THIS YEAR'S ANNUAL TO THE CLASS OF '76
WHICH TYPIFIES THE AMERICAN SPIRIT

. . . and we've got the spirit . . .

***We've got the spirit . . .
the school spirit.***

Under the direction of the spirited Pep Squad and Mascot, students at KHS are overwhelmed with spirit at athletic events.

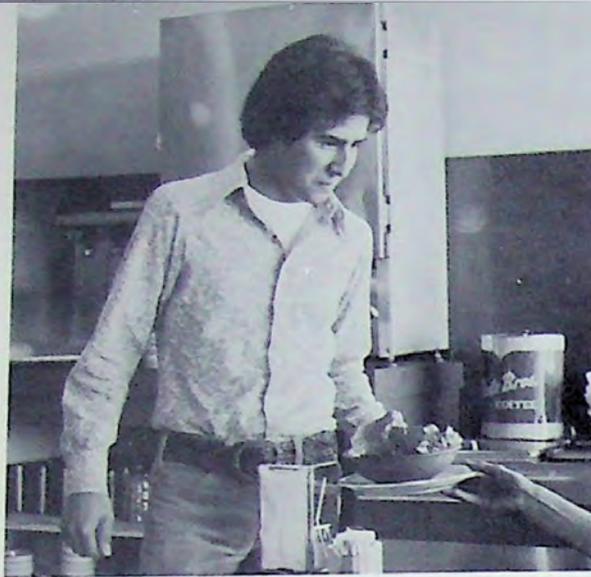

**We've got . . .
spirit to spare!!!**

Our spirit lasts through dress-up days and crazy contests, through winter and spring. We've got spirit!

*We've got the spirit . . .
the spirit of work.*

Many students have part-time jobs as a means of self-support for their extra-curricular activities.

*We've got the spirit . . .
the spirit of play.*

*Everyone manages to find some time for play during the
busy schedule of the day!*

We've got the spirit . . .

the spirit of the community.

Students are an important part of the community and the community supports the students. We will soon be more important as we become old enough to be an influence in it.

We've got the spirit . . .

the spirit of individuality.

Everyone is unique. Individuality shows itself in many ways, it has many faces.

The department of Art provides skill, knowledge and appreciation of the visual through a program of instruction in a wide variety of media. The focus is on individual growth. Both the basic techniques and creativity are emphasized with the hope that each student will develop a respect for both expression and craftsmanship. The specific areas of study include basic art, drawing and painting, ceramics, leather, jewelry, fibers and textiles, advertising, design and independent study for the student with special talent and interest.

Art Services is a special class organized to serve the school and the community as a visual arts resource. Projects are undertaken for various organizations which double as learning experiences as well as providing "professional" quality work as a public service.

This year the students have been involved in preparing the artwork and advertisements for the yearbook, the ad layouts and cartoons for the Viking Voice, and posters for numerous events.

As a community service they helped with the decorations for the Lions International Dinner, publicity for the Kiwanis Bicentennial Concert and the Promotion of Channel 18, KMTF, the new educational T.V. station.

They were rewarded by the Title Insurance and Trust Company for winning their Christmas window painting contest in Fresno.

Will it ever start?

Industrial Arts education is an integral part of any public schools program. With the growing demand for modern industry found in every phrase of daily living, it is essential that industrial arts experiences be regarded as basic and fundamental for all youth.

Business offers career openings

The Business Education Department at Kingsburg Joint Union High School provides students with the opportunity to develop office skills for their own personal use and for possible application in an office job situation. The areas covered are typing, shorthand, accounting, and machines/office training. Banking and finance is available as a Valley Regional Occupational Program course on the Kingsburg campus and in the banks themselves.

The goal of the basic math/science program is for each student to develop mathematical competence and scientific literacy. The college preparatory program allows students to expand their understanding of the relationships that influence and order their environment. A foundation is established on which future studies in mathematics and science can be successfully pursued leading to career choices. The programmable calculator and computer access are important parts of our program because of the current and potential roles that computers play in society.

The number one priority of the English teachers at KHS is to help the students improve their use of the English language in reading, in writing, and in speaking. Almost all of the many English classes at KHS devote most of their time and effort to these three main areas of our language. Classes may differ in emphasis, technique, degree of difficulty, etc., but their goal remains the improvement of the student's ability to communicate.

The English teachers offer classes which are related to the use of our language. Drama, Journalism, and yearbook offer specialized study and activities which also serve to entertain and inform the school and the community.

Social studies prepare youth.

Social Science, World History, Driver Training, U.S. History, and Civics are classes which teach students the importance of knowing the past in order to deal with the future.

Faculty members of the social studies department are Sam Crandell, Elmo Hays, Bev Keith, Bill Wilson, George McKean and chairman John Seaman.

