The role of the District's Board is to govern the community's public schools by making the major decisions for the District as a whole. The Board collectively makes these decisions and individual Board members do not have the power to speak or act for the Board. The Board as a whole, by working with the Superintendent to make decisions that will best serve the District's students, will govern the community's schools. Accordingly, complaints or concerns made to Board members will be referred to the appropriate District point of contact for resolution.

Welcome Letter

Dear Bulldog Student and Parent/Guardian,

Welcome to the 2022-2023 academic year in Kearney School District! I am excited to begin my term as your new Superintendent of Schools and hope that you all had a wonderful summer relaxing and enjoying time with your friends and family.

Our team of school and district leaders and support staff have been working diligently this summer to make the updates and upgrades that will ensure that every student has an outstanding educational experience. We've made many important changes to our student handbook and encourage you to read through it thoroughly.

The Student-Parent Handbook is a guide to our district's practices, guidelines, policies and procedures. It is assessed annually by a committee of administrators from our schools and central office, who are experts in helping to provide the highest quality educational experience for our students. We have set extremely high standards for our district, many of which are included in this handbook and in our Board of Education goals. Please take the time to familiarize yourself with all of the content in this handbook. The commitments and priorities our school district has made to our students are spelled out clearly. Familiarity and compliance with expectations helps nurture a climate of excellence where learning thrives.

Our schools are defined by high quality educational experiences and supported by a community of students, parents, faculty and staff. We work together to ensure that every student makes the growth they need to succeed in the 21st Century global economy. We are excited to continue this collaboration with you as we provide robust and comprehensive educational and extracurricular opportunities for all students, every day, no matter what.

On behalf of every member of Team KSD, thank you for your support of our schools, staff and - most importantly - our students. This is a truly remarkable community and it is an honor to work with you as a leader of this extraordinary public school system. I wish each of you a wonderful and productive school year!

Sincerely,

A handwritten signature in black ink, appearing to read "Emily Miller", with a stylized flourish at the end.

Dr. Emily Miller, Superintendent

Enrollment Process

In order to register a resident student, the parent, court-appointed legal guardian, military guardian or the student shall provide proof of residency or proof that a waiver has been requested as outlined below and shall complete all admission requirements as determined by Board policies, rules and procedures. Resident students who cannot provide adequate proof of residence may request a waiver in accordance with state law. Students who do not meet the residence requirements may apply for admission in accordance with state law regarding admission of nonresident students (see District Policy S-100-P). The Kearney School District does not allow tuition to be paid by non-resident students. If you have any questions or concerns, please contact the building secretary.

At least one (1) of the following criteria shall be used in determining student residency:

1. The student physically resides and is domiciled in the district. The domicile of a minor child shall be the domicile of a parent, military guardian or court-appointed legal guardian. A “power of attorney” document alone is insufficient to satisfy the “court-appointed legal guardian” requirement.
2. The student is otherwise proved to be legally domiciled within the district.

In order to satisfy the district’s residency requirements, the student, parent, military guardian or court-appointed legal guardian must provide one (1) or more of the following items as proof of residency dated within 60 days upon initiating enrollment process:

1. Utility Bill/Agreement
2. Current Rental/Lease Agreement
3. Real Estate Contract

In addition to proof of residency, there is an enrollment link online at www.ksdr1.net under Enrollment. Students may not attend the same day they begin enrollment. Information needed for Enrollment to begin:

- Proof of Residency
- Completed Enrollment

The following is also necessary for enrollment and may be sent from the transferring school if necessary:

- Immunization Record
- Birth Certificate

All students entering Kindergarten and the 3rd grade are required to provide proof of residency before school begins. Proof must be based on documentation issued after June 1 of the current school year and dated within 60 days.

Withdrawal from School

Parents of children who are leaving the District should notify the school a few days prior to the last day of attendance. Library materials, texts and other school property should be returned before transfer is complete. Failure to follow these procedures may make it difficult for a student to be enrolled and classified properly in another school. He or she may also be required to pay for outstanding lunch balances, books or other equipment that is lost or damaged.

Attendance and Absence Procedures S-115-S

KSD exists to improve lives through education. The District seeks to enroll and educate all resident children in the community, as required by law. KSD provides educational programming for all students between the ages of 5 and 21. In addition, students as young as age 3 may qualify for and receive special education services. For more information about these special education services, please contact Director of Special Services Heather Guilkey at (816) 628-2653 or guilkeyh@ksdr1.net.

KSD is committed to the philosophy that every child should attend all day every day. Regular attendance and promptness are expected and essential for success in school. Studies show there is a direct connection between good attendance and good grades. Learning lost due to an absence can never be adequately replaced.

Attendance represents a critical component in the overall success of each student. We understand that sometimes it is necessary for a student to be absent, but we also know that absences should be kept to an absolute minimum. It is important that parents/guardians and the professional staff of KSD work together as partners.

Expectations for Attendance

Attendance is essential for learning. By law, all children must attend school from the age of 7 until the age of 17. Parents/guardians are accountable for the attendance of their child. The District will inform parents/guardians of their student's absence and support families when attendance becomes a concern. It is the responsibility of the student to make up work due to an absence. Students who wish to participate in school-sponsored activities must attend school the entire day on which the activity occurs, unless the principal has pre-approved the absence based upon special circumstances. The administration makes the final determination regarding whether an absence is excused or unexcused.

Procedures for Reporting an Absence

Students who arrive at school after 9:00 a.m. or not at all are considered absent. Students entering school late must sign in at the office upon arrival. When a student is released early from school to a parent or guardian, it constitutes an absence. In general, prior notification is required when a student is dismissed early and the student must be checked out through the office.

Parents/guardians are required to report via telephone any absences or tardiness to their child's school by 9:00 a.m. The school will attempt to contact parents/guardians in the event of non-communication. It is the parents'/guardians' responsibility to provide the correct contact information to their child's school. Physician notes and other official documentation may also be requested and turned in to your child's school office. This documentation is a good practice and highly encouraged.

Parents/guardians are encouraged to create a PowerSchool account to monitor grades and attendance electronically. Your child's school office staff can provide you with the necessary information to set up this account upon request.

Excused Absences

Parents or students must provide proper notification and documentation to the school showing the absence was unavoidable for an absence to be excused. Excessive absences will result in written notice from the principal to the parents/guardians. It is the responsibility of the student to make up work with teacher support when a student is absent. The timelines for turning in make-up work will be determined with the teacher, with a minimum of one day for every day missed.

