School Description

Vision - High Academic Achievement for All Students

Mission - The Relentless Pursuit of Learning

Smith Elementary School is located in the southern section of the City of Huntington Beach, three blocks from the Pacific Ocean. It was built in 1950 and was originally intended to be an extension of the K-8 school named, "Central School" as an overflow for their crowded campus. As the population of the surrounding neighborhood grew, Smith continued to add more classrooms to the campus. In September of 1965, Smith became an elementary school and Central School became a junior high school. Smith is named after its first principal, Agnes L. Smith, an instructional leader, dedicated to helping students become life-long learners and productive citizens. Smith School is a learning community of 635 students in grades K-5, teachers, para-educators and support staff, and a thriving extended family of parents and community members. The classrooms have all been upgraded to a 21st century learning environment with 1 to 1 technology in every classroom. Our school is an inviting, safe, clean, attractive campus that provides an optimal learning environment and is an asset to our community. The school is a Title 1 school serving a fair population of low socioeconomic students and English learner students. The Smith staff is diligent in its pursuit of optimal learning for all students, being recognized as a California Gold Ribbon School and Title 1 High Achievement School in 2016. Smith Surfers continually strive to be the very best as we "Ride the Wave to Success".

During the 2020-21 school year, COVID-19 has unpened our educational delivery as we know it. To respond to the pandemic, we have implemented a distance learning model and hybrid model (AM/PM 4x/day and one virtual day) as local health and safety guidelines permitted. Additionally, we have offered a 100% distance learning option for families who requested it, space permitting.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2020-21)

Pursuant to the settlement of Williams vs. the State of California, Huntington Beach City School District thoroughly inspected each of its school sites at the start of the 2020-21 school year to determine whether or not each school had sufficient and good quality textbooks, instructional materials, and/or science laboratory equipment.

All students, including English Learners, are required to be given their own individual textbooks and/or instructional materials (in core subjects), for use in the classroom. Additionally, all textbooks and instructional materials used within the District must be aligned with the California State Content Standards and frameworks, with final approval by the Board of Education.

Textbooks and instructional materials used in the district in the core subject areas of English-Language Arts, Mathematics, Science, and History-Social Science.

School Facility Conditions and Planned Improvements (Most Recent Year)

Smith School was built at various times during the 1950's with portable classroom buildings added in the late 1980's through the 1990's. This site consists of an office area, library, multipurpose room, warming kitchen, original 23 classrooms and 9 portable classrooms. The site also has a YMCA portable building used for before and after school child care.

Improvements during the year include modernization of the classrooms into 21st Century classrooms with new furniture, technology, infrastructure and Chromebooks. Other repairs include roof replacement, upgrades to existing facilities P.A. and Bell system, updated phone and fire alarm. Upgrades made to MERV 13 air filters per CDC guidelines.

The new Administration building and additional classrooms were completed creating a single point of entry to the campus as well as security fencing, a new drop off and parking area. The existing Multipurpose Room and kitchen modernization was 95% complete. Modernization of Building E and re-purposing Teacher Lounge, Work Area, and Computer Lab was 50% complete.

Facilities are inspected continuously by custodial and maintenance personnel, and work orders are submitted as needed.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Math	69	N/A	69	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-21)

Parents and the community are very supportive of the educational programs at Smith School. The Smith School Parent Teacher Association (PTA) has made generous contributions of time and money to numerous programs and activities, including: field trips, assemblies, book fairs, skating parties, Art Masters, Art Reflections, and Family Art Nights. Smith is fortunate to have a large number of parents who volunteer their time working in the classroom to assist teachers and provide small group instruction. The school's programs have also been enriched by the generous contributions made by the following organizations: Barnes and Noble Booksellers, Huntington Harbor Philharmonic, Las Damas, and other local businesses.

Parents are encouraged to be involved at Smith School by volunteering in the classroom, planning school PTA sponsored activities such as the Pumpkin Patch and Read-A-Thon, and by joining one of the many PTA or school committees which enhances our school program. Families are also encouraged to attend our family Movie Nights and Smith Family Restaurant Nights. Parents can go to our PTA website at www.smithpta.org to learn how to get involved. Also, parents can serve on our School Site Council (SSC) or English Learner Advisory Committee (ELAC) by participating in our election process during the fall of each school year. Please see the Parent Involvement Home-School Compact distributed to Title I parents as an attachment. As a result of COVID-19 and the impact this has caused, our families participate in school meetings such as Back to School Night, PTA meetings, SSC and ELAC meetings, parent teacher conferences, etc. via teleconferencing programs such as ZOOM. We have observed an increase in parent participation in meetings due to the flexibility this opportunity has created.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2020-2021)

The Comprehensive Safe School Plan was developed by the district to comply with Senate Bill 187 (SB 187) of 1997. The plan provides students and staff a means of ensuring a safe and orderly learning environment. Each school includes the following requirements of SB 187 within their safe school plans: current status and assessment of school crime; identification of strategies and programs that provide and maintain a high level of school safety; child abuse reporting procedures; disaster procedures, routine and emergency; policies related to suspension and expulsion; notification to teachers; sexual harassment and discrimination policy; policies and procedures for the prevention of bullying; provision of a school-wide dress code; safe ingress and egress of pupils, parents, and school employees; safe and orderly school environment; and school rules and procedures.

