This clinic will provide a great opportunity for each attendee to experience the Kavemen Way, as they go through a typical KHS Baseball hitting practice and more. We will not only cover how we teach hitting, we will cover the drills we go through, how to analyze the swing through video analysis, the mental game and more.

Each camper will have the opportunity to learn from our experienced coaching staff with the goal of truly helping each player improve their overall skill set, instead of just showcasing what skills they already possess. While it is a great way for each camper to show what they can do at the plate, we are more focused on them being able to take some hitting fundamentals home that will raise their game to the next level.