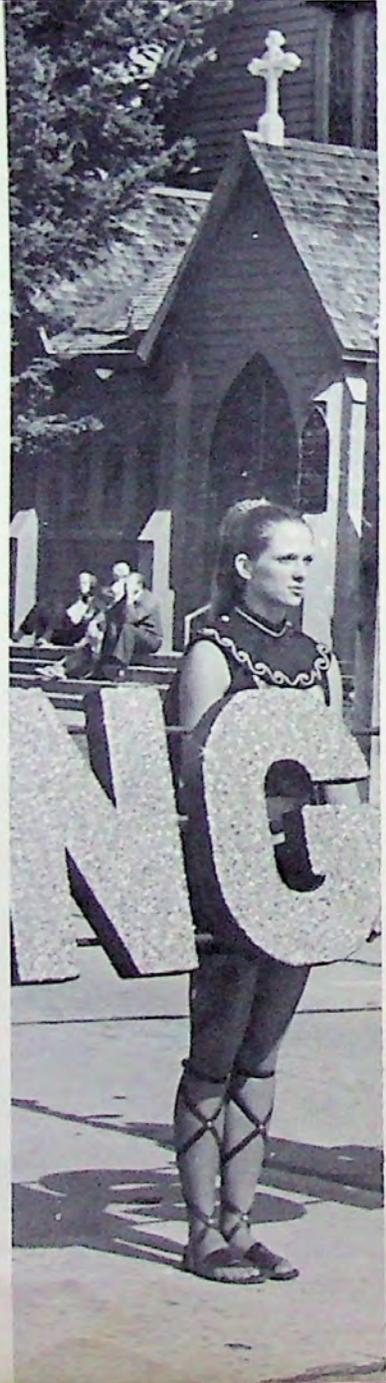

Social studies is the only department of campus which requires that a student take four full years of classes.

Spirit of the "76's"

The 1976 Yearbook Staff got off to somewhat of a slow start, but with hard work and determination things got rolling. With only three experienced people the staff struggled through training and learning, by doing. Spending many late night hours working to meet our deadlines, the pages began to form a book.

Under the guidance of our fearless leader Kevin Olson, we completed what we feel is a very fine book. We hope you feel the same.

Viking Voice

The *Viking Voice*, Kingsburg High's campus newspaper was under the direction of a new advisor this year, Mr. Kevin Olson. With the advice of Mr. Olson, the journalism students completed a successful year by putting out an informative and interesting paper.

Under the leadership of Editor in chief Sheri Stewart, the *Viking Voice* staff kept its readers enlightened with articles ranging from hard news to imaginative columns.

Job training offered

The purpose of the Valley Regional Occupational Program, otherwise known as V.R.O.P., is to let students explore different occupations while still attending school.

Students from Reedley, Sanger, Selma, Parlier, and Kingsburg attend classes at schools

other than their own. The school they attend depends on the class taken.

