

HUNTINGTON BEACH CITY SCHOOL DISTRICT

HEALTH SERVICES

8750 Dorsett Drive, Huntington Beach, CA 92646 (714) 964-8888

August 2022

Dear Parents,

Welcome to the beginning of another exciting school year! The goal of the Health Services team is to optimize the health of all of our students to enhance their learning experience. You can find a complete list of what Health Services provides for your student, as well as resources for parents and health forms at www.hbcds.us, under the 'Parents' tab /Parent Resources/ and 'Student Health Services' on the blue side menu.

If your child needs to take medication at school, please download the Parent/Guardian and Authorized Health Care Provider Request for Medication form, fill it out completely and return it to the school site, along with the medication in an appropriately labeled prescription container.

Does your student have asthma, life threatening allergies, diabetes, epilepsy or other health issues that need management at school? Please contact the school health office as soon as possible to facilitate the necessary planning.

If you have questions regarding school immunization requirements, please see the link www.shotsforschool.org.

Confused about when to keep your child home from school? Check out the 'Student Illness Procedures'.

Please feel free to contact me with any health questions or concerns you may have. We look forward to assisting you in caring for your child's health care needs this year.

Sincerely,

Kathi Homer, RN
Credentialed School Nurse
