Senate Bill 175, passed by the 81<sup>st</sup> Texas Legislature, allows The University of Texas at Austin to limit automatic admission to 75 percent of the university's enrollment capacity designated for first-time resident undergraduate students.

The University has determined that it will automatically admit all eligible summer/fall 2023 and spring 2024 freshman applicants who rank within the **top 6%** of their high school graduating classes, with remaining spaces to be filled through holistic review. A letter from University President Jay C. Hartzell is attached to this correspondence.

This information should be shared with all high school junior-level students and their parents. If you have questions regarding this policy, please contact Miguel Wasielewski, Executive Director of Admissions at The University of Texas at Austin at (512) 475-6210.