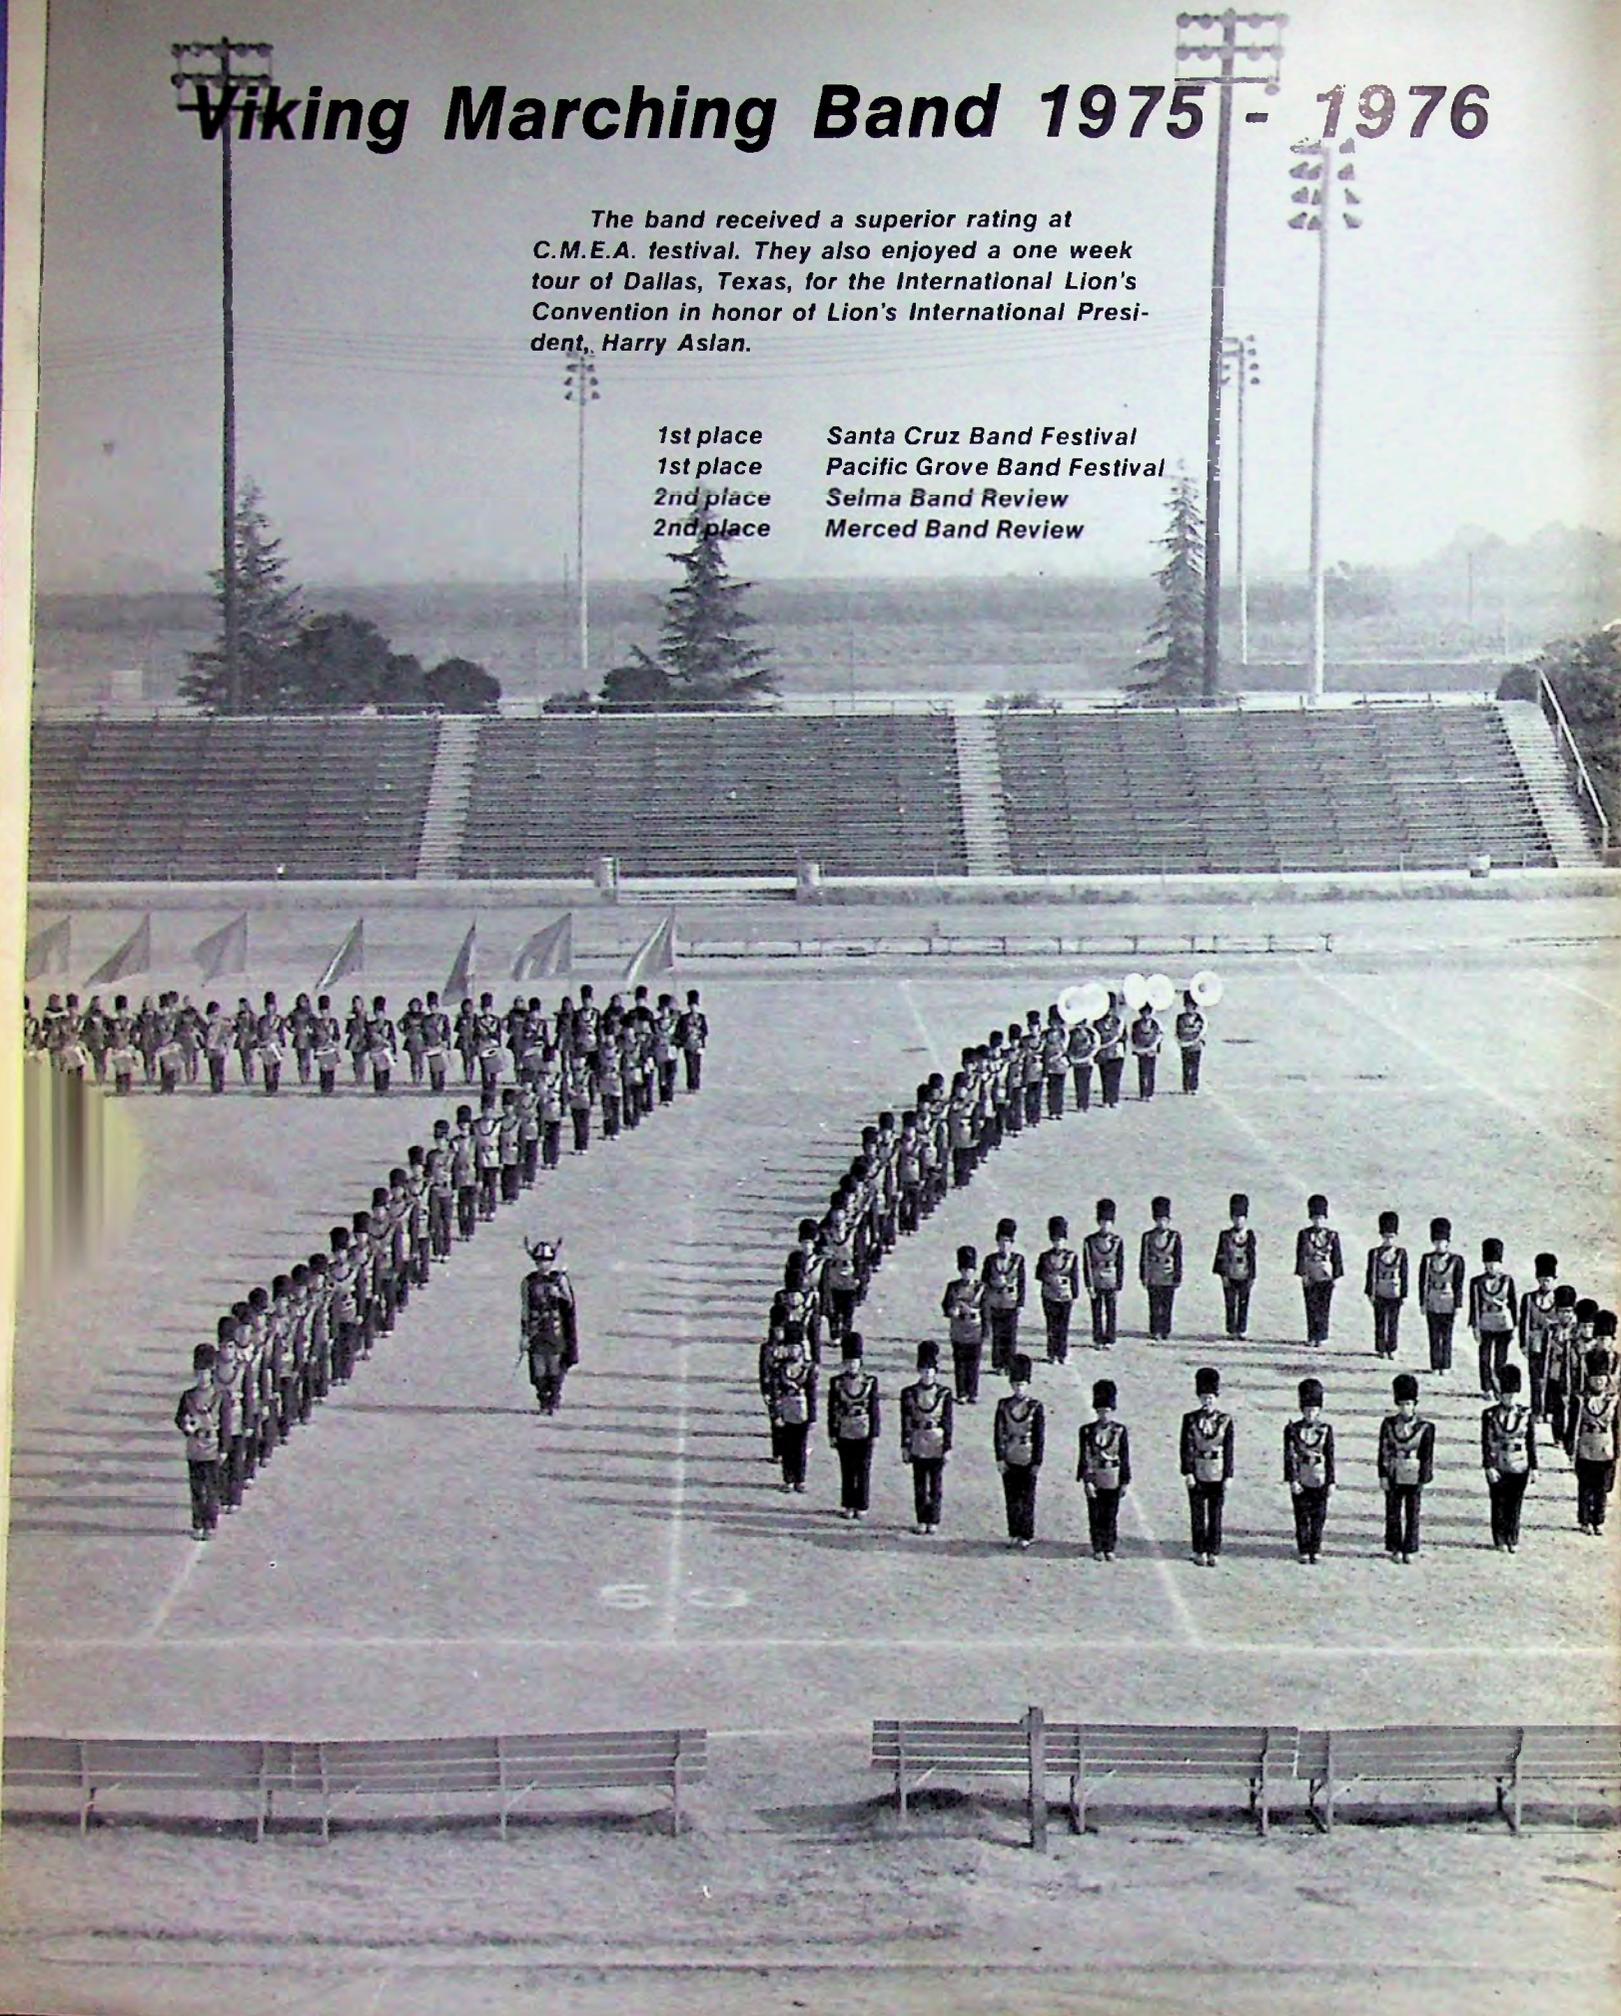

Any junior or senior interested in a V.R.O.P. class may sign up, however, the class is particularly designed for those students who plan to get a job immediately following graduation.

Viking Marching Band 1975 - 1976

The band received a superior rating at C.M.E.A. festival. They also enjoyed a one week tour of Dallas, Texas, for the International Lion's Convention in honor of Lion's International President, Harry Aslan.

Pep Squad

Pep Squad: Spirit on the move

Pep Squad: two words that stand for excitement, hard work, and great memories, but mostly for good old fashioned school SPIRIT. This year proved that when the KHS spirit machine really gets rolling, nothing can stop it.

As the wheels of the machine, the Pep Squad did their best to brighten everyone's Fridays with original rallies, goodies for the teams, and that special sparkle and pizzazz reserved for the big Friday night game.

A lot of behind-the-scenes planning and lots of hard practice goes into the spirit machine at KHS. It starts before the old squad has finished their year and ends with the introduction of the new peppies in the spring.

Homecoming Week Spirit is sky high!

Homecoming week again proved to be full of spirit as the Seniors ran away with the lunchtime festivities, overwhelming the Juniors by eight points.

During the week of November 17-21 different dress-up days were held. Besides a 50's dress-up day on Friday, crazy socks, crazy hats and crazy glasses days were held. Other activities which took place throughout the course of the week were the pie-throwing and egg-throwing contests. In the pie-eating contest Sophomore Rick Rocker and Junior Olivia Ledesma won for the boys and girls respectively.

The FBLA Club sold tootsie pops once again this year to determine which Senior letterman would be chosen as King.

