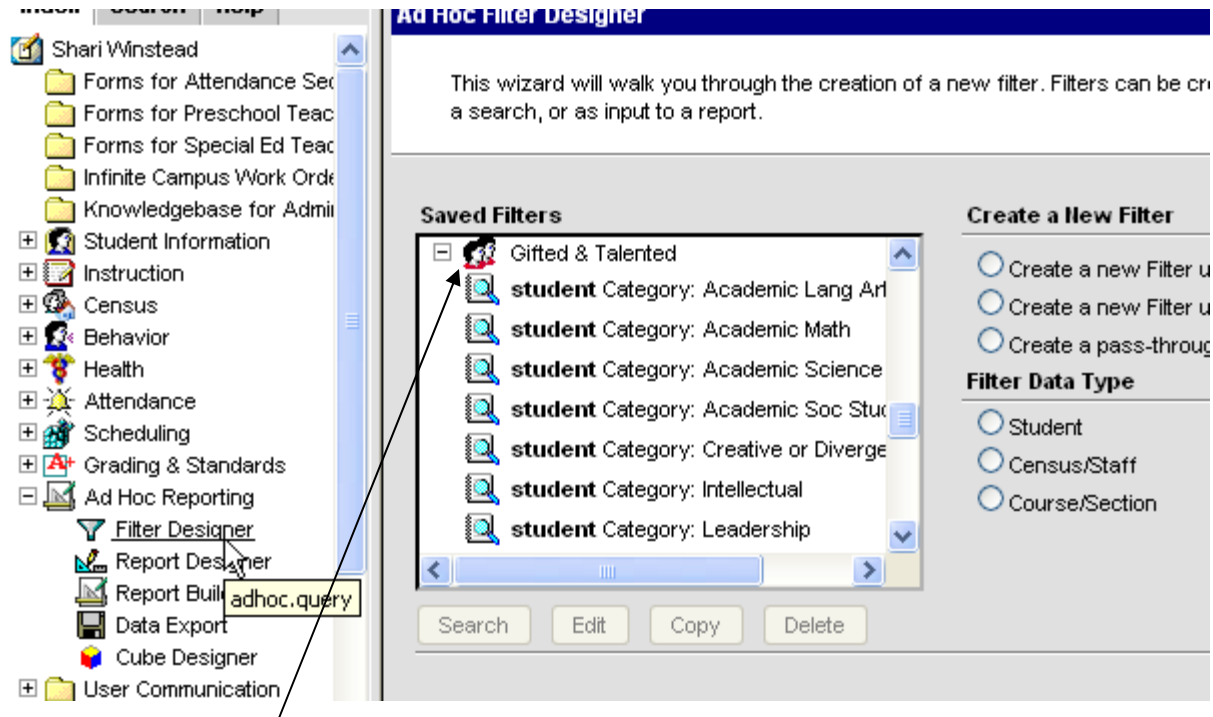

For GT Coordinators
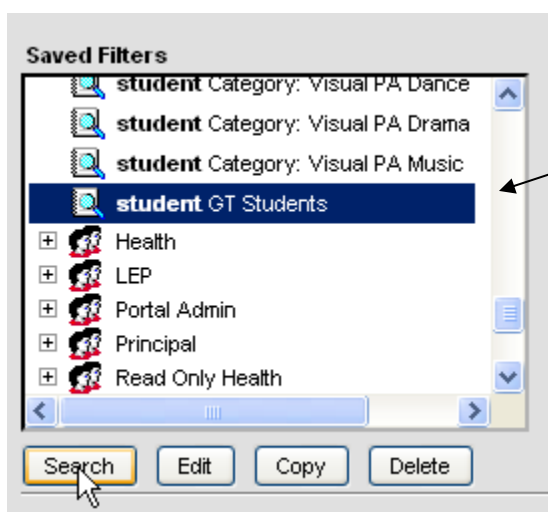

Log on to Infinite Campus

Expand Ad Hoc Reporting, and click on Filter Designer.

Expand the Gifted & Talented filters.

You will see a filter called GT Students. Click on this and click the SEARCH button. All GT students in your school will show up in the search field.

You can edit the record for each of these students by clicking on their name. Then select the Gifted & Talented tab.

You can also search for GT students who qualified for various categories.
