"There is so much wisdom in these kids, you just have to pull it out of them and let them see it . . . sometimes the revelation is actually frightening to the student. Sometimes they get scared and then they don't want to accept it."

-Kingsburg Recorder

Communtiy Assistance Program

In December, Cindy Rocker, who founded CAP, came to Oasis to request help from our students. CAP has raised over \$5,000 from the community which has enabled them to assist more than 50 families during the Christmas seasons. Oasis students sponsored two families this year.

In December of '78, Annette Fedan of the Kingsburg Recorder came to visit Oasis High School. As a result of that visit, the people of the community became acquainted with the philosophy and workings of our school. The feature article served to change the attitudes of many. The students, therefore, have benefitted and we thank you, Annette.

December 19, we had a Christmas potluck party. Mr. Silva, Mr. Carlson, Mr. Stalker, Mr. Hamada, and Annette Fedan were among the guests invited to the party. Mona Martinez and Freddie Heredia won the lifesaver toothpickgame. We had lots of food and Mr. Neal barbequed hamburgers. Olga, Jesse, Pam, Ralph and Julia finished up the day in a balloon. Then we all went home to enjoy two weeks of vacation.
