

Vocab Binder Instructions

Each vocabulary term is graded on the following three main items:

- Each word is defined.
- At least one example from QUALITY work. The example must include the MLA citation for the piece.
- Below the example, provide as evidence how the definition functions in the quality piece. Explain how the support exemplifies the definition given.

In addition, the words are to be compiled in a binder (some of you may have started on in 11th honors) which has alphabetized tabs for easy resource usage.

****The font is to be 12 pt Times New Roman or 11 pt Arial.**

All pages must be in the same font from beginning to end. Choose one font and stick with it!**

The binder must also include a table of contents for each word inside and be identified with the owners name on the front and on the spine. **For extra credit, please include an index of all works cited and authors used at the end of your binder including page number.**