When a student is released early from school to a parent or guardian, it constitutes an absence. In general, prior notification is required when a student is dismissed early and the student must be checked out through the office. The administration may request documentation to determine whether an absence is excused. Excused absences are allowed for:

- Illness of the student
- Medical appointments that cannot be scheduled outside the school day
- Serious illness or death of a family member
- Religious observances
- School-sponsored activities (e.g., field trips, athletics, competitions, etc.)
- Court appearances or other legal situations beyond the control of the family
- Emergency situations as approved by the principal
- Visits from a parent or guardian on active military duty who is on leave from, will be immediately deployed, or immediately returned with notification and approval of the principal
- Suspensions
- An absence which has been requested and approved in advance by the principal due to exceptional circumstances. In these situations, make-up work should be requested in advance of the absence and any tests, projects, or in-class assignments will be made up at the direction of the teacher.
- Funeral (parent call required)
- Family Vacations (Must be approved by a principal in advance, see section regarding Prearranged Absences)
- History of chronic health problems (provided that appropriate written documentation is filed with the attendance office)
- Parent Communicated Events, such as special occasions

The school administrators will reserve the authority to determine if an absence is excused.

Unexcused Absences

Absence for reasons other than the categories of excusable reasons, or that does not have the proper documentation for an excused absence as determined by the principal, will be considered unexcused. Excessive, unexcused absences will result in written notice from the principal to the parents/guardians. The principal may request a parent/guardian conference to discuss attendance concerns and a collaborative plan may be developed to remove barriers to attendance. When attendance remains problematic, the school may contact the appropriate agencies and/or authorities for assistance.

Late Arrival/Tardiness

A late arrival or tardy occurs when a student arrives after the expected class period has begun, as determined by the District. The District will count tardiness as an absence. All students are expected to be in class by the school's designated start time (8:40 a.m.). Students who arrive at school after 8:40 a.m. up to 9:00 a.m. are considered tardy to school. Students entering school late must sign in at the office upon arrival.

All students should be in their classrooms before scheduled class time. Only in rare instances is tardiness excusable. Students arriving late to school (after 8:40 a.m.) must report to the attendance office and sign in before going to class with an admit slip. Excessive tardiness to school or to classes during the school day may result in ISS or additional disciplinary action, such as loss of privileges.

If a student is more than 5 minutes tardy to class, he/she may be considered truant. The first 4 tardies per class per semester result in no administrative consequences. On the 5th tardy and thereafter per class per semester, disciplinary consequences may be assigned by an administrator. (See discipline policy section).

Truancy

Truancy is when the student is absent from school without permission of the parents/guardians or school official. Truancy includes, but is not limited to, skipped classes, falsely informing the school about the reason(s) for the absence, or absences that have not been pre-arranged and pre-approved as excused. The District may assign disciplinary measures for truancy. Families are entitled to appeal assigned consequences to the Superintendent or designee.

Upon arrival to school grounds, students should remain on campus. Any student who leaves school grounds without their parent or guardian signing them out is considered truant. Students who need to leave school grounds must sign out through the office. Students, who leave the school building or grounds without authorization, fail to report to a class, or leave a class, may receive disciplinary consequences by an administrator.

Homework Requests Due to Absence

Students who have missed school due to illness may request homework by calling the office before 9:30 a.m. Homework will be ready for pickup after 3:00 p.m. Your cooperation is appreciated, as teachers will need adequate time to prepare homework assignments. Homework requested due to vacation absences will be available upon the student's return to school.

Leaving School Early

Parents must notify the attendance office should their child need to leave for an appointment. Parents should call as early as possible on that day. Parents or guardians must come directly to the front office and sign the student out of school. If a student returns before the end of the school day, the parent or guardian must sign in the student before returning to class.

Dress Code S-180-S

The Board of Education expects student dress and grooming to be neat, clean, and in good taste, so that each student may share in promoting a positive, healthy, and safe atmosphere within the District. Student dress and grooming are the responsibility of parents and students. However, when, in the judgment of the building administration, a student's appearance or mode of dress disrupts the educational process, constitutes a threat to health or safety, or is otherwise contrary to the school's objective to maintain a work/school environment which is free of offensive and hostile conduct, the student may be required to make modifications. Dress that detracts from the learning process or working environment is not permissible.

- Students are expected to wear clothing that covers all undergarments and private parts at all times.
- Bare midriffs, inappropriate tank tops and strapless attire are not to be worn.
- Shoes, boots or other types of acceptable footwear (house shoes or slippers are not acceptable) must be worn in the building.
- Non-prescription glasses/sunglasses are not to be worn inside the school building once the student enters until after the last bell of the day.
- Clothing must be worn according to the original design of the garment.
- Clothing and accessories with printed obscene or profane statements, pictures, or implications; statements indicating immoral, illegal, sexual, or violent behavior; statements advertising, promoting or picturing alcohol, tobacco, or drugs are prohibited.
- Class activities that present a concern for student safety may require the student to adjust hair and/or clothing during the class period to maintain safety standards.

Students who wear inappropriate and/or revealing clothing or accessories will be required to make modifications. Failure to comply may result in disciplinary action.

Food Service Program F-285-S

Breakfast

Breakfast is served on a daily basis at all elementary buildings. Menus are available on the District website.

Lunch

Lunch is served on a daily basis at all elementary buildings. Menus are available on the District website. The status of each student's lunch account is available from the secretary and on Titan.

Students carry their lunch cards to the lunchroom. Do not bend these cards. The cards cannot be read by the scanner when they are even slightly bent. If a lunch card is lost or damaged, the cost of a replacement card is \$1.00.

Meal Charges

Students

- A student may not accumulate more than ten unpaid meal charges
 - Charges can be made only on an emergency basis to a maximum of -\$5.00.
- Students with a negative balance may not purchase à la carte items
- Students may deposit cash or checks with the designated building secretary or make an on-line payment in order pay for school meals
- Students will not be identified, singled out, shamed or punished by the District for the failure of their parents/guardians to pay for or provide meals, and the District will not withhold student records in violation of law

We encourage all families to complete a free and reduced-price school meal application to determine what level of support is available for their child. For additional information, find this application on our website or the Titan parent portal. Paper applications will be available at school offices upon request.

TITAN Online Payment

The Kearney School District provides parents an easy way to make payments for their students. We have established a secure Web Site powered by TITAN at no cost to the School District. Our Web Site offers parents a convenient payment option when adding money to a student's food service account. Online payments can be made using VISA, MasterCard or Discover credit or debit card. A processing fee will be added to the total purchase. You may access the TITAN system by logging onto www.ksdr1.net & click onto Quick Links.

