We have a grant that will service patients at Titus Regional Medical Center, including those in Morris County. It is called Breast and Cervical Cancer Screening Services, and it covers the entire cost of approved Breast and Cervical cancer screening procedures for uninsured and underinsured patients. This includes screening mammograms. Grant eligibility guidelines include:

- Gross family income at or below 200% of the adopted Federal Poverty Level (FPL)
- Applicant is a Texas Resident
- Are a woman aged 18 or over
- Do not have health insurance or are underinsured.

To apply for BCCS, patients can pick up an application at the Center for Women's Health at Titus 2015 Mulberry Ave Ste. 340, Mt Pleasant, TX 75455. For more information patients can call (903)577-6357.

Franklin County Rural Health- Dr Jean Latortue- Beverly Austin shared that their clinic covers Morris County and provides grants to teach and provide “Narcan” for first responders and schools. They also have a vaccine grant that will go to rural communities to provide all vaccines on a sliding scale. They also have a grant to address prevention of overdose.
