July 18, 2024

Dear Summit Families,

Welcome to Summit Environmental School! We are delighted to have your child be part of our vibrant school community. As a school dedicated to environmental education and sustainability, we aim to nurture young minds to become responsible stewards of our planet.

Our curriculum integrates core academic subjects with hands-on environmental learning experiences. Students will engage in outdoor activities, gardening, recycling projects, and eco-friendly practices that foster a deep connection to nature and an understanding of environmental issues.

We believe that a strong partnership between home and school is essential for student success. We encourage you to participate in our various school events, volunteer opportunities, and in our PTO. Your involvement is invaluable in creating a supportive and enriching environment for our students.

Please mark your calendar for our upcoming Open House Day on Wednesday, August 28 from 5 - 6:30; on the same day, we will have the student's picture day from 4 - 7 pm in the school gym. During the open house, you will have the opportunity to meet our dedicated staff, tour our facilities, and learn more about our unique programs. Additionally, you will receive important information regarding school policies, schedules, and special events.

We look forward to an exciting and productive school year filled with exploration, growth, and a shared commitment. If you have any questions or need further assistance, please do not hesitate to contact our office at Nikki Walker [nwalker@lacrossesd.org](mailto:nwalker@lacrossesd.org) or Allison Godfrey [agodfrey@lacrossesd.org](mailto:agodfrey@lacrossesd.org).

Thank you for entrusting us with your child's education. Together, we can make a difference and inspire the next generation of environmental leaders.

Warm regards,

A handwritten signature in black ink, appearing to read "O. Uribe".

Oscar Uribe