Lunch Balance Process for Students who Transfer, Drop, or Graduate

Parents/Guardians are responsible for their child's lunch balances throughout the school year. At times those balances may fall negative and staff may send reminders that lunch money is due. Lunch balances also may remain positive as students choose not to

eat the school lunches. When a student transfers to another District, drops out or graduates from KSD they are responsible to reconcile their lunch accounts with the building administrative assistants whether that balance is negative or positive. KSD staff will make every effort to inform parents/guardians and students what their lunch activity consists of.

If money is owed to KSD at the time of transferring, dropping or graduating payment is expected.

If the student transferring has a sibling remaining in the District their balance may be transferred to that sibling. A parent/guardian or student may also designate their balance transferred to another student. Requests of this nature should be clearly stated.

If there is a balance remaining on the lunch account greater than ten dollars you may request a refund with the building administrative assistants. Refunds of less than ten dollars may not be issued. The deadline for this request is June 15th following each school year. The refund will commonly be issued by check, if the check is not cashed in 180 days it will become void. Refunds will not be processed automatically, a request from a parent/guardian or student is necessary. Any questions or concerns should be addressed to the building principals.

Free and Reduced Lunch Application

Students may be eligible for free or reduced price breakfast and lunch based on federal income guidelines. Free/Reduced lunch applications are available during the entire school year in the KES office any school day or online at www.ksdr1.net. Applications may be submitted at any time during the school year. In accordance with federal law, these applications, and a student's receipt of free or reduced price meals shall be kept strictly confidential.

Adult Visitors for Lunch

Adult guests with authorization from the parent or legal guardian may request to have lunch at school with adequate notice, preferably 24 hours in advance. Arrangements need to be made through the office, as each building has specific lunchroom guest procedures. Guests pay for their lunches in the office and receive a lunch voucher to use in the lunchroom. Guests may also bring outside food for themselves and their student.

Guests may not stay for any recesses following lunch, as this is a time important to the social growth of your child and can cause concerns from the parents of classmates. This is for your child's safety.

Pets

No pets are allowed at school unless the building principal has given permission.

Allergy Prevention and Response S-145-S

The District is required to ensure students with allergies are safe at school through planned prevention and response to a student's allergic reaction. For purposes of District policy and related procedures, an allergic reaction occurs when the immune system overreacts to a typically harmless substance and may be mild to life-threatening. Allergy prevention and response protocols apply to all school locations, including nonacademic, school-sponsored activities and transportation provided by the District. The Board authorizes the Superintendent or designee to develop and implement procedures to protect the health and well-being of students with significant allergies.

We strive to provide a safe environment for all students, including those with life threatening food allergies, to promote understanding of their needs to the wider school community, and provide guidelines that outline prevention strategies and treatment protocols that allow staff to respond to individual circumstances and provide necessary emergency treatment. Management of student allergies will be through a team approach, (e.g. parent or guardian, building administrator, nurse and classroom teacher).

Parents/guardians should provide, at the time of enrollment, information on any allergies the student may have. The school nurse may request written permission from the parents/guardians to communicate with a student's health care provider as needed. Staff members are trained annually on risk reduction strategies, symptom recognition, and response procedures.

As allowed by District rules, each school is equipped with prefilled epinephrine auto-injectors, more commonly known as an Epi-Pen. In the event of anaphylaxis (a life-threatening allergic reaction that may be triggered by a food allergy, insect bite, or drug allergy), the Epi-Pen will be used by the school nurse, or other trained staff member, and 911 will be notified.

The stock epinephrine is available for students with no prior diagnosis of anaphylaxis or in cases of known anaphylaxis where personal medication on hand is found to be unavailable or flawed. At a minimum, District stock epinephrine remains in the Nurse's Health Room at all times.

Building-Wide and Classroom Approaches

All foods and beverages the district provides or makes available to students (not sold to) during the school day will meet or exceed the Smart Snacks nutrition standards. This includes, but is not limited to, foods and beverages provided or made available to students for classroom snacks, building-wide incentives, celebrations, holiday parties, etc., regardless of the source of the food.

Exemption: Each Elementary building is allowed a maximum of one day per month for NON-Smart Snack food/beverage days. These items will only be provided by the District and/or PTO members. Parents/Guardians will be informed in advance of this type of event.

Birthday Celebrations

For allergy precautions, class sets of cookies are available for purchase from the district's contracted food service or non-food items will be accepted for individual birthday celebrations.

Food Service

Southwest Food Excellence:

Phone: 816-628-3869

<http://www.ksdr1.net/departments/food-service>

Please refer to the building nurse with any questions on how to read a nutrition label and how to access the Smart Snack Calculator. A direct link can also be found on our website www.ksdr1.net.

The District will provide age-appropriate education for students, consistent with state learning standards, including potential causes of allergic reactions, information on avoiding allergens, symptoms of allergic reactions, and simple steps a student can take to keep classmates safe.

All processed foods, including food sold in vending machines, are labeled with a complete list of ingredients on each individual package. Ingredient lists will be created for all food provided through the District's nutrition program, including before- and after-school programs, which are available upon request. This also applies to items sold as part of concessions, fundraisers, and classroom activities.

Individual Approaches

The District will evaluate and determine whether a student's allergies rises to the level of a disability that require accommodations through the provisions of an Individual Education Plan (IEP) or Section 504 Plan (504). For those students who have allergies that do not rise to the level of disability, a designated team may develop an Individual Health Plan (IHP) and/or Emergency Action Plan (EAP). Staff who have a need to know about a student's allergies and plan will be informed and trained, and all staff members will follow any IEP, 504 Plan, IHP, and/or EAP.

A student's health information and individualized plan will be kept confidential and not shared with those who do not have a need to know unless authorized by the parent/guardian or as allowed by the Family Educational Rights and Privacy Act (FERPA). The District will communicate and collaborate at least annually

with parents/guardians regarding the student's allergies, medications, restrictions/precautions, emergency contacts and any other relevant information to keep the student safe.

Health Services S-215-S

Health services are provided under the direction of a school nurse.

Students with Health Conditions

Health information should be provided by the parent/guardian at time of enrollment. All health information is to be updated annually at the beginning of each school year and/or as needed with any changes during the school year.

Parent/Guardian should notify the school nurse and principal of any health concern that may require emergency services or interventions throughout the day, or interfere with the student's education process.

