

# Screen Time Matters

Welcome to our second topic of the  
Mental Health Matters Series:

## **Screen Time**

# Screen Time Matters

- Have frequent conversations with your child/teen about screen time and social media
- Model healthy screen time/social media use by limiting your own device usage
- Create spaces/times in your home that are device-free (dinner, bedrooms, etc.)

# Screen Time Matters

- Monitor your child's social media use
- If concerns come up, use them as an opportunity to have an open conversation
- Limit screen time before bed and avoid having devices in bedrooms
- Consider WHAT your child is doing and WHEN your child is doing it on their device - this often has a bigger impact than overall time on a screen

# Screen Time Matters

**Balance and supervision are key**
