

The logo for Lamar CISD features the word "LAMAR" in a bold, white, sans-serif font. The letter "A" is stylized with a fan-like pattern of lines radiating from its center. To the right of "LAMAR" is the word "CISD" in a smaller, white, sans-serif font. The background of the slide is a collage of images: on the left, a group of children in blue t-shirts with "MUSIC" and "AMERICA" printed on them; on the right, a group of children in blue t-shirts with "MUSIC" and "INDIA" printed on them, some pointing and clapping. The background also includes orange and black balloons and a purple and blue map of the world.

# Key Takeaways

### Total Enrollment

- Lamar CISD added more than 1,900 students this fall, significantly lower than the previous two years totals
- Groundwork is currently underway on roughly 3,440 lots across the district
- The district is forecasted to add 3,700 – 4,200 new homes annually for the next 2-3 years
- The district is forecast to enroll more than 55,100 students in 2028/29, and more than 65,700 students in 2033/34

# Secondary Schools - Rezoning

## New Campuses

# High School Rezoning Option A

**Board Approved – December 11, 2023**

## **District Re-Alignment**

- Rezoning by neighborhoods, which is our traditional approach
- We will continue to have elementary schools that split color tracks
- Elementary school does not determine secondary zoning

- May 21, 2024 Board – Action Item to determine Attendance Zones for Secondary Complex 7

# Objectives/Criteria

- To develop a fair and objective rezoning process.
- To always keep in mind doing what is in the best interest of students.
- To draw attendance zones in a way that supports an efficient/effective use of school facilities.
- To align the number of students (enrollment) with campus capacity.
- To reduce overcrowding of campuses.
- To plan for future growth.
- To keep neighborhoods and feeder schools together, as much as possible.
- To minimize rezoning neighborhoods that have been affected in previous rezonings.
- To draw secondary zones that reflect the district's diversity, as much as possible.
- To consider elementary students' proximity to a campus, being mindful of traffic patterns that allow for the safest routes available.
- To communicate zoning information effectively to all students and families who may be impacted.

# Developing Additional Options

# Developing Additional Options – Start Here

Take a vote to determine if the committee wants to create an additional option.

If the majority is in favor, the committee will create an additional map option.

After the committee's map is complete, we will vote to determine if the committee wants to include the new map (Option 4) in the ranking process.

# Developing Additional Options

If the newly created map option fails to receive a majority vote, then the committee will discuss to see if refinements can be made.

The committee will refine the map option and revote to determine if the new map will be included in the ranking process