Students requiring medical accommodations (including, but not limited to, physical restrictions or limitations, dietary restrictions that require meal modifications, class schedule modifications for medical interventions) must submit a statement from their licensed medical provider stating the need for such accommodations.

Illnesses/Injuries

All of our policies and procedures are developed with the goal of providing a safe, healthy, nurturing, and responsive setting for young children. Providing a safe and healthy environment requires establishing policies and procedures for handling childhood illness. It is unlawful for any child to attend a public school of this state while afflicted with any contagious or infectious disease, or while liable to transmit such disease after having been exposed. We reserve the right by law to require your child to see a physician and be excluded from school so long as there is any liability of such disease being transmitted to other students.

When a child becomes seriously ill or hurt at school, parents are notified as soon as possible. Ill or injured students must be picked up within 30 minutes of notification. If the parent cannot be located, the emergency number is called. Emergency telephone numbers must be available and kept current. In the event of a serious accident or illness where the parent/guardian or other emergency contact individuals cannot be reached, an ambulance will be called, and the student will be transported to the nearest hospital emergency room, unless otherwise specified on the medical health enrollment form. When advisable, the student will be accompanied by a staff member. Additional staff will continue to attempt to reach the student's parent/guardian. Parent(s)/Guardian(s) are held responsible for any costs involved for medical transport and care.

A student should not be in attendance and may be sent home with any of the following:

- Temperature 100.0 degrees or greater
- Vomiting
- Diarrhea
- Difficulty breathing, rapid or slowed breathing that is uncontrolled
- Sore throat and/or trouble swallowing
- Symptoms related to possible communicable diseases:
 - Suspicious skin rashes
 - Suspicious open wounds
 - Redness of eyes or eyelids with intense itching/burning and thick or crusty drainage
 - Painful, reddened sore throat accompanied by enlarged lymph nodes
 - Constant cough accompanied by other symptoms
 - Severe coughing, including, but not limited to, high pitched breathing sounds, “barky-like” sounding cough, turning blue or red in the face
- Excessive drainage from ears, persistent earache, or ears that show symptoms when assessed with an otoscope
- Serious physical injury
- Symptoms of an acute illness/injury making it difficult for student to fully participate in learning:
 - Exhaustion (can’t stay awake in class)
 - Pain that is difficult to control in the school environment
 - Limited mobility related to an injury that has not been evaluated by a physician
- Students with live head lice or nits 1/4 of an inch or less from scalp

Nurses assess students’ symptoms and make the decision whether a student needs to be sent home based on current symptoms and the history of the student’s situation. Students may return to school when free of above symptom(s) for 24 hours without any fever-reducing medication or other medication to relieve symptom(s). Children returning with any of the previous symptoms or illness will be excluded from the building immediately. This decision is at the discretion of the building nurse. Any questions regarding when to return to school should be discussed with the building nurse. A physician’s note may be required for return in some cases of illness.

Students returning to school after injury or surgery, and who are thereby temporarily incapacitated (e.g. crutches, casts or slings), should present a physician release to return to school along with a statement of any modifications or accommodations that need to be made.

Health Screenings

Health screenings are intended to facilitate the identification of children with common problems as early as possible, when treatment is most effective, thus supporting educational achievement and allowing ample time for referral of children for diagnosis and treatment. The Health Services department follows screening guidelines that were developed in a collaborative effort between the Missouri Department of Elementary and Secondary Education (DESE), the Missouri Department of Health and Senior Services (DHSS), and the Missouri Association of School Nurses (MASN).

Hearing and vision screening will be conducted during the current school year, as time and resources permit. Screenings will be completed on all kindergarten, first, third, fifth, seventh, and ninth grades; all new students; students receiving special services, and any student referred by a parent or teacher.

Re-screenings and follow-ups are done after mass screenings have been completed. Parent/Guardian will receive written notice for those students who failed a screening exam. Parent/Guardian can request screening results.

Parent/Guardian will be notified in advance of scheduled screenings. Parent/Guardian may exclude their child from any screening by notifying the school nurse in writing prior to scheduled screenings.

Health Office

If you have any questions, please contact the health office in your building

Administration of Medication S-135-S

The building nurse will provide all medication services. All medication is kept in the health office and no medication will be dispensed without written parental permission, including over-the-counter medication. Many medications can be given at home before or after school. When this is not possible, medication should be brought directly to the health office and the following procedures will apply:

All Medications:

- The Authorization for Medication Administration form must be signed and provided along with each medication (prescription and over-the-counter)
- Medication is kept in the nurse's office at all times with appropriate documentation
- All medications will be dispensed in the health room, unless authorization to self carry specific medications is obtained and recorded
- All medications must be delivered to the school nurse or building designee by parent/guardian

- All medications must be in a properly labeled container from the pharmacy or in the manufacturer's original packaging
- No medication will be given past the expiration date on the container
- The district will not administer any medication that is not regulated by the U.S. Food and Drug Administration
- Except for medications that are only used in an emergency situation, the district will not knowingly administer the first dose of any medication due to the potential for unknown reactions

Prescription Medications:

- Written instructions from a physician stating the name of student, current date, medication name, dosage to be given, and the times to be administered, or the medication label provided by the pharmacy with the physician's directions will be sufficient, so long as, the prescription has a current date with the student's name
- Pharmacies can provide an extra bottle with label for school doses upon parent request
- The first dose of any medication should be given at home whenever possible
 - ➡ Nurses can decide not to administer the first dose of a medication if, in their clinical judgment, it may compromise the safety of the student while attending school; in that instance, parents would be notified.
- Antibiotics need to be administered for a complete 24 hours before returning to school
- Any prescription medications, including inhalers, that don't have a prescription label, need a written note from the prescribing physician with the appropriate instruction, student name, and current date
- Medication by Injection:

If a student has a known health condition, such as allergies or diabetes that requires prescription medication administered by injection (e.g. epinephrine, glucagon or insulin) an Individual Healthcare Plan (IHP) and/or Emergency Action Plan (EAP) will be developed. The IHP and/or EAP should include the authorized prescriber's orders, parent authorization to administer the medication, report of student's related health history and identification of school personnel trained to administer the medication via injection. It is the parent's responsibility to ensure their student has access to emergency medication at school when it has been prescribed by a licensed physician. If a student exhibits symptoms of anaphylactic shock, EMS will be called. Epinephrine will be administered as indicated on the IHP or EAP or per district policy/procedure.

