April 1, 2025

Dear Wing Families,

This is a very exciting time of the year for all our students, especially for our new incoming kindergarten students. We are beginning the process of scheduling our incoming kindergarten students for screening. The screening process will take about 30 minutes and include multiple quick assessments. Our screening date will be Tuesday, April 29, 2025.

While your child is in the building, support staff and classroom teachers will be working with your child. The screening process will include a range of tasks that will look at your child's fine motor skills, gross motor skills, cognitive ability, and receptive and expressive language. This will give the school a good profile for placement next year and will also help in getting to know your child better.

It is important that you sign up for a time slot using the Google application which can be found on the Islip Public Schools website at this link [2025 - 2026 Kindergarten Screening Scheduling](#) or by using the QR code below. When entering this application, you will see all available spots. You will need to sign up by placing your name and your child's name in the available time slot.

**\*\* Please note:** If you have indicated an additional language other than English on your Home Language Questionnaire, an ENL teacher will be contacting you to conduct a pre-screening interview. At that time, you will schedule a screening appointment with that teacher. (There is no need for you to schedule an appointment using the Calendly app.)

On the day of your appointment, please make sure you are on time. You will need to drop off your child at our auditorium entrance located on the north side of the building. Staff members will be there to greet you and will escort your child to each station.

Everyone at Wing is looking forward to meeting all our new kindergarteners! Have a great day and feel free to contact me with any questions or concerns.

Sincerely,

*Catherine Glaser*