To complete the week, last year's queen Diane Avila crowned senior Brenda West as Homecoming Queen; the Varsity football team defeated the Lindsay Cardinals 41-6; and Greg Farley was crowned by FBLA President Kathy Miralez as Homecoming King at the FBLA sponsored dance featuring "Solid Gold."

Lights — Camera — Action

In November, a comedy "Lock, Stock, and Lipstick" was produced. The play took place at a high school in the late 50's, complete with our own "Fonz". Paul Shaghoian. Music from the 50's and dancing added to the nostalgic mood of the play.

In December, three one-act plays: "The Mouse Who Didn't Believe in Santa", "We Interrupt this Program", and "Christmas Carol", were produced for Kingsburg's young-at-heart. John Engvall was our Santa Claus. His "Ho-Ho-Ho" helped bring in the holiday season.

In March, a comedy "Rest Assured" was produced. The hilarious play involved love, money, ghosts, and even the devil. Devilish Keith Hubble finally convinced money-hungry David Tension to repent and allow love to conquer all.

In May, our bicentennial effort was a bit of Americana in "Huckleberry Finn." Joel Kenney played Huck Finn and Brad Erickson was Tom Sawyer. No one will ever forget the charming story, especially KHS' version.

The candid photos on this page are of the cast from "Lock, Stock, and Lipstick" taken during one of their many rehearsals.

Austauschschueler Exchange Student

Paul speaks out

Kingsburg High School once again experienced an exchange student during the year, his name being Paul Flamig. Paul is from Stuttgart, Germany, a city of about 600,000 people. Here are a few of his observations.

"I stayed with the Mr. and Mrs. Jim Snyder family which contains two boys and two girls. The oldest daughter Audrey, was this year's exchange student in Denmark, allowing me to attend Kingsburg High School this year.