Non-Prescription Medication:

- Non-prescription medicine must be in the original container with administration guidelines included
 - ➡ Only the instructions written on the original container will be followed, unless a physician specifically provides a written order with different instructions for administering the medication

Emergency Medication

- As allowed by District rules, each school is equipped with an epinephrine auto-injector, more commonly known as an Epi-Pen. In the event of anaphylaxis (a life-threatening allergic reaction that may be triggered by a food allergy, insect bite, or drug allergy), the Epi-Pen will be used by the school nurse, or other trained staff member, and 911 will be notified. The stock epinephrine is available for students with no prior diagnosis of anaphylaxis or in cases of known anaphylaxis where personal medication on hand is found to be flawed. At a minimum, District stock epinephrine remains in the Nurse's Health Room at all times.
- Stock emergency medications are not a replacement for a student's prescribed emergency medication. If a student is prescribed an emergency medication for any health condition, it is the parent's/guardian's responsibility to ensure the student has access to their medication at school.
- Field Trips: Students' personal emergency medications must accompany the student on scheduled field trips. In accordance with the Missouri State Board of Nursing, these medications must be allowable to delegate administration to a non-health provider, such as a teacher. Parents/guardians are responsible for providing emergency medications to the school. If the emergency medication has not been provided or is expired, the student may not attend the field trip.

Standing Orders for Over the Counter Medications are available for use in the Health Office and approved by Adam Harrold, MD, Kearney School District Consulting Physician.

I hereby authorize the School Nurse or trained designees of Kearney R-1 School District to administer the following OTC medications as directed according to manufacturer's guidelines, provided the student has no contraindications or allergies to said medications. EPINEPHRINE will be administered in the event a student is thought to be experiencing an ANAPHYLACTIC REACTION.

NALOXONE (NARCAN) will be administered in the event a student is thought to be experiencing an OPIOID OVERDOSE.

Communicable Diseases F-245-S

Parents/guardians must notify the District if their student has a communicable disease. Parents/guardians will be required to provide written approval from the student's treating physician in order for their student to attend school. The District reserves the right to prevent student attendance until clarification or implementation of precautionary measures are in place. Parents/guardians are required to notify the District if they are enrolling or have a student attending school who is HIV positive.

Medical information of students is highly confidential, and the District will take necessary steps to protect the medical information of students and ensure that such information is released only to those with a need-to-know and/or individuals and entities who are required by law to be notified of certain health and medical information.

Students with a communicable disease who exhibit behaviors that increase the chances of their condition being spread to other individuals, may be subject to discipline and/or remedial action in accordance with the discipline code, and state and federal law.

Immunizations and Vaccinations

It is unlawful for any student to attend school unless the student has been immunized according to Missouri School Immunization Law. Satisfactory evidence of required immunizations must be on file before attending school. Immunization records or proof of a medical or religious exemption on an original Missouri Department of Health and Human Services card must be provided at time of enrollment and with any additional required immunizations as required by state law.

The District will exclude all students from school who are not immunized or exempted as required by law.

Student Insurance S-140-S

The District recommends student accident insurance for the protection of a student and parents/guardians. It is the responsibility of the parents/guardians to arrange insurance coverage as the District does not assume financial responsibility for student injuries. The District does, however, make an optional student accident group plan available for students, for which a carrier is named and rates established annually. Families and/or students must deal directly with the insurance carrier to obtain information about available coverage and policies. It is important that the parent/guardian read and understand the exclusions stated in the program. The District does not provide insurance for theft or student possession or damage to vehicles. Students participating in interscholastic athletics are required to have insurance coverage. This may be in the form of either family coverage or the coverage offered through the District. Missouri State High School Activities Association (MSHSAA), requires that a student be covered through insurance before being allowed to practice or compete for a school team. The student will not be allowed to participate in interscholastic practices or competitions until proof of insurance is provided.

The District also provides information about MO HealthNet for Kids (MHK), Missouri's Medicaid program, to qualifying families who enroll students in the District. Parents who complete an application for free and reduced-priced meals (FRL), and who indicate on the application form a child does not have insurance, will be notified by the District that the MHK program is available. Forms for MHK may be accessed at:

Student Records S-125-S

Access to and Release of Student Information

All parents/guardians may inspect and review their student's education records, seek amendments, consent to disclosures and file complaints regarding the records as allowed by law. The parents'/guardians' rights relating to the education records transfer to the student once the student becomes an eligible student; however, parents/guardians maintain some rights to inspect student records even after a student turns 18. The District allows access to records to either parent, regardless of divorce, custody or visitation rights, unless the District is provided with legal documents that the parent's rights to inspect records have been modified.

Directory Information

Directory information is information about a student that generally is not considered harmful or an invasion of privacy if disclosed without the consent of a parent or eligible student. The District will designate the types of information included in directory information and may release this information without obtaining consent from a parent or eligible student unless a parent or eligible student notifies the District in writing. Parents and eligible students will be notified annually of the information the District has designated as directory information and the process for notifying the District if they do not want the information released. Even if parents or eligible students notify the District in writing that they do not want directory information disclosed, the District may still disclose the information if required or allowed by law. For example, the District may require students to disclose their names, District email addresses in classes in which they are enrolled, or students may be required to wear or display a student identification card that exhibits information designated as directory information. The District designates the following items as directory information:

General Directory Information: The following personally identifiable information about a student may be disclosed by the District without first obtaining written consent from a parent or eligible student: Student's name; date and place of birth; parents' names; grade level; enrollment status (e.g., full-time or part-time); participation in District-sponsored or District-recognized activities and sports; weight and height of members of athletic teams; athletic performance data; dates of attendance; degrees, honors, and awards received; artwork or

course work displayed by the District; schools or school Districts previously attended; and photographs, videotapes, digital images and recorded sound unless such records would be considered harmful or an invasion of privacy.

Limited Directory Information: In addition to general directory information, a student's address, telephone number and email address; and the parents' addresses, telephone numbers and email addresses may be disclosed to: school officials with a legitimate educational interest; parent groups or booster clubs that are recognized by the Board and are created solely to work with the District, its staff, students and parents and to raise funds for District activities; parents of other students enrolled in the same school as the student whose information is released; students enrolled in the same school as the student whose information is released; governmental entities including, but not limited to, law enforcement, the juvenile office and the Children's Division (CD) of the Department of Social Services.

Release

Parents or guardians may designate additional adult(s) to have access to their student's records by requesting a Family Educational Rights and Privacy Act (FERPA) release form. This form is found at the end of this handbook.