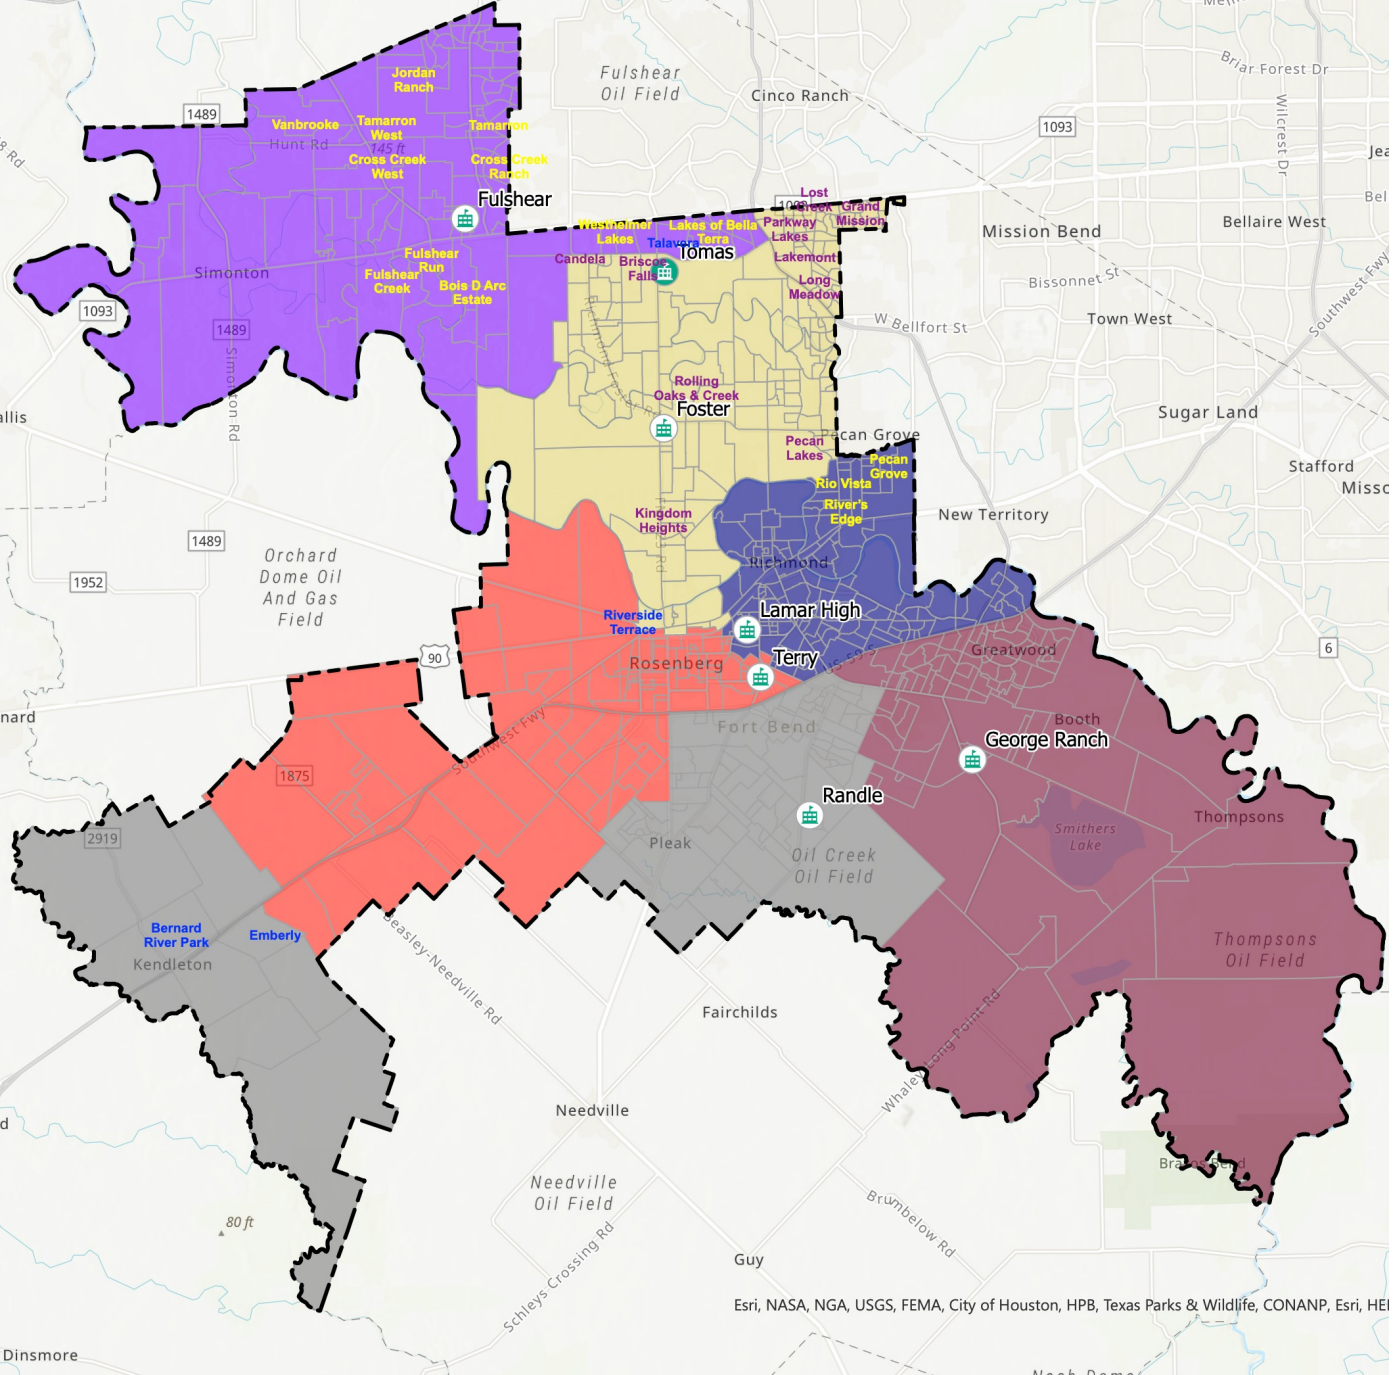

If the committee cannot develop a map option that receives a majority vote, then the committee will not submit an additional map option for ranking.