"KHS life was completely new to me. In Germany I used to go to school from 7:45 in the morning till 1:00 in the afternoon, except one time a week when we had a couple periods in the afternoon. And that was it, whereas here, there are after school sport activities and a number of clubs. I went out for swimming here and I enjoyed several clubs also, such as CSF and Key Club. So I had no problems with my free time in Kingsburg.

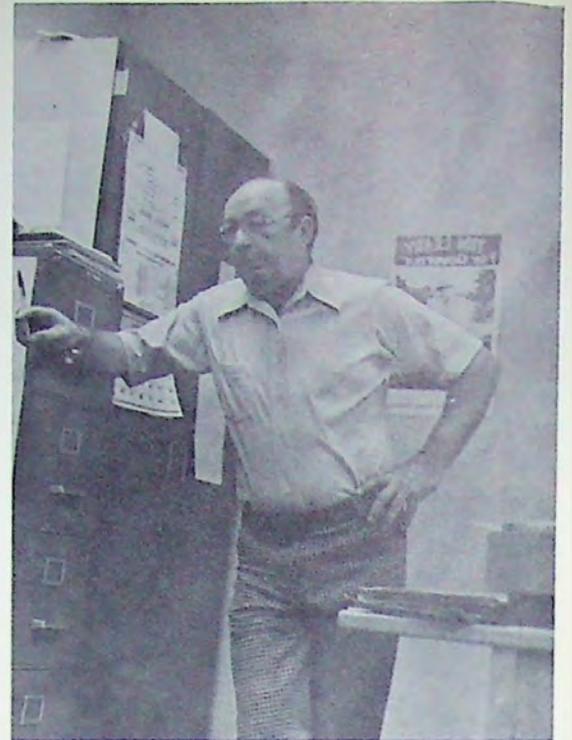

"In July I shall go back to Germany to attend school for two more years, until graduation for me. It won't be easy since I am now so accustomed to the American way of life, and since I got to know and admire so many people."

Left — Trees and benches for our new campus were obtained through the Beautification Project.

This year student council accomplished many projects. We had a very successful Homecoming Week. We sponsored a clothes and canned food drive to help many families in need. Under our Beautification Project we were able to purchase new trees and benches for our campus. Traditionally we sponsor a Free Pepsi Day which we did again this year. We also sponsored Sadie Hawkins Week. Working with the administration we were able to plan a parking program that would satisfy both the student and the community.

The 1975-76 Student Council owes its success to its dedicated members and also to the student body for its participation. Without the support of the students we couldn't have had a most successful year.

Sincerely
Greg Farley

Mexican Culture Club

The Mexican Culture Club was under the new supervision of Mr. Javier Garcia. This year's main goal was to raise \$500 to \$600 for scholarships. The club had its annual Christmas dinner in honor of the club members' parents. There was a Cinco de Mayo celebration with food being sold and entertainment provided. The club was very active in the concession stands during football, basketball, and baseball games, which provided the money needed for scholarships and activities. A end of the year trip was enjoyed by all members.

In 1951, a group of educators considered and then dropped the idea of a ban on high school clubs in twenty states. Why did they drop this consideration? Because, since 1925, a high school club called the "Key Club" had been building, serving, and caring so as to make high school clubs worthwhile.

Key Club is an international service organization for high school students sponsored by Kiwanis International. Its motto is "We Build". Since 1925, it has grown to well over 80,000 in membership.

Last year, the first for the KHS Key Club of only sixteen members, it put forth 5,000 man hours of fund-raising and service. This year, the club has grown and intends to better its record of caring.

Caring seems to get lost in today's rush to get what we can for ourselves at the cost of others. To the Key Club, caring is more than talk. It's action, service and dedication.

Thespians share drama with KHS

One of the newest clubs on campus is the Thespians Club. The International Thespians Society granted KHS a charter membership this year. Thespians is an honorary society for drama students. There are Thespian charters in countries throughout the world. Membership in this club is earned by participation in theater arts activities.

The local chapter of Thespians was organized to enhance interest in the theater arts, and to focus attention on dramatic achievements. The Thespians work for the advancement and improvement of local theater work. Any Thespian project would be for the benefit of our Little Theater, or for possible scholarships.

The Future Farmers of America is an organization in which both boys and girls learn more about agriculture, mechanics, horticulture, and ornamental horticulture.

They have many activities going on throughout the year in which members have a great time. The members, both girls and boys have entered animals, mechanical objects, and ornamental horticulture projects in various fairs and exhibits. They have returned with many ribbons and lots of prize money. They've entered parades, and sponsored the FFA Sweetheart Dance.

The advisors for this year have been Mr. Cekola, Mr. Lane, and Mr. Sergent.

The California Scholastic Federation, whose purpose is to stimulate interest and foster pride in high standards of students scholarship, has completed a successfully active year under the leadership of president Mark Cowin. The club planned and participated in many different activities, some with CSF organizations from other towns, along with the traditional popcorn concessions at football and basketball games to raise money for scholarships.

The students of CSF were also successful in two other projects. First, a concert was given by the Fresno Philharmonic Orchestra, providing the Kingsburg community a cultural event keeping with the Bicentennial events of this year. Second, the planning and participation in the annual spring trip for the purposes of visiting university campuses and for exposure to cultural and intellectual activities outside of the local area.

The Future Homemakers of America members started the school year off with a Halloween party and went on to sponsor two dances. The club also was busy with money making activities such as selling hot chocolate at the football games and a car wash held in September. The club will also be attending the state meeting in San Jose this spring.

With the help of our advisor, Mrs. Hamilton, the club was able to carry out many activities.