Notice

Parents/Guardians and/or eligible students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

Personnel Records E-190-S

The District is required to inform you that, according to the Every Student Succeeds Act of 2015 (Public Law 114-95), upon your request, the District is required to provide you in a timely manner, the following information:

- Whether your student's teacher has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
- Whether your student's teacher is teaching under emergency or other provisional statute through which State qualification or licensing criteria have been waived.
- Whether your student's teacher is teaching in the field of discipline of the certification of the teacher.
- Whether your student is provided services by paraprofessionals and if so, their qualifications.

In addition to the information that parents may request, a building receiving Title I.A funds must provide to each individual parent:

- Information on the level of achievement and academic growth of your student, if applicable and available, on each of the State academic assessments required under Title I.A.
- Timely notice that your student has been assigned, or have taught for 4 or more consecutive weeks by, a teacher who has not met applicable State certification or licensure requirements at the grade level and subject area in which the teacher has been assigned.

Visitor Procedures C-155-S

For student purposes, all visitors MUST use the main entrance, report to the office, and sign in and out upon arrival and departure. No one will be allowed to enter the hallways or classrooms without permission from the office and without a visitor's pass. If you need to pick up your child before the end of the school day, come to the office and your child will be called to the office.

All visitors should report to the office. If you have a meeting with the teacher, or you are here to volunteer, you will be given a visitor's pass to wear. We do check photo I.D.'s if we are not familiar with you or have not met you before; please note this is for everyone's protection.

Transportation Services F-260-S

Bus transportation is provided for all students. Students wanting to walk to and from school must provide written parental permission.

Parents must provide written authorization regarding a change in transportation. If the office does not have written parental authorization, we will require your child to ride his/her normal bus.

The bus barn also requests that if you plan other students to go home with your own child, contact them first to see if that is possible. The bus company has many buses that are full to capacity. You may need to make other transportation arrangements if that is the case. If your child experiences difficulties, please contact the bus barn, Tisa Wright, (816)628-9003.

All bus students and parents will be asked to read the Kearney Student Code of Conduct. It is important to reinforce these rules with your child, as his/her safety will depend on an orderly bus. Bus drivers routinely report bus discipline problems to the principal. Serious or frequent problems will result in a suspension from riding the bus. Misbehavior on the bus is viewed as a serious infraction of school rules. For your child's safety, we must insist on all students' best behavior at all times on the bus.

Student Discipline S-170-S

Student Code of Conduct

The District believes students deserve the right to participate and learn in a safe environment which allows teachers to focus on instruction that accelerates achievement. To ensure that school is a quality atmosphere for all students at all times, the code of conduct and discipline policies outline consequences for misconduct that occurs at school, during a school activity whether on- or off-campus, on District transportation, or misconduct that involves the use of District technology. All District personnel are responsible to supervise and hold students accountable for violations of discipline rules. Failure to obey standards of conduct may result in, yet is not limited to, verbal warning, community service, confiscation of property, principal/student conference, parent contact, loss of credit, grade reduction, course failure, removal from extracurricular activities, revocation of privileges including transportation, parking and technology privileges, detention, in- or out-of-school suspension, expulsion, and report to law enforcement. For offenses involving academic integrity, the student may also be subject to a loss of credit for work, a grade reduction, and/or course failure. The Board authorizes the immediate removal of a student who poses a threat to self or others as determined by the principal, Superintendent, or the Board.

Any student who is suspended for any serious violation of the District's Student Discipline policy shall not be allowed while suspended to be within 1,000 feet of any school property or any activity of the District, regardless of where the activity takes place, unless:

1. Such student is under the direct supervision of the student's parent, legal guardian, or custodian and the Superintendent or the Superintendent's designee has authorized the student to be on school property;
2. Such student is under the direct supervision of another adult designated by the student's parent, legal guardian, or custodian, in advance, in writing, to the principal of the school which suspended the student and the Superintendent or the Superintendent's designee has authorized the student to be on school property;
3. Such student is enrolled in and attending an alternative school that is located within one thousand feet of a public school in the District where such student attended school; or
4. Such student resides within one thousand feet of any public school in the District where such student attended school in which case such student may be on the property of his or her residence without direct adult supervision.

If a student engages in an act of violence, a school administrator will report the information to teachers and other District employees who are responsible for the student's education or otherwise interact with the student on a professional basis while acting within the scope of their assigned duties.

Reporting to Law Enforcement

It is the policy of the Kearney School District to report all crimes occurring on school grounds and/or during school activities to law enforcement, including, but not limited to, the crimes the district is required to report in accordance with the law. The following acts, regardless of whether they are committed by juveniles, are subject to this reporting requirement:

1. First or second degree murder under § 565.020, .021, RSMo.
2. Voluntary or involuntary manslaughter under § 565.024, RSMo.
3. Kidnapping under § 565.110, RSMo.
4. First, second or third degree assault under § 565.050, .060, .070, RSMo.
5. Sexual assault or deviate sexual assault under § 566.040, .070, RSMo.
6. Forcible rape or sodomy under § 566.030, .060, RSMo.
7. Burglary in the first or second degree under § 569.160, .170, RSMo.
8. Robbery in the first degree under § 569.020, RSMo.
9. Possession of a weapon under chapter 571, RSMo.
10. Distribution of drugs under § 195.211, .212, RSMo.
11. Arson in the first degree under § 569.040, RSMo.
12. Felonious restraint under § 565.120, RSMo.
13. Property damage in the first degree under § 569.100, RSMo.
14. Child molestation in the first degree pursuant to § 566.067, RSMo.
15. Sexual misconduct involving a child pursuant to § 566.083, RSMo.
16. Sexual abuse pursuant to § 566.100, RSMo.

Corporal punishment is strictly prohibited as a method of discipline. Reasonable force may be used, when necessary, for the protection of a student or others and property. The District limits the use of seclusion or restraint to situations or conditions in which there is imminent danger of physical harm to self or others.

Students with disabilities will be disciplined in compliance with state and federal laws per the Individuals with Disabilities Act (IDEA), Section 504 of the Rehabilitation Plan, and any regulations and state and local compliance plans, which includes due process rights as afforded to all students. Additionally, a student's Individual Education Plan (IEP), including any portion that is related to past or potentially future violent behavior, will be provided to appropriate staff members with a need to know.

Information regarding a student's misconduct and discipline is confidential and only shared with those who have a need to know. Teachers and other authorized District personnel shall not be civilly liable when acting in conformity with District policies, including the discipline policy, or when reporting acts of school violence to a supervisor or other person as mandated by law.