The school evaluates the plan annually and makes any modifications as needed. Safety procedures, including elements of the Safe School Plan, were reviewed with school and district staff during the winter of of the 2020-21 school year. The plan was reviewed and updated with staff and School Site Council in early 2021.

The district progressively addresses structural needs at each school to ensure facilities are safe and comply with education codes as well as building and safety regulations. One automated external defibrillator (AED) was installed in the administration building. A \$169 million bond (Measure Q) approved in November 2016 provides the necessary funding for District- wide modernization efforts. The Smith campus was under construction during the 2019-20 school year and major improvements included the renovation of learning spaces and relocation of the administration building. Permanent campus perimeter fencing was completed during Winter 2019 to increase student safety.

Suspensions and Expulsions

(data collected between July through June, each full school year respectively)

Rate	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
Suspensions	0.7	0.4	1.9	2.0	3.5	3.5
Expulsions	0.0	0.0	0.0	0.0	0.1	0.1

Suspensions and Expulsions for School Year 2019-2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions	.4	1.2	
Expulsions	0	0.01	

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement	20	25	50

Huntington Beach City School District regularly collaborates with all levels of district and school site staff when developing professional development offerings. Instructional program improvement is driven by student needs and guided by state standards and frameworks. District and school administrators use site trend analysis, state testing, district-level assessments, teacher response, and administrator observations to identify more effective methods and strategies to achieve positive results for teachers and students. The Assistant Superintendent of Educational Services and principals meet monthly to analyze current instructional programs, instructional materials, implementation timelines, and student achievement. Feedback is gathered at the site level through direct input and staff observation. Periodic Curriculum Development Committees are formed to address identified areas of need and focus. Twenty professional development days were available and held during the school year which involved curriculum based training for ST Math, Mimio Studio Notebook, OC STEM Science training, Write from The Beginning, Stop the Bleed, Modernization Overlook training, and data analysis through Professional Learning Communities. As a result of the COVID-19 school closures and need to provide distance learning, HBCSD increased its professional development offerings during the 2019-20 and 2020-21 school years to increase capacity of teachers to provide distance learning. These sessions included on-demand learning of pre-recorded, self-paced modules as well as live sessions with topics ranging from ZOOM, Screencastify, Clever, Canvas Learning Management System, SchoolsPLP digital curriculum, The Distance Learning Playbook to name a few.

In alignment with the district's long-range curriculum plan, staff development opportunities are available for teachers, support personnel, administrators, and classified staff at Smith School. Teachers combine their knowledge of how students learn with the best teaching practices found in state frameworks and task force reports to provide a rigorous and comprehensive core curriculum for all grades. The school has focused extensively on reading and language arts in the area of staff development. Recent topics included the Accelerated Reader program for increasing reading comprehension, Thinking Maps, Rebecca Sitton Word Study Skills and the Dynamic Indicators of Basic Early Literacy Skills (DIBELS) assessments in grades K-5. Smith staff has also focused on improving math instruction. Staff development has been provided in Cognitively Guided Instruction (CGI), in grades kindergarten through second. Staff development in Extending Children's Mathematics has been provided in third through fifth grades. All staff has participated in staff development for ST Math through the Mind Research Institute.

A portion of our school funding is used to enable staff members to attend teaching seminars and other events designed to enhance their teaching techniques and expand their knowledge base. Teachers new to the profession are supported by peer coaching and are encouraged to attend in-services offered by the West Orange County Professional Development Center. Classified staff and instructional assistants are provided training and development opportunities at the school, district, and county levels. In-services for classified staff are geared to their specialty areas.

Types of Services Funded

For students identified and who meet eligibility criteria, Smith provides Gifted and Talented Education (GATE) instruction through cluster classes for grades two through five. Instruction within these classes focuses on teaching grade level standards through the use of Sandra Kaplan's depth and complexity icons. This program provides challenging instruction to students capable of achieving significantly beyond the level of their peers. GATE classes are taught by fully credentialed, GATE-trained teachers, who annually participate and attend GATE training and workshops sponsored by the California Association for the Gifted.

Title I funding plays a critical role in the Education Act, Every Child Succeeds Act (ESSA). Title I is federal money used to support additional staffing and programs to meet the needs of low income, low-achieving students and other designated students with special needs. Smith School uses Title I funds to assist students identified as failing, or most at-risk of failing, to meet the State Board of Education standards. Information regarding Title I designation assists parents and the school community to understand the impact ESSA will have on Smith School. ESSA requires evaluation of student performance both school-wide and by specific subgroups within the student population. Two credentialed instructors provide small group instruction to students needing academic support in reading, through an intervention program.

Smith School sponsors many supplemental activities and educational programs for our students and their families. We have purchased iPads and Chromebooks for use by our English learners to provide additional access to our supplemental programs in addition to visits to the computer lab. Certificated teachers provide after-school homework help and instruction, and there is an open computer lab before school several mornings per week for thirty-minute sessions, for those who may not have computer access at home.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