"It was a most gratifying season by the winning of a championship and being in the valley playoffs for the first time in eight years." These are the words of Central Sequoia League "Coach of the Year" George McKean, who turned the Vikings around from a fourth place finish last year to co-champs in 1976.

The Vikes, who were 7-3 in league, held a dominant advantage on the backboard with five people collecting 100 or more rebounds over the season.

Another impressive figure was the balanced scoring by the varsity by having five players around or over the 200-point mark.

There was plenty of fluctuation in the lineup this year, varying among eight players depending on who was effective in practice. A strong point on the team was the bench strength. Coach McKean declared, "seemed like whenever we needed help, or someone got in foul trouble, Jeff Bortolussi, Clark Stevens, or John Engvall would come off the bench and turn us around with that little extra spark."

Award winners for the varsity were seniors John Engvall and Mark Koch as co-mvp's; John Engvall, leading rebounder; Mark Koch, leading free throw percentage shooter; Mike Hanson, best defensive player; Manuel Lujan, most improved; and Clark Stevens, coach's award.

In closing, coach McKean stated, "It was a real sense of accomplishment to have these kids as freshmen four years ago, and to now have them as seniors and win the championship."

Freshmen 10-0 in league action

Combining as outstanding defense with an explosive offense the freshmen basketball team ended with a fine 13-4 record and the Central Sequoia League championship.

The frosh team, coached by Kevin Olson were undefeated league champs, and outscored their opponents 566 to 435.

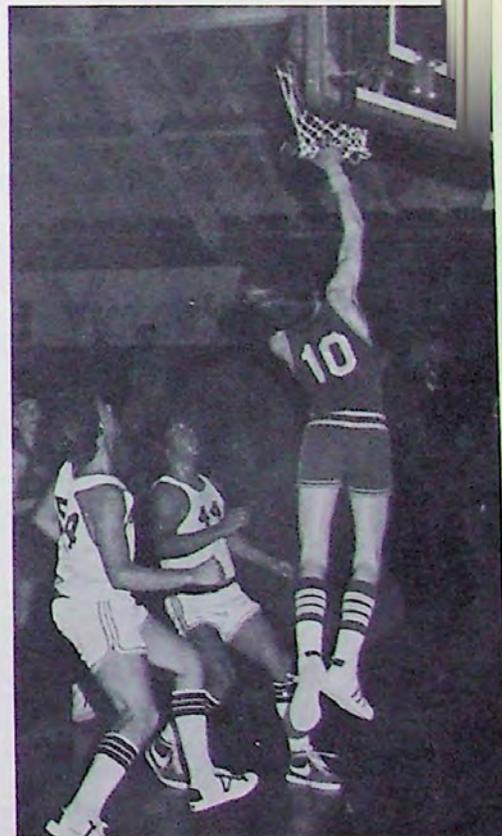

After starting the season slowly (1-4 through 5 games), they came together as a team to defeat Caruthers 33-25. From there they went on to win every league encounter and a practice game from Sierra.

The team's zone defense was very effective in forcing opposing team's to shoot outside. When it became necessary, the team used other defensive alignments in addition to a full court zone press.

On offense, balance was the key. Many different players led the team in scoring on a game basis. The Little Vikes outplayed their opponents in every of five statistical category.

Golfers putt along to victory

The KHS golf team swings into the 1976 season with an unexperienced, but promising young group of golfers.

The team consists of one senior, one junior, six sophomores, and two freshmen. Positions for the six varsity spots were still undecided in the first few practice matches, but Coach Hal Jenkins felt placement on the ladder would be settled by the start of league.

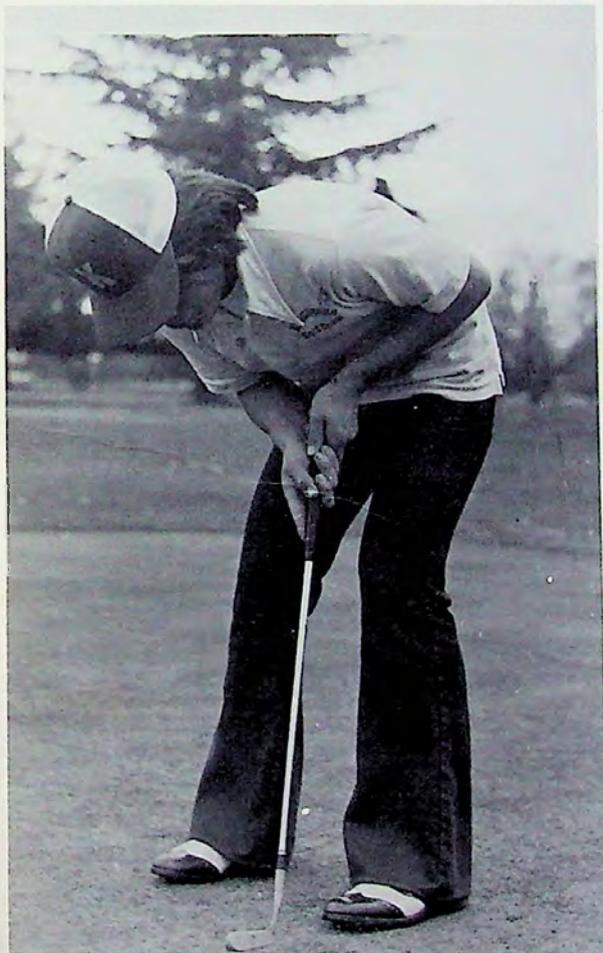

Many long hours were spent practicing on the Kings River Golf Course with high hopes of capturing the Central Sequoia League Championship from Exeter, defending champs for three years running.