The District discipline policy and procedures will be provided to every student at the beginning of each year, be published on the District website, and made available in the office of the Superintendent during normal business hours.

This code applies to all misbehavior committed by a student on District property, at any school-sponsored activity or event whether on- or off-campus, and District transportation. Additionally, the District may use its authority to address behavior that occurs off-campus if it interferes with the operation of the school or endangers the safety of students or staff.

Standards of Conduct and Consequences

No document can identify every possible offense that could potentially result in disciplinary action. This code identifies most offenses constituting a failure to obey the standards of conduct set by the Board. However, when circumstances warrant, the principal, Superintendent, and/or Board may impose consequences for misconduct not specifically outlined in this document.

Terms

Detention – Specified time period assigned by teacher/administrator to be served by student under supervision of professional staff.

Loss of Privileges (LOP) – An administrative assigned consequence. The student may lose the privilege of participating/attending activities including but not limited to athletic events, concerts, theatrical performances, programs, ceremonies, dances, assemblies, intramurals, computer/Internet access, driving/parking vehicle on school grounds, etc. The time period for LOP will be determined by administration.

In-School Suspension (ISS) – An administrative assigned disciplinary consequence where the student is removed from the student's daily class schedule but detained within a school setting during school hours. ISS assignment may go into effect as soon as the administrator has made a disciplinary decision based upon the policy. The student will not attend regular classes. Instead, the student will spend the school day in the designated ISS room on campus supervised by professional staff to complete assignments, quizzes, and tests. All work completed and turned in will receive full credit. A student who is assigned ISS may be held from participating in extracurricular practices, meetings, games, contests, or rehearsals as indicated by the Activities/Sponsor Handbook. If a student leaves school during the ISS assignment, he/she will be expected to make up the time missed the next day upon return. ISS is determined by hours of attendance. **A student may serve a cumulative of 10 days of ISS during a school year. Any infractions after that may result in OSS assignment(s).**

Any student who is referred to the office for violation of ISS rules may be suspended from school for a **minimum** of the remainder of that day and the next day. Any student who refuses to serve an ISS assignment may be assigned out of school suspension consequences. On both occasions, the student may receive zero credit on all tests, quizzes, projects and homework due during the time period he/she is suspended.

Out of school suspension (OSS) Short-Term – An Administrative assigned disciplinary consequence where a student is removed from school or class by the principal or the assistant principal not to exceed ten (10) school days. The suspension will go into effect as soon as the administrator has made a disciplinary decision based upon the policy. A student serving an out of school suspension will not be allowed on school property or to attend school activities during the suspension unless prior administrative approval has been obtained. A student suspended on Friday may not take part in weekend school activities. Makeup work during OSS is allowed, but is the responsibility of the student to secure. When a student is assigned OSS, the student is responsible for contacting the classroom teachers by telephone or email if necessary to access assignments as needed. Assignments are due the day the student returns to school. The student should also be prepared to take any missed or assigned tests on the day he/she is eligible to return to school. Students who have major assignments (i.e. final projects, research papers) due on the day of an OSS should make arrangements for those assignments to be turned in on that day.

Long-Term Suspension/Expulsion – Referred by the administration and executed by the Superintendent/his/her Designee/Board of Education, this suspension includes a period of time a student is removed from school exceeding ten (10) school days, but not to exceed one hundred and eighty (180) school days. After a hearing before the Board, or the committee of the Board, the student may be removed from school by the Board for a period of time exceeding one hundred and eighty (180) school days. A student serving long-term suspension/expulsion will not be allowed on school property or to attend school activities.

Expulsion – A student is removed from school by the Board of Education and is not eligible for further enrollment.

Due Process -- All students will be afforded due process as guaranteed by constitutional provisions. The process will be in accordance with state law and with the provisions outlined in the Board of Education policies and regulations on student suspension and student expulsion.

For In-School and short-term Out of School suspensions, should school be cancelled for any reason or a day(s) of missed ISS, any unserved suspension day(s) will automatically be re-assigned to the first day school is in session.

1. ACADEMIC DISHONESTY /CHEATING/PLAGIARISM

ACT OF ACADEMIC MISCONDUCT IS THE ACT OF VIOLATING THE RULES OR REGULATIONS OF A SPECIFIC CLASS OR THE KEARNEY R-1 SCHOOL DISTRICT, INCLUDING BUT NOT LIMITED TO TAMPERING WITH GRADES OR OBTAINING/DISTRIBUTING ANY ACADEMIC MATTER TO WHICH THE STUDENT SHOULD NOT HAVE ACCESS. ACT OF CHEATING INCLUDES BUT IS NOT LIMITED TO: ALLOWING SOMEONE ELSE TO COPY ONE'S WORK; COPYING OR ATTEMPTING TO COPY FROM A TEST, EXAM, OR ASSIGNMENT OF ANOTHER STUDENT OR SOURCE; HAVING SOMEONE ELSE COMPLETE WORK FOR ANOTHER; USING OR ATTEMPTING TO USE UNAUTHORIZED MATERIALS, INFORMATION, NOTES, STUDY AIDS, ONLINE TRANSLATORS, OR OTHER DEVICES FOR A TEST, EXAMINATION OR ASSIGNMENT. Asbestos F-215-P

The Asbestos Hazard Emergency Response Act of 1986 (referred to as AHERA) was enacted by Congress to determine the extent of, and develop solutions for, any problems schools may have with asbestos.

Asbestos has been used as a building material for many years. It is a naturally occurring mineral that is mined primarily in Canada, South Africa and Russia. Asbestos' properties made it an ideal building material for insulation, sound absorption, decorative plasters, fireproofing and a variety of miscellaneous uses. There have been over 3,000 different products made using asbestos materials. EPA began action to limit uses of asbestos products in 1973, and most uses of asbestos products as building materials were banned in 1978.

On May 11, 2021, KSD had its facilities re-inspected by a certified asbestos inspector (re-inspection by a certified inspector occurs every three years), as required by AHERA. The inspector located, sampled and rated the condition and hazard potential of all material in our facilities suspected of containing asbestos. The inspection and laboratory analysis records were turned over to a certified management plan writer to develop an asbestos management plan.

KSD is implementing the asbestos management plan to ensure that your children and our employees have a healthy, safe environment in which to learn and work.

