PRINCIPAL'S REPORT

- The Fire Safety Program on Oct. 27 went very well.
- On November 4th many of our students attended field trips and it was reported that great behavior was shown by all.
- On November 7th teachers disaggregated assessment data.
- The PBIS site visit went very well. On our fall semester site visit, our school received a total of 32 of 33 possible points for an average of 97%. Great job consistently obtaining scores that demonstrate a high level of fidelity of implementation. Not only do the scores support fidelity, your data continues to support fidelity and it's nice to see where you came from. During the 2012-13 school year, there were 537 ODR's, whereas last year there were 94 ODR's, which is an 82% reduction! Great reasons celebrate!