This year's varsity baseball team was made up of a fine group of athletes with great quickness on the bases and a tight defense. Good bats were the key in the success of the Viking season. A fine pitching staff was made up of Seniors Dennis Cortez, Randy Anderson, Nick Soares, and Juniors Mike Hanson and Jim Oliver. Catching duties were handled by cousins Gus and Eddie Hurtado.

In the infield, the Vikings had a great double play combo of shortstop Mark Koch and second baseman Mike Caudillo. Mike Hanson handled the hot corner while Randy Soares played first.

In the outfield Kevin Nash played in left while speedster Matt Allison was in center and left handed hitting Nick Soares was in right.

Track and Field enjoys fine year

Track coach John Seaman had double duty this year with the addition of a girl's team to his program. Twenty five girls put on their spikes for the first time in KHS history. The girls ventured into new territory to accomplish a new goal, to show that they to have ability to participate in track. Kingsburg's track team was much like last year's champs, in that they were blessed with an overabundance of strong athletes. Some of the top competitors this year were a pair of Sophomores Tim Bennett and Junior Southard, and a Senior Larry Johnson.

Pat Rocha has been coaching the Girls Volleyball Team for four years. This year was the only year she had an assistant, Mary Koch. Kingsburg has been in the Central Sequoia League for three years.

The girls did very well this year. The Varsity worked hard and won nine and shileing losing only twice. The J.V.'s also won nine and lost two but that was good enough for the league title. The C team, in its initial year, did quite well-winning eight and losing three.

Taking it easy

The total school program involves the contributions and talents of many people. Those individuals who share the greatest portion of your school day with you are the members of the KHS staff.

During your time at KHS, some of these people will also relate to you in your times of joy and sadness. The rewards of the profession are seldom measured in terms of formal classroom experiences. The process of helping and watching students succeed in their life experiences comes as a much greater reward.

This past school year has been one of opportunity—the opportunity to work together in a new school facility along with a new administration, and the opportunity for new beginnings. Hopefully, this has been a great year for you.

Class of '76 gets it

Jeff Bortolussi leads seniors

Seniors, remember when we were 200 scared little freshmen plodding around in the mud to classes in the Fieldhouse, Observatory, or catching a bus to the church? Yes, those were hard times but nothing could get our spirits down. After the first few pep rallies one of the coaches remarked, "we haven't seen a class so spirited in a long time."

Do you remember your year as a Sophomore? Spirit was at an all time high as we started off by winning the "Spirit Man."

Our junior year! Who could forget that year. We sponsored a beautiful prom at the Ramada Inn. We also declared our own unauthorized "Junior Ditch Day" at Riverland.

Now as Seniors we leave our new and beautiful KHS as we advance into this Bicentennial year.

"The spirit of '76 abides within the class of '76."

Top row- Cindy Dias- Yell Leader, Steve Ellberg- Vice President, LeeAnn Gustafson- Yell Leader, Susie Lindquist- Yell Leader. Bottom row- Pam Lear- Representative, Kelly Winters- Secretary, Mark Cowin- Representative, Valerie Nagata- Representative, Marcia Elrod- Treasurer, Jeff Bortolussi- President.

The Junior class experienced a super year of being upperclassmen under the terrific leadership of President Jim Delgado.

Fund raising projects of the year were the Pepsi booth and the concession trailer.

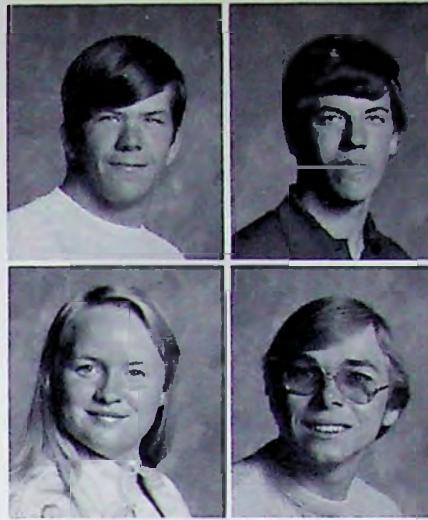

The class of '77 sponsored the Junior-Senior Prom. By selling hats and raffling-off the homecoming game ball, they raised money for this event.

Daryl Bare made it into the KHS history book by being the second junior ever to hold a student body office. His office was Commissioner of Publicity.

The Class of '78 is Great!!!!