The Director of Operations will work with an accredited professional to create, maintain and update the district's asbestos management plans to keep them current with ongoing operations and maintenance, periodic surveillance, inspection, reinspection, and response action activities, as required by law. All buildings the district owns, leases or otherwise uses must be inspected for asbestos. The asbestos manager will coordinate an inspection for any building prior to use unless it is an emergency situation. In an emergency, the inspection will occur within 30 days of use. The asbestos manager will coordinate a re-inspection of all friable and non-friable known or assumed ACBM in each school building once every three years. All inspections will be done by an accredited inspector and conducted as required by law.

Grading and Reporting System

KSD elementary schools use standards referenced grading. Students are given a score in reference to their level of mastery on grade level priority standards.

First quarter elementary report cards will be distributed at fall parent teacher conferences. Report cards for quarters 2, 3, 4 will be sent home at the end of the quarter.

The KSD Academic Services page can be referenced for priority stands and other academic information.

Parent-Teacher Communication Chain

As a staff, we recognize the importance of maintaining positive communication between home and school. If the issue or question involves your student and classroom situations such as homework, assignments, actions in the room taken by the teacher, etc. please contact the teacher first. You can do this by email, in writing, or over the phone. Please allow the teacher 48 hours to respond to your message.

If the issue or question involves the functioning of the building, a discipline issue occurring in the office, or if you have already contacted the teacher and feel that you did not get satisfactory results, please contact the principal. This, too, can be done by email, phone or in writing. Please allow the building principal 24 hours to respond to your message.

Parent-Teacher Conferences

Communication between school and home is beneficial for all students. The district schedules conferences at the end of the first quarter. Parents are urged to attend in order to help support student success both academically and socially. Additional conferences can be held throughout the year at the request of the parent or the teacher. Appointments are needed for these conferences and can be scheduled by contacting the teacher or by calling the school office.

School Cancellations and/or Early Dismissal

School will be closed when weather conditions are such that buses are unable to run safely. A broadcast will be made utilizing the SchoolMessenger system to notify students and parents/guardians. Announcements will also be made on the Kearney School District and KSD school websites, on the KSD Facebook page (@KSDBulldogs) and Twitter account (@KearneyMOEdu), and the following local news media outlets: 41 Action News, KMBC, Fox 4 and KCTV-5. Please do not call the administration or radio/TV stations for this information.

At times, school may dismiss early during the day. In the event such a closing should occur, a broadcast will be made via SchoolMessenger and media notified. Information should be given to your child as to what s/he should do if this situation arises. Please keep a watch on the weather, especially in the winter months. If the school needs to send your student to another destination or phone someone to pick her/him, please have this information on file in the office. Time is short in emergency situations and every effort will be made to keep students safe.

Arrival and Dismissal Procedures S-165-S

The building is open to students at 8:25 a.m. Students should not arrive prior to 8:25 a.m. as there will be no supervision. Bus riders are allowed into the building at 8:25 a.m. when breakfast begins. The tardy bell rings at 8:40 a.m. All students should be in class at this time. If you choose to bring your children to school, please observe these hours. Classes do start promptly at 8:45 a.m. We will begin dismissing students at 3:25 p.m.

Students are required to go home immediately after school. They cannot remain outside on school grounds or linger because of traffic safety. Note: All students will be required to go home as usual unless written communication to the office is received from the parent or guardian prior to 2:00 p.m. Please do not send an email to the teachers to notify of a change in transportation. Teachers are not always able to check emails before the end of the day.

Before/After School Care Program

Dogwood Elementary, Hawthorne Elementary, Kearney Elementary and Southview Elementary will house the before and after school programs. Contact the Director of Childcare and Early Learning for more information.

Deliveries

Deliveries for students at school will not be accepted.

Student Belongings

Students are not to bring personal items to school including recess equipment, trading cards, yo-yo's, etc. The District is not responsible for these items if they are broken, lost or stolen. Also refer to F-265-S for prohibited Technology Devices.

Parties/Celebrations

PTO holiday parties are scheduled two times during the school year. Please refer to section on District Guidelines on Food Allergies. Please check the calendar for exact dates of the parties.

If you wish for your child to pass out party invitations at school, every student in the classroom, or in the alternative, every student of the same gender in the classroom, must receive one. If you are inviting only a few friends, the invitations must be delivered outside of the school setting. This avoids hurt feelings and undue emotional stress here at school.

Supply Lists

The supply lists may be found here: <http://www.ksdr1.net/back-to-school/>

Field Trips

Parents may be asked to pay transportation and/or admission fees. Students must ride the bus to the field trip. They will not be allowed to ride back to school or be checked out by anyone other than a parent/guardian.

purpose of the committee is to bring together representatives from the school and community who can help address issues facing the health and well-being of our children and youth. The school wellness committee is also a way to show how the District's wellness policies are implemented at the building level enabling the health priorities and activities put in place to truly reflect the needs and interests of our community. Student Transfers S-120-S

The District will enroll students in the school associated with the attendance area in which the student resides. If a student's residence changes to a different attendance area within the District, the student must transfer to the associated school. The Superintendent or designee may consider exceptions to this policy under the following conditions:

1. The District will not generally grant requests for transfers but the District will make limited exceptions based upon educational needs of the student. Resident parents/guardians may request a transfer to another school within the District by completing the transfer request form available on the website. All transfer requests will consider a school's space and class sizes. The District may rescind a transfer for any reason, including but not limited to, disciplinary issues and absenteeism. Any student who transfers to a school outside the student's attendance area based upon residence will be subject to all eligibility rules of the Missouri State High School Activities Association (MSHSA A). The final decision regarding a student transfer rests with the District administration. The District will not provide transportation outside the student's attendance area unless required by law. The Board authorizes the Superintendent to establish student transfer procedures.
2. The Superintendent or designee may transfer students between schools if a transfer is necessary for the student's safety, health, or welfare, or to address overcrowding in a school. The decision of the Superintendent regarding a student transfer will be final.

3. Students who are homeless or in foster care may attend their school of origin if it is in the student's best interest. The District may assign District students with disabilities (served under the provisions of an Individual Education Plan (IEP) or Section 504 Plan (504)) to a school outside the student's attendance area as determined by the IEP or 504 team. In special circumstances, and at the mutual discretion of the participating school Districts, Districts may contract for necessary services for students with disabilities.
4. The District will consider students placed into programs by the Missouri Department of Mental Health (DMH), the Department of Social Services (DSS), or by a court order a resident of the District in which the program is housed. The District will allow a student to attend another school within the District if that student is enrolled in a persistently dangerous school or becomes a victim of a violent criminal offense on school property as mandated by state regulations.
