

2025 AP Exam Schedule

Week 1

	Monday May 5 th	Tuesday May 6 th	Wednesday May 7 th	Thursday May 8 th	Friday May 9 th
8:00 AM Exam Start Time	Biology	Chemistry	English Literature & Composition	Statistics	Italian Language & Culture
7:20 AM Arrival Time		Human Geography			United States History
12:00 PM Exam Start Time	European History	US Government & Politics	Computer Science A		
11:20 AM Arrival Time					

Week 2

	Monday May 12 th	Tuesday May 13 th	Wednesday May 14 th	Thursday May 15 th	Friday May 16 th
8:00 AM Exam Start Time	Calculus AB	Precalculus	English Language & Composition	Spanish Language & Culture	Physics 1
7:20 AM Arrival Time	Calculus BC				
12:00 PM Exam Start Time	Seminar	Environmental Science	Physics C: Mechanics	Computer Science Principles	Psychology
11:20 AM Arrival Time		Physics 2: Algebra Based			

NEW for 2025:

Fully Digital Subjects: Students complete multiple-choice and free-response questions in Bluebook, with all responses automatically submitted at the end of the exam:

- AP Computer Science A, AP Computer Science Principles, AP English Language & Composition, AP English Literature & Composition, AP Environmental Science, AP European History, AP Human Geography, AP Psychology, AP Seminar, AP US Government & Politics, AP US History

Hybrid Digital Subjects: Students complete multiple-choice questions and view free-response questions in Bluebook. They handwrite their free-response answers in paper exam booklets that are returned for scoring.

- AP Biology, AP Calculus AB, AP Calculus BC, AP Chemistry, AP Physics 1, AP Physics 2, AP Precalculus, AP Statistics

The AP Exam administration for exams with audio components and exams consisting solely of portfolio assessments remain unchanged for the May 2025 AP Exam administration:

- AP Italian Language & Culture, AP Research, AP Spanish Language & Culture

What to Know About Digital AP Exams

Bluebook digital testing is user-friendly and designed to keep testing smooth and secure.

- Students will take digital exams on their school issued device.
- Students only need to be connected to the internet to start the test and at the end to submit their responses. If the internet drops during testing, students can continue testing without disruption.
- After the proctor starts the exam, Bluebook controls the exam timing; exam responses are submitted automatically as soon as the exam ends.
- In case of a widespread internet outage for an extended period or another unforeseen issue that prevents automatic answer submission at the end of the exam, students have up until 4 days after the exam to find an internet connection and submit their encrypted responses.
- Students who are College Board approved for accommodations such as extended time are provided in Bluebook.
- Students will have ample opportunities to familiarize themselves with digital AP Exams, including [test previews](#) in the Bluebook app, AP Classroom practice assessments that closely mimic the look and feel of Bluebook exams, video tours of Bluebook features and tools, and more.

Test Previews

- A test preview is a short set of questions that lets you experience digital testing and try out all the tools. You won't receive scores or any feedback on your answers.
- Test previews are untimed. On test day, a timer will be running.
- You may use assistive technology with a test preview. If you're approved for extra time or breaks, you'll get them on test day but not in the test preview. If you configure your assistive technology settings during a test preview, you may need to repeat this step on test day.

The basic requirements of the exams aren't changing.

- The number of sections, number and type of questions, question choice (if applicable), and timing remain unchanged.
- Students can go back within a section or part to review or complete previous questions. Students may not return to parts within a section that have already been completed.
- Digital AP Exams allow students to highlight and annotate exam stimuli and questions, mark questions to revisit, and eliminate answer choices. Students will be able to plan and outline on scratch paper provided by the proctor.
- AP calculator policies are unchanged. Additionally, for Biology, Calculus AB, Calculus BC, Chemistry, Environmental Science, Physics 1, Physics 2 & Precalculus students can use the built-in Desmos graphing calculator through Bluebook. Desmos is not available for the AP Statistics Exam, as it doesn't currently have the required statistical computational capabilities described in the AP Statistics Course & Exam Description.
- Reference materials, such as the periodic table, equation sheets, and Java Quick Reference, will be available in Bluebook.

Advanced Placement Exam – Test Day Reminders

Reminders....

- Bring your school-issued device and power cord for all digital or hybrid digital AP Exams.
- Bring your school-issued photo ID.
- Get a good night's rest and eat a nutritious breakfast before your exam.
- You may bring a labeled snack and beverage for the ten (10) minute break outside the testing room.
Food and drinks are not allowed inside the exam room.
- Dress in layers to stay comfortable if the room is cooler or warmer than preferred.

College Board Security – Items that are permitted and prohibited in the exam rooms:

It is important that students bring only the items permitted in the exam room. A student observed with any of the prohibited items during testing or breaks may be dismissed from the exam, the device may be confiscated, the student's score may be cancelled, and no retest may be permitted.

Note: Depending on the type of exam a student is taking (fully digital, hybrid digital, paper), there are differences between what a student can and cannot bring to the exam room.

For Digital & Hybrid Digital AP Exams:

- Fully charged testing device and charging cord
- Student's College Board account login information
- Pencils or pens for taking notes on school-provided scratch paper
- External mouse (optional)
- For AP Environmental Science Exams: up to two (2) calculators with the necessary capabilities

Additional Items for Hybrid Digital AP Exams:

- Two (2) No. 2 pencils (with erasers) or two (2) pens with black or dark blue ink
- Up to two (2) calculators with the necessary capabilities

For Paper AP Exams:

- Two (2) No. 2 pencils (with erasers)
- Two (2) pens with black or dark blue ink

Students Must Not Bring

- **Electronic equipment of any kind** except devices being used for digital AP Exams.
- All stylus pens, Apple pens, smart pens, iPad pencils, and other electronic writing instruments.
- Books, notebooks, compasses, correction fluid, dictionaries, highlighters, or notes.
- Mechanical pencils, No. 3 pencils, or colored pencils.
- Rulers or straightedges (these are allowed only for Physics exams).
- Protractors.
- Scratch paper.
- Reference guides, keyboard maps, or other typing instructions.
- Watches that beep or have an alarm.
- Clothing or shoes with subject-related information.
- **NEW:** Head coverings (hats, brimmed caps, etc.) are not permitted while testing. Head coverings worn for medical or religious reasons are permitted during testing provided they do not obstruct testing staff's ability to view the test taker's eyes and ears.
- Ear plugs or headphones.
- Clipboards.
- Privacy screens.
- Separate computer monitors.