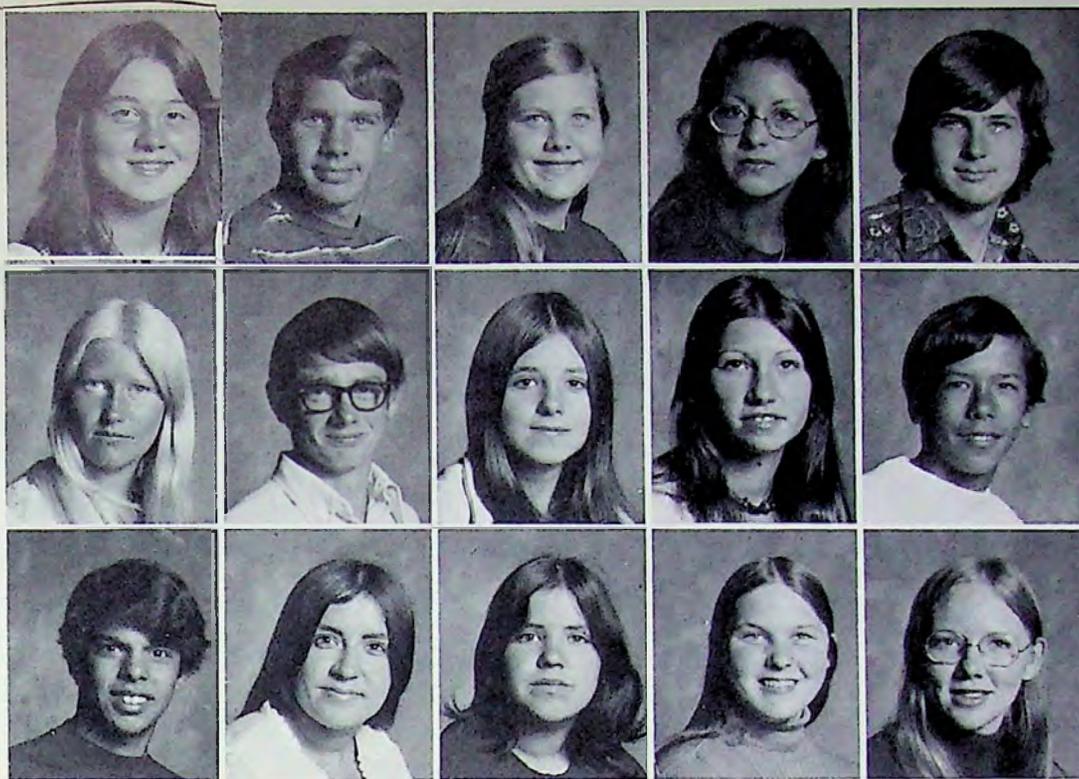

Officers: Front Row, left to right; Randy Heredia, vice president; John Flebut, sgt. at arms; Rod Rodgers, representative; Back Row: Sheila Wilson, treasurer; Shawna Nash, representative; Susie DeLong, secretary; Rachel Cervantez, yell leader; Kelley Fry, representative; Pam Thiessen, president; Kathy Chamberlain, yell leader.

The spirit of '78 is alive, that's for sure. With their great artwork, and big mouths, the sophomores rarely left a pep rally without winning poster or yelling competition or both.

In homecoming activities, the sophomores came in third with 22 points. Kathy Chamberlain was the sophomore homecoming attendant.

Under the watchful eyes of their advisors, Mr. Morinaga and Mr. Crandell, the sophomores had a pretty exciting year. The sophomores look forward to life as upperclassmen.

The freshman year started off well for the class of '79. The first few days of school were very confusing for the freshmen, but as the weeks went by things started to fall into place.

One of the best events was homecoming week. Sheri Fletcher was chosen homecoming attendant. The freshmen did well during homecoming week, winning a few of the events. The artistic freshmen showed their ability by winning poster competition at some of the pep rallies.

SENIORS*

Congratulations on reaching one of life's important milestones. No matter which of life's paths you've chosen to trod, the Air National Guard can help make your trek a little easier. If you plan on going to college, the Air Guard can help by paying you \$53.68 for only two days of your time each month. If you already have a job, the Air Guard will give you a chance to choose from over 40 career fields and to earn while you learn a new skill. If you are still undecided on a career and need more time to think things over, the Air Guard can help by sending you to Basic Training and paying you \$402.60 monthly while you finalize your plans.

If you can use the extra money and training, or if you simply possess good old-fashioned patriotism and wish to be a member of a proud, mission-oriented organization such as ours, we are interested in you. For more information on how you can join our ground crew, call: CMST George Matusic or MSGT Ron East at 252-4041 or visit the Fresno Air National Guard Base at 5425 E. McKinley Ave. The Air Guard belongs. Maybe you belong in the Air Guard.

*High school seniors can join the Air Guard, receive pay, and attend Basic Training after graduation.

Watermelon Queen 1975-76

Doreen Caetano was crowned Watermelon queen of 1975 - 1976. During the year she reigns over the Watermelon Festival, hands out awards at the Lion's Club Basketball tournament, and various other activities.

***In memory
of Donna Kimura***

*Sometimes it's hard to understand
Why some must go so young,
Before they've time to dream their dreams,
Before their songs are sung.
Could there be greater work for them,
Or possibly release
From some place where they cannot find
An answer to their peace?
It must be that our lives are planned,
"We have a time to go."
May faith help us to understand
What we can't see or know.*

Advisor's comments

This picture says it all. After all of the pushing and pulling, the hard work finally paid off. The book is complete and we are proud of the effort.

There are many people that deserve mention for their contributions to the book.

The staff of the book has, of course, done a tremendous job. Although inconsistent, the staff was diligent when the pressure was on.

Mrs. Johnson's Art Services class provided their expertise on certain pages which helped a great deal.

Mr. Don Kille, the Walsworth representative, took care of our relationship with the publishing company. We appreciate his efforts.

We would also like to thank the administration, faculty and student body for their support and cooperation.

Money is important. Those who bought books and those in the community who paid for ad space deserve our thanks because they made the whole endeavor possible.

It has been a good year.

*Thank you all,
Kevin Olson
